NO. 22—SEVENTY-THIRD YEAR | VICTORIA, BRITISH COLUMBIA, TUESDAY, JANUARY 6, 1931 | TWENTY PAGES

TWO CAPTURED SINGLEHANDED BY CONSTABLE

Police Officer Claude Belcher Makes Arrests Following Auto Chase

DECISION TO BE GIVEN TOMORROW

John McKinnon and John Woods Face Serious Charge in Police Court

John McKinnon and John Woods, who appeared before Magistrate George Jay, in the city police court, yesterday morning, charged jointly with shooting at Joyce Allen with intent to do grievous bodily harm, were remanded, at the conclusion of the taking of all evidence, until tomorrow.

The arrest and subsequent filing of the charge climaxed a police chase through the city streets, and the final apprehension of the two accused by Constable Claude Belcher.

Witnesses related how an argument between the two men and the manageress of the Station Hotel, Cormorant Street, was followed by the discharge fo a shotgun through one of the windows of the hotel, and the subsequent pursuit.

Called as the first prosecution witness, Constable Claude Belcher presented the details of the chase and told the court how he arrested the two accused and took them into custody. The two men elected trial summarily and pleaded not guilty to the charge.

ON PATROL DUTY

Constable Belcher told of being on patrol duty at the corner of Cormorant and Store Streets at 4.10 o'clock Sunday morning, when he saw two men leave the Station Hotel. They got into a waiting automobile, from which he saw something black sticking out of the window. As he stepped into a doorway the black object was drawn back into the automobile, which was then backed up about ten feet. At this point the black object again came into sight out of the car window. Suddenly a gun was discharged towards the hotel and a window shattered.

RIOTS FEARED AMONG 140,000 WELSH MINERS

Hopes for Peace in Industry Slim Unless Compromise Reached Today

3,500 WEAVERS GO ON STRIKE IN OLD LAND

LONDON, Jan. 5 (AP).—Soapbox orators were talking Communism in the South Wales coal fields today and it became obvious there was a grave danger of disorder among the 140,000 miners, idle since New Year's Day because of wage disputes with the mine owners.

Their spokesmen conferred here today with Emmanuel Shinwell, the Minister of Mines, and William Graham, president of the Board of Trade, who later talked things over with Prime Minister Ramsay MacDonald and issued an invitation to the owners to come here for a meeting tomorrow.

The owners accepted and both sides agree that unless some compromise comes out of this meeting hopes for peace in the industry are slim, indeed. No official statement came out of today's conference, but it was generally believed the miners had reiterated their suggestion that the Government take over the pits and run them temporarily as it did in the war days.

AT BREAKING POINT

Up in Burnley, centre of the textile industry, another industrial crisis reached the breaking point today and 3,500 weavers walked out of nine cotton mills as a protest against the owners' demands that each weaver double the number of looms in his charge. This situation was not so black as it might be, however, for it was understood workmen and employees would meet at Manchester tomorrow with the view to negotiating a settlement.

EARTHQUAKE FELT AT MELFI, ITALY

MELFI, Italy, Jan. 5 (AP).—A strong earthquake of about five seconds' duration was felt here at 4:25 o'clock this morning. No deaths were reported.

Several walls fell at the nearby town of Barile, where one house was wrecked and several others severely damaged. The Government civil engineers were rushed to Barile immediately.

Melfi, one of the centres which suffered the most during the earthquake of July 23, was just beginning to recover and to rebuild.

Solo Flyer Is Delayed By Weather

WARSAW, Jan. 5 (AP).—Rain, fog, snow and generally bad weather over Eastern Europe are seriously threatening the projected flight of Miss Amy Johnson, to Peiping, China.

The twenty-three-year-old British aviatrix, who took off from Hendon, England, New Year's Day, expecting to be in Moscow in three days, tonight faced a delay of several days or more on account of damage to her plane, incurred in landing yesterday near the village of Amelin, sixty miles from here. She was unhurt. She is resting at the British Embassy here.

MOSCOW, Jan. 5 (AP).—Soviet air authorities have instructed all their depots along the route Amy Johnson intends to cover on her flight to Peiping to prepare landing fields and lay in supplies for the British girl aviatrix.

The Russian air experts Romov and Chuchnovsky are preparing a route for Miss Johnson to follow as far as the Chinese border.

THOUSANDS PAY HOMAGE TO MARSHAL

People of France Honor J. J. Joffre at Bier in Paris Military Chapel

WEDNESDAY CIVIC DAY OF MOURNING

PARIS, Jan. 5 (AP).—Marshal Joseph Jacques Joffre, the defender of Paris, as he will go down in history, lay in state today to receive an homage from the people of France that has rarely, perhaps never, been surpassed in his country's annals.

All knew beforehand that magnificent manifestations of respect would be paid beside the bier of the man who was almost an idol of the French masses, but the number of Frenchmen and Frenchwomen who poured from their homes today to honor him exceeded all forecasts.

HUNDREDS OF CHILDREN

There were many thousands. One of the most touching tributes was that of the hundreds of children who joined in the solemn march past the bier.

Once inside the chapel of France's famous military school, where the body lay on a simple soldier's cot, the crowd was kept slowly moving by army officers, who gave the privileged places to mutilated soldiers who came to give a final salute to the leader they had served under.

Outside again the thousands did not leave, but formed a silent mass on the opposite side of the great square of the Champs de Mars, under the shadow of Eiffel Tower.

MME. JOFFRE PRAYS

At one time, when the chapel was particularly crowded, Mme. Joffre stole quietly into the balcony of France's marshals, overlooking the

Continued on Page 2, Column 3

Disorders Quieted in Ruhr Area

DORTMUND, Germany, Jan. 5 (AP).—Disorders which flared in the Ruhr coal mine district over the week-end, taking two lives, quieted today and the only disturbances reported were at Marl and Bottrop.

In the former town unemployed demonstrators bombarded the police with stones and bottles. Eighty-seven were arrested. At Bottrop a group of jobless clashed with workers, one of whom was dangerously injured.

Adam Stegerwald, Minister of Labor, conferred with miners and operators today in an attempt to settle the current dispute, which began when owners notified the men that the present wage scale would terminate January 15. About 30,000 of the 300,000 to be affected thereupon called an outlaw strike.

Just Before the Take-Off

READY to start North to resume the search for Robin Renahan and companions, missing since October 28, the Wrangell, with Pilot Ansel Eckmann, centre; his mechanic, Frank Wadham, left, and Sergt. R. Owens, Provincial Police, right, are shown shortly after the installation of the wireless apparatus. The plane is now at Prince Rupert.

Finance Minister Foresees Economy As New Year Need

Steady Recovery of British Columbia From Economic Troubles Is Predicted by Hon. J. W. Jones, Sounding Necessity for Retrenchment

VANCOUVER, Jan. 5.—Elimination of nonessential expenditures and careful pruning of requirements for the coming year would be found the common necessity of all governments in the 1931 season, Hon. J. W. Jones predicted in a carefully-weighed utterance given during the course of an address here this evening at the banquet in honor of Hon. Parker Moloney, Minister of Markets in the Commonwealth Government.

British Columbia, he said, had every assurance of steady recovery from the economic troubles it shared with the world, but Spartan-like economy would assist that recovery in a material way.

After a fine address, in which he had touched on trade relations between Canada and Australia, making the prediction that these relations would grow in mutual weight and importance as the years passed, Mr. Jones asked leave to refer, in closing, to the needs of British Columbia at the momen

CONVALESCENT PERIOD

"We all hope, and I think we have justifiable grounds for hoping, that we have passed through the worst phases of the serious and extended financial depression," said Mr. Jones. "We are all feeling a little better, and, even if the period of convalescence will be rather trying, I am convinced that in the not too distant future we shall be fully recovered. But, before we reach that highly desirable condition, I am afraid that we have got to take some unpleasant medicine.

"We know the condition and it does not require a specialist to prescribe the remedy. That remedy is economy, economy, economy, and so to conduct our provincial business as any other business firm or business man would conduct a business where expenditures have outrun income. It is imperative, therefore, that we keep our expenditures within revenue, that we adopt a policy of Spartan-like economy, of retrenchment, and endeavor more than ever to do without those things which are not absolutely essential until such time as provincial finances are, as a result of improved conditions, in such shape as to justify further borrowings.

"No profitably-conducted business would think of going to the bank to borrow when its net earnings did

DEATH TOLL IN FIERCE TYPHOON IS EIGHTY-TWO

Fifty Other Persons Missing in Devasted Central Philippine Islands

WIRES PROSTRATED AND ROADS BLOCKED

MANILA, Jan. 5 (AP).—With eighty-two dead and fifty missing, fears were felt tonight of even greater loss as a result of the typhoon which raced across the Central Philippine Islands last week-end. Wires were prostrated and roads blocked, but belated reports indicated the list of casualties probably would be lengthened with restoration of communications.

Further reports, it was feared, would bring data similar to the great storms on Leyte Island of November, 1928, when 234 persons died, and May, 1929, with 119 deaths. These typhoons destroyed sugar, banana and rice crops. Outside aid was necessary to save the people from famine, as thousands, rendered homeless by wind and flood, wandered helplessly.

The typhoon struck Saturday, but news of its devastation filtered from the affected areas slowly owing to damaged communications.

Most of the deaths occurred at sea. The greatest toll was taken with the sinking of the steamship Lozana, the entire crew and all passengers, totaling twenty-seven, perishing. Fifty fishing boats capsized off Northern Cebu, resulting in an estimated thirty dead.

Besides Cebu and Leyte, the Islands of Samar and Negros also felt the storm, but apparently to a lesser degree. The affected regions are in a typhoon belt, where storms strike almost yearly.

Fears for Safety Of Four Kingston Men Entertained

KINGSTON, Jan. 5 (CP).—Fears are entertained for the safety of four Kingston men, missing since Friday last. A search party which put out in a boat in search of them this morning is also overdue.

The missing party is made up of Cecil Phillips, Captain William Sheridan and two men whose names could not be learned. The last known of them they were at the main docks, from where they left by boat for Bath.

An attempted aeroplane search by a brother of Phillips was frustrated when the plane was disabled taking off.

News Items in Brief

START ACROSS OCEAN

BOLMA, Portuguese Guinea, Africa, Jan. 6 (AP).—A squadron of Savoia seaplanes, brought here by General Italo Balbo, Italian Air Minister, from Orbetello, Italy, took off from here at 2 a.m., G.M.T., for Natal, Brazil.

STORM IN EASTERN STATES

UNIONTOWN, Pa., Jan 5 (AP).—A midwinter windstorm that reached a hurricane velocity of 102 miles an hour at Uniontown, struck sections of Western Pennsylvania and Northern Virginia today. No fatalities were reported, but buildings were unroofed, windows broken and plants were forced into idleness for a few hours.

5,000 RETURN TO WORK

WINDSOR, Jan. 5 (CP).—Five thousand employees returned to work today in the plant of the Ford Motor Company of Canada. The plant was shut down for two weeks for the annual stocktaking.

WEAVERS' STRIKE CALLED

STOCKHOLM, Sweden, Jan. 5 (AP).—Thirty-two thousand weavers affiliated with the Textile Trades Union are affected by a strike order issued today calling out workers from all mills in which employers have decided to cut wages, beginning January 12.

CROWDS STONE CARS

BOMBAY, Jan. 5 (AP).—Crowds stoned tramcars and uses in some parts of town today in an attempt to enforce a complete hartal, or stoppage of work, to mark completion of Mahatma Gandhi's eighth month in prison.

C.P.R. WORKERS RETURN

VANCOUVER, Jan. 5.—Six hundred Canadian Pacific Railway shopmen in British Columbia, who have been out of work during the past two weeks, when the shops closed down for Christmas vacation, returned to work this morning. At Vancouver 450 men went back to work.

SHIP SINKS AFTER BLAST

COLOMBO, Ceylon, Jan. 5 (AP).—One passenger and four of the crew of the Norwegian motorship Tricolor were reported missing today after an explosion which sank the vessel not far outside this port.

SEES RAPID PROGRESS IN NORTH SOON

Hon. S. F. Tolmie Seeks Return of Dr. R. W. Alward at By-Election

COAST OUTLET NEED OF VAST TERRITORY

Valuable Publicity of Northern Section Followed Alaska Highway Trek

VANCOUVER, Jan. 5.—Speaking in support of Dr. R. W. Alward, Conservative candidate in the Fort George by-election, in a trenchant appeal broadcast over CKMO, Vancouver, this evening, Premier Tolmie demonstrated his abundant faith in the magnificent natural assets of Northern British Columbia, coupled with his conviction that the day was not far distant when these resources would be fully utilized in the upbuilding of a northern empire of vast importance to the province.

Premier Tolmie recalled the action taken by his Government in enlisting the interests of both transcontinental railways in a study of the potential resources of the district, including the rich Peace River area, and the statement made by Rt. Hon. R. B. Bennett that he would find a Pacific Coast outlet for the Peace River district. Prince George, he predicted, would become the hub of a territory rich in agricultural and other resources.

NORTHLAND FEATURED

Touching on the British Columbia-Yukon highway project, Premier Tolmie showed that British Columbia had received publication of its scenic and commercial possibilities to the value of hundreds of thousands of dollars as a result of the caravan trek to Hazelton.

The caravan had brought an unprecedented volume of publicity to bear on the Northern Interior of the province, instanced by films, photographs and articles which are now receiving widespread attention in Eastern Canada and the Southern States. The entire cost of the trek to the province, he said, was less than the cost of a quarter-page advertisement in a single issue of any national magazine, and the benefits would extend throughout all of 1931, directing attention to the rich northern land, when placed in an attractive way before millions of people.

Turning to the by-election and the contest between Dr. Alward and his opponent, who is running on a Farmer-Labor ticket, Dr. Tolmie appealed for the return of Dr. Alward as a man versed in the possibilities of the north country, and fitted in every way to advise the Government on the needs of that constituency. The choice of F. P. Burden as Agent-General for British Columbia at London, had been influenced by the fact that Mr. Burden had an accurate and long-

CONFERENCE ON FINANCES HELD

University President Silent on Meeting of Governors and Ministers

SUBMITS MEMORANDUM

VANCOUVER, Jan. 5.—The board of governors of the University of British Columbia discussed the question of financing the institution with Hon. Joshua Hinchliffe, Provincial Minister of Education, and Hon. J. W. Jones, Minister of Finance, at a closed meeting at the university here tonight.

The board outlined its position and presented to Mr. Hinchliffe a memorandum containing suggestions to which the Minister promised to give careful consideration.

Dr. S. L. Klinck, president of the university, stated after the meeting, which lasted over three hours, that the board had decided to give out no information at present regarding the matters under discussion.

DUTY OF GOVERNMENT

He said that the board took the attitude that it was the duty of the Government to finance the university.

Henceforth, students from Victoria College will be eligible for university scholarships, provided the scholarships are enjoyed at the University of British Columbia, it was announced.

FORTY HOUSES IN GREECE ARE BADLY DAMAGED BY 'QUAKE

ATHENS, Greece, Jan. 5 (AP).—Forty houses in old Corinth were damaged badly in an earthquake which shook the peninsula yesterday. Fifty houses in neighboring villages were destroyed by the tremors.

Part of the mediaeval wall of Akrocorinth was damaged, but no lives were lost. Houses built on anti-seismic principles after the 1928 earthquakes withstood the shocks well.

The Government has sent a quantity of tents to shelter the homeless.

Economic Entente in Empire Stressed by Australian Minister

Hon. Parker Moloney Gives Credit to Trade Envoys Sent to Commonwealth by Provincial Government for Initiating Movement Resulting in New Commercial Agreement

Hon. J. W. Jones Delivers Inspiring Address in Welcome to Delegation

VANCOUVER, Jan. 5.—Voicing the belief that the trade treaty negotiated at Ottawa between Canada and Australia would prove highly satisfactory to both Dominions, Hon. Parker Moloney, Minister of Trade and Transportation in the Antipodean Government, declared the time was opportune for Canada and the Commonwealth which he represented to make a start toward the development of an economic entente within the British Empire. Mr. Moloney, speaking before a capacity audience of representative Vancouver men Monday noon in Hotel Vancouver ballroom, received an enthusiastic reception.

Opening his address with an appreciation of the courtesy and cordiality with which he had been greeted in Canada, Mr. Moloney paid a tribute to Hon. H. H. Stevens, Canadian Minister of Trade and Commerce, for the spirit in which negotiations for the new trade treaty had been conducted. He emphasized the fact that all branches of Canadian industry had been consulted during the conference at Ottawa, and he voiced the belief that, when details of the new treaty were revealed, they would win the whole-hearted approval of the Dominion.

NOT TOTAL FAILURE

Discussing the Imperial Conference at London, Mr. Moloney admitted that none of the Dominions had been successful in securing concessions for which they had hoped.

"But it would be entirely wrong," he added, "to say that the Imperial Conference had been a failure. In other years, the delegates were wished God-speed and left for their own countries to await the next conference four years hence. But that is not true of this conference. We only laid the groundwork for the whole question of economic relations which will be taken up this Summer at Ottawa."

B.C. STARTED MOVE

Mr. Moloney declared both Australian and Canadian delegates, during the conference in London, had discussed trade relations between the Dominions.

"But it really goes even farther back than that," he added. "It goes back to the time when I had only recently assumed by post as minister in Australia, when I was called upon by a delegation of British Columbia lumbermen."

His Government, Mr. Moloney said, was now pledged to the policy of giving all business, where possible,

Continued on Page 18, Column 6

British Columbia Tree Seeds Sent To Commonwealth

SEEDS of the chief commercial species of trees indigenous to British Columbia were forwarded in a special shipment to Canberra, Australia's national capital, this week through the markets branch of the Department of Agriculture, it is stated by Wallace Duncan, director of markets. Douglas fir, Western red cedar, Western hemlock, Sitka spruce and Western white pine seeds were included in the shipment, which is one in exchange for similiar shipments from Australia of tree seeds indigenous to the Commonwealth. British Columbia for many years has sent seeds to Great Britain, notable in this connection being the action of the British Forestry Commission in reforesting almost entirely with Douglas fir and spruce from this province.

HEAVY SLIDE BLOCKS FRASER CANYON ROAD

VANCOUVER, Jan. 5.—The Fraser Canyon Highway has been closed by a heavy slide of rock at Saddle Rock, according to a wire received this afternoon by the Automobile Club of British Columbia.

The slide was exceptionally heavy, according to the report received, having partially destroyed a bridge. It is expected that the highway will be impassable for some time.

FIFTY-SEVEN RESCUED FROM SINKING BOAT

U.S. Army Dredge Rariton Is Rammed by Liner City of Montgomery

MISHAP IN HAZE IN HARBOR AT NEW YORK

NEW YORK, Jan. 5 (AP).—In an early morning haze that hung over the entrance to New York harbor, the United States army dredge Raritan was sunk today by the Savannah liner City of Montgomery. The army boat went down in eleven minutes, but the fifty-seven officers and men aboard were saved.

The loss of the Raritan was estimated at $191,000, but army officials said she would cost $1,000,000 to replace. The liner's bow was deeply dented at the water line, but she was able to make her pier unassisted.

SLIGHTLY INJURED

Captain John Peterson, commander of the dredge, was slightly injured.

The fact that no lives were lost probably was due to the timely warning given by Samuel F. Watts, of Southport, N.C., third mate of the Raritan. He was on the bridge and when he saw a collision was inevitable, he ordered the boats manned.

Fifty-two men of the crew put over the sides in lifeboats and were picked up by the New York Central mail boat President. Three were taken from the dredge by a police launch, while two others, who had climbed the main mast when the dredge began to sink, were picked up by a boat from the liner.

MOST OF CREW ASLEEP

Most of the crew was asleep below decks when the collision occurred and escaped clad in their underclothes.

Captain Bertram H. Carfield, of the City of Montgomery, said there was no excitement among the liner's thirty-eight passengers.

The ship, which was inward bound from the South, will have to go to drydock for ten days. The dredge was a vessel of 3,911 tons.

SEARCH PLANE MAKES RUPERT IN TWO JUMPS

Attorney-General Places Police Launch at Disposal of Pilot Eckmann

VOLUNTEER SELECTED FOR DUTY WITH PLANE

Taking off from the James Bay float at 9 o'clock on Sunday morning, Pilot Ansel Eckmann landed the Wrangel at Marpole Airport one hour later, experiencing fine flying weather for the trip across the Gulf. After pick-up rifles, bedding and provisions as well as securing an extra supply of spark plugs, the search plane left Vancouver at 1 o'clock Sunday afternoon.

Unfavorable flying weather forced the flyers to take shelter at Alert Bay shortly after 7 o'clock, where they remained all night, until 10 o'clock yesterday morning, when they again took to the air, reaching Prince Rupert shortly before noon, when the radio was tested, Eckmann reporting the arrival of the Wrangel at the Northern port to Attorney-General Pooley.

Realizing the advantage of having a mother ship as a base for the flights of the Wrangel, Attorney-General Pooley has authorized the P.M.L. 8 to proceed from Wales Island, where she was yesterday, to Prince Rupert, and on the arrival of the launch there today, the search will begin in earnest, the police boat shifting to any point at the discretion of the flyers.

It was also announced last night that Colonel J. H. McMullin, Superintendent of Provincial Police, had called for an officer, seasoned and with experience in the North Country, to accompany Eckmann and his mechanic on their flights. From a number of volunteers, P. B. Smith, a member of the force now at Prince Rupert, has been selected for the duty.

Six Killed Four Hurt In Tornado

CHARLOTTE, N.C., Jan. 5 (AP).—Six persons were known to have been killed in a tornado this afternoon that cut destructive paths in two North Carolina counties and one Virginia county nearby.

At least four others were injured in the same storm.

High winds reported to be general over the south also dipped down at Donaldsonville, Ga., injuring two persons and causing considerable property damage.

The Weather Bureau at Atlanta reported the disturbance was moving northeastward.

The persons killed were Mrs. Grover Henderson, who lived on a farm near Boydton, Va., and five negroes, who lived near Norlina, N.C.

Swords and Guns Used in Riot at Football Match

LIMA, Peru, Jan. 5 (AP).—Bad feeling between Peru and Uruguay growing out of incidents in the recent Peruvian revolution, had a serious repercussion on Sunday on the football field here, when five persons were killed after a match between teams from Uruguay and Arequipa.

When the president of the Football Federation delivered a silver cup to the Uruguayans, who won, there was considerable booing from stands occupied by Peruvian troops. One soldier attempted to cross the playing field and five policemen stopped him with swords.

The other soldiers charged the field. The police met them with revolver shots. Spectators joined the melee and stones were mingled with bullets. The fighting spread to adjoining streets and one traffic officer was killed.

Two policemen shooting at a crowd killed one demonstrator and injured another. Near the stadium a crowd stoned a street car into which four policemen had fled. Two civilians were injured. Another throng staged a protest against the police in front of the Government Palace, carrying sticks from which flew pieces of blood-soaked clothing belonging to those killed in the disorder.

Uruguay and Peru broke off relations in September as a consequence of bad feeling dating from the overthrow of President Leguia, when some of the deposed administration executives took refuge with the Uruguayan minister. The provisional military Government thereupon declared the minister persona non grata. Diplomatic relations were restored November 18.

SISTER OF KING GEORGE PASSES AWAY SUDDENLY

All Britain Mourns Death of Louise, Princess Royal, in London

MAY BESTOW TITLE ON PRINCESS MARY

LONDON, Jan. 5 (AP).—All Britain today mourned one of the most democratic of its royal family, Louise, Princess Royal, who died suddenly in her sleep yesterday afternoon of heart disease.

The King at Sandringham was notified of her death, the Lord Chamberlain immediately ordering a period of four weeks full mourning for the British court and two additional weeks of half mourning. The Princess, who was the eldest sister of the King, was sixty-three years old, a year and eight months younger than her Imperial brother.

Her death was not unexpected. She had had recurrent attacks of the heart trouble, and in 1925 she suffered from a serious hemorrhage, although until recently she had been in somewhat better health.

MARRIES EARL OF FIFE

At the age of twenty-two, she married the Earl of Fife, a Briton of excellent lineage but not of royal birth. Two children were born of the marriage, Alexandra Victoria, now thirty-nine years old and wife of Prince Arthur of Connaught, and Maud Alexandra, now thirty-seven and the wife of Lord Carnegie. Both were at their mother's bedside when she died.

The title, Princess Royal, conferred by King Edward, may be bestowed on Princess Mary, only daughter of King George V, wife of the Earl of Harewood.

FUNERAL PLANS

No definite plans for the funeral have been announced, but it was understood the services would take place at the end of this week, probably in St. George's Chapel, at Windsor, with burial at the royal mausoleum at Frogmere, in Windsor.

It was stated on excellent authority this morning that the date of the Princess will not result in postponement of the South American visit of the Prince of Wales, Prince George, scheduled to start their tour January 15.

BANDITS ATTACK AND DUCKS DIE OF FRIGHT

Four Pairs Ordered by Victorians Were Lost in Transit to Shanghai

With reference to the Mandarin ducks recently received here, and now at Elk Lake, The North China Daily News tells of the commission to procure twelve pairs of the birds which A. S. Watson & Co., well-known Shanghai pharmacists, was given by Victorians. It states in part:

"Despite the unusual nature of the commission, and the fact that the birds had to be sent for to Fukien Province, it was undertaken. Twelve pairs were obtained and placed in the care of some people coming to Shanghai.

On their way to Shanghai the people in charge of the birds were attacked by bandits and robbed. During the confusion of the attack, four pairs of the birds died from fright, and there were only eight pairs that arrived in Shanghai.

Not wishing to send a part only of the desired dozen pairs, nor to have to make two separate shipments at different times, Messrs. Watson decided to house and feed the eight pairs in Shanghai and send to Fukien for another four pairs. These duly arrived a day or two ago and completed the order.

On Saturday the Ss. Empress of Japan had twenty-four distinguished guests on board, although their names will not appear in the passenger list. Through the courtesy of the Canadian Pacific Railway the birds will be well looked after on their journey, and it is hoped that they will arrive safely at their destination to form an additional attraction to the parks of Victoria as well as to provide old China hands a link with their former home.

THOUSANDS PAY HOMAGE TO MARSHAL

Continued from Page 1

bier, and for nearly an hour knelt in prayer. A little later the Italian General Albricht, accompanied by three officers, who came from Rome for the purpose, laid upon the catalfaque a great wreath of roses.

The body will lie in state again tomorrow, and tomorrow night will be taken to the Arc de Triomphe and then to the Cathedral of Notre Dame, where, on Wednesday, a great national funeral will be held.

UNKNOWN SOLDIER'S TOMB

It was announced tonight Joffre's body, en route to Notre Dame Cathedral, would rest for five minutes beside the tomb of the Unknown Soldier, under the Arc de Triomphe. The period will be marked by the firing of cannon at the beginning and end.

Afterwards the cortege, accompanied by a detachment of Republican guards in full dress, will pass down the Avenue des Champs Elysees and along the Rue de Rivoli to the cathedral. Street lamps along the route will be draped with black crepe.

All national theatres, Government offices and the Bourse will be closed on Wednesday and Paris generally will observe the day as a civic day of mourning.

The British Embassy announced tonight the Lord Mayor of London would represent the city of London at the funeral. He will be accompanied to Paris by two sheriffs, a macebearer and a swordbearer.

FINANCE MINISTER FORESEES ECONOMY AS NEW YEAR NEED

Continued from Page 1

not justify doing so. Very well, we as a Government, are going to anticipate that answer by not borrowing to any extent for new enterprises or commitments. On the contrary, we are going to pare down the expenses, so that later, when conditions do warrant, we can go to the banks and receive our usual favorable and hearty reception.

CONFIDENCE NEEDED

"Because I am speaking frankly, do not mistake me for a pessimist," continued Mr. Jones. "There is no doubt in my mind that we shall weather this financial storm, as we have done on former occasions. What we need is reasonable, tempered optimism, courage, confidence, caution and patience. These are the essential requisites for tackling and solving the pressing problems immediately ahead of British Columbia no less than other provinces and countries."

RELIEF BILL IS PASSED

WASHINGTON, Jan. 5 (AP).—The $45,000,000 drought relief appropriation bill was passed today by the House and sent to the Senate.

Indian Conference Honors Memory of Two Strongly Different Personalities

LONDON, Jan. 5 (AP).—Moslem, Hindu and British delegates to the All-Indian Conference stood today for a full minute in silent tribute in memory of two strongly different personalities, King George's sister, the Princess Royal, and Muhammed Ali, restless Moslem leader, who for many years spread trouble through the King's Indian realm. Both died here yesterday.

Tonight Ali's coffin was carried into Paddington Town Hall for Islamic funeral rites. Many delegates to the conference and Indian students attended, and back of the great semi-circle of figures sat the Begum Muhammed Ali, who for the first time in her life had taken off her veil and traveled to a far land with her husband.

"She came to nurse me or to bury me," said the old Moslem leader when he arrived here as a conference leader on the trip which he expected to be fatal because of his sufferings from heart disease.

The imam of the Mohammedan mosque at Woking, near London, conducted the services. Three times he intoned "Allah O Akbar" ("God Is Greatest"). Three times the murmur came back from the mourners. Then Ali's brother, speaking in English, cried, "I appeal to the people of all denominations to pray for a tired and brave soul in the light of their own faith."

Premier Ramsay MacDonald was among those represented at the funeral.

Ali is such an important figure in Islam that his body may lie in state in all Moslem countries en route to India.

COUNCIL HOLDS FIRST SESSION

Mayor Appoints Committees for Year — Cold Storage Applies for Guarantee

OPENS FIRE TENDERS

Victoria's 1931 City Council made its debut last night with the acceptance of the Mayor's inaugural address, the appointment of standing committees for the year, and consideration of general business.

The Mayor's address was an optimistic one, with the exception of one clause which referred to the demands made by the Terminal Cold Storage & Warehousing Co., Ltd., advising that they would require the guarantees as is applied to them fulfilled. The company, when originated under the city's scheme of assistance to industries, was guaranteed a profit of 7 per cent. This profit has apparently not been forthcoming, and the liability of the city is at present in doubt as, it is inferred, the company has failed to live up to its agreement with the city. No amount is stated in the claim, but it is estimated to be about $35,000. The mayor, in his address, pointed out that the agreement was most inadvisable and one to which the city should never have been committed.

WELCOMES MEMBERS

In his address, the mayor welcomed the new members to the council, Aldermen R. T. Williams and T. W. Hawkins and also the members of the 1930 board who were re-elected. He asked that the council be prepared to consider estimates for the current year and that it would be well for the council to set the tax rate at not later than February 1 in order that the ratepayers may know early what their liabilities would be.

STANDING COMMITTEES

The following committees were approved by the council:

Finance—Mayor, Aldermen Mara, Straith and Dewar.

Public Works—Aldermen Mara, Smith and Worthington.

Parks—Aldermen Worthington, Peden and Hawkins.

Industrial—Aldermen Adam, Litchfield and Peden.

Fire Wardens—Aldermen Dewar, Litchfield and Adam.

Victoria Publicity Bureau—Mayor, Aldermen Worthington, Hawkins, Williams and Straith.

Friendly Help—Aldermen Adam and Williams.

Beaches and Parks—Mayor, Aldermen Worthington, Peden and Hawkins.

B.C. Agricultural Association—Aldermen Litchfield, Hawkins and Smith.

Voters' List—Mayor, Aldermen Williams and Dewar.

Court of Revision—Mayor, Aldermen Worthington, Peden, Smith and Williams.

OTHER BUSINESS

Following the appointment of committees for the year, the council disposed of regular business.

A petition was received from residents on North Park and Quadra Streets with respect to the location of an undertaking establishment at the corner of North Park and Quadra Streets, voicing their objections and asking for permission to be heard. The council agreed to a hearing, and set 7:30 next Monday night as the date.

Tenders for fire equipment were opened and referred to the purchasing agent, fire chief and fire wardens committee of the council for a report. Five tenders were received.

BURGLARS FLEE TO SAFETY AS OWNERS PUT IN APPEARANCE

The unexpected arrival of householders interrupted burglars in two attempted burglaries in Esquimalt over the week-end.

After breaking into the home of Joseph Burgess, 934 Selkirk Avenue, by means of a front window, the intruders fled with the arrival of a member of the household. No loot was obtained.

Aroused by the noise of the buzzer on the front door, D. G. Hughes, proprietor of a news agency on Esquimalt Road, appeared on the scene just as the burglars were making their getaway. The till, which was jammed by the intruders, was empty.

HOLDING CHEST CLINIC

Dr. A. S. Lamb, provincial travelling health officer and tuberculosis specialist, is holding his regular clinic in Victoria from January 5 to 9, inclusive, at the Spencer Clinic, Jubilee Hospital. Examinations at these clinics are free. Those wishing a consultation are asked to make arrangements through their family doctor.

standing knowledge of northern parts of the province, and this knowledge would be invaluable to him in his important new duties.

ONE-MAN PARTY

The election of the Farmer-Labor candidate in the by-election, Premier Tolmie pointed out, would be the creation of a one-man party in the Provincial House, where the member-elect would have to be his own party leader, the caucus, and all the supporters as well. Little was to be gained, he stated, to adding a further party to the Legislature, but much practical good would result from the choice of a man who would have the full confidence of the Government when speaking to the needs of the vast area served by the constituency.

"The great Northland of British Columbia is too important to be represented in any trivial way," continued Premier Tolmie. "We want good representation if this section of the country is to be developed as it should. We want someone who can work in sympathy with us, give the Government valuable advice and co-operation. A man who knows the North country; a man who believes in it, and a man enthusiastic and confident about its future destiny is required. Such a man can render a real service. He can, by co-operating with the Government, bring about the awakening of this North country, which is long overdue.

HAVE FINE HERITAGE

"You are rich in pulp, minerals, waterpower, big game and scenic attractions, but perhaps the most important is the Peace River district and its great agricultural resources. With all these rich resources you are helplessly handicapped without adequate transportation. This is perhaps one of the most important features in connection with the development of Northern British Columbia."

Dr. Tolmie referred to the surveys of the area undertaken by the Province in conjunction with the railroads, and which have already resulted in the discovery of an easy crossing of the Cottonwood River, and the discovery, too, of vast agricultural areas in the Peace district.

INTEREST DEMONSTRATED

"Briefly, to sum up," continued the Premier, "this Government has, in two and a half years, inaugurated a thorough survey of your transportation opportunities, and we have secured invaluable information regarding your resources. We have succeeded in interesting the two railways, not only in your resources, but in the proposal to establish connection with tidewater on the Pacific. We have created and developed the Alaska highway idea. We have selected one of your citizens for the highest office in our gift, and we selected him especially because of his knowledge of British Columbia generally, and the Northern country in particular.

"You have in Dr. Alward a candidate representing the Conservative party; a man thoroughly versed in Northern conditions; a man who is imbued with the idea that this great North country has a wonderful future; a man who knows the conditions and can give the Government valuable advice. Perhaps I might be pardoned if I suggest that you would get much better results by electing Dr. Alward than by the creation of a new party. We are not so much in need of new parties as we are of a hustling, go-ahead, keen, active member from your district," Premier Tolmie said in conclusion.

FIRE DEPARTMENT SPENDS BUSY DAY

Responds to Five Alarms—Damage Estimated at Approximately $300 Done

Five alarms were responded to by the Victoria Fire Department yesterday, the largest number for any one day this year, with the approximate damage estimated at $300.

They included two chimney fires, a basement fire, one false alarm, and fire at the target house of the old rifle range at Clover Point. At the latter place the department was out for more than an hour and considerable damage was done. The distance of the building from the hydrant made it necessary to get out many lengths of hose.

A summary of the calls follow: 3:08 p.m., 1576 Hampshire Road, chimney fire; 4:30 p.m., 1535 Richardson Street, basement fire; 4:55 p.m., 715 Princess Avenue, chimney fire; 6:40 p.m., false alarm, corner Pandora Avenue and Davie Street; 9:48 p.m., target house at Clover Point.

PIONEER RESIDENT OF WINNIPEG DIES

WINNIPEG, Jan. 5 (CP).—Lieut.-Col. W. G. Bell, resident of Winnipeg for nearly sixty years and well known for his military and fraternal activities, is dead at his home here. Born at Perth, Ont., in 1856, Colonel Bell came to Winnipeg when sixteen years old. He was a pioneer customs broker, carrying on business here before the advent of train service with Eastern Canada.

CABINET PLAN IS PRESENTED BY CHANCELLOR

Lord Sankey Gives Tentative Scheme for New Indian Administration

NINE PORTFOLIOS ARE RECOMMENDED

LONDON, Jan. 5 (CP). — Lord Sankey, Lord High Chancellor in the British Cabinet, submitted to the Indian Round Table Conference today a tentative scheme for a cabinet for the new India. It was not submitted as a formal proposal from the Labor Gogernment, but coming from such a source it was significant.

"How would this sort of thing do?" queried Lord Sankey, as a Moslem speaker was addressing the subcommittee on federal structure. Lord Sankey then suggested a Governor-General's Cabinet with nine portfolios.

THE PORTFOLIOS

They were as follows:

1. Finance.
2. Law.
3. Railways, posts and telegraphs.
4. Education, health and lands.
5. Industries.
6. Commerce.
7. Revenue and subjects such as administration of the customs on opium and salt.
8. Minor departments, botanical and geological surveys, etc.
9. Minister in charge of minor departments not indicated above.

Sir Muhammed Shafi stated the Moslem case. "India wants to be mistress in her own household," he said. Under the existing system, he declared, the Secretary of State in the British Cabinet was the 'great mogul" of the Indian Empire.

Sir Muhammed demanded a new system with adequate protection for minorities, especially for the Moslem minority. He agreed, however, that during the period of transition from the existing to the new system of government for India some safeguards might be necessary.

AWARD CONTRACT FOR NEW FAIR BUILDINGS

Williams, Trerise & Williams Are Successful Tenderers — Work to Start Next Week

On recommendation of a special committee of the City Council, a contract was awarded to Williams, Trerise & Williams for the construction of two buildings at Willows fairgrounds at a cost of $67,200. The award was granted at the first regular meeting of the City Council last night, and it is understood that the contractors will be ready to commence work within the next ten days.

The special committee had several meetings during the past week, mainly to reduce the contract price to within the amount voted by the ratepayers at the December elections, namely, $70,000. Alderman Robert Dewar raised the question of the method of employing labor, and intimated that the contractors should have been prepared to give relay work. Mayor Anscomb pointed out that the cost would have added several hundred dollars to the original price and the committee had decided that a straight contract would be more acceptable.

Williams, Trerise & Williams were the builders of the grandstand at the fairgrounds last Summer.

B.C. UNIVERSITY SHORT COURSES ON THIS MONTH

The ninth annual series of short courses offered by the faculty of agriculture in the University of British Columbia opened yesterday with a two weeks' course on poultry husbandry, and three other special courses offered by the same faculty are to be held during January, as follows:

Seed growing, one week's course, beginning Monday, January 12; horticulture, two weeks' course, beginning Monday, January 19; animal diseases and nutrition, one week's course, beginning, January 19.

All lectures and demonstrations are taking place at the university, Point Grey, and are designed for the students wishing to extend their knowledge of farming.

POST OFFICE MACHINE REGISTERS MORE MAIL

During the month of December last the canceling machines at the local Postoffice passed 1,278,229 letters, Postmaster Gardiner stated yesterday. This total was slightly in excess of December, 1929, when the number of letters passed amounted to 1,259,446. The letters passing through the canceling machines do not include parcels, large-size letters or incoming mail.

Thinking that the general talk of depression would be reflected in the receipts of the local office, Postmaster Gardiner was agreeably surprised when the checked receipts for the month of December revealed that there was but a difference of $352 as between December, 1930, and December, 1929, which was not very great, considering that the business of the office totals in the neighborhood of $40,000 for these particular months.

Squadron Leader Will Investigate Cadboro Bay Site

Leaving Ottawa shortly on a tour of inspection through the West, Squadron Leader Tudhope, superintendent of airways for the Department of National Defence, has been instructed by the minister to visit Victoria and go fully into the matter of the suggested seaplane base at Cadboro Bay, Alderman W. T. Straith, chairman of the industrial committee of the City Council, was advised in a letter received from the deputy minister, G. J. Desbarets, yesterday.

The letter further stated that the letter addressed to the department by Mr. Straith had not been neglected. Owing to the absence of all senior officers in the Air Force familiar with the situation at Victoria, it was not possible to have a further inspection made; but a meeting of four senior officers had been held at Ottawa two weeks ago, when it was recommended that Squadron Leader Tudhope go thoroughly into the matter while in the West.

Pruning Practices Subject of Address

E. W. White, district horticulturist, of the Agriculture Department, is to be the speaker at the regular monthly meeting of the Victoria Horticultural Society tonight, at the City Hall, commencing at 8 o'clock. Pruning practices as applied to small and tree fruits will be dealt with by the speaker. As this is a very timely and seasonable topic, it is expected to be of interest to other than members, and these are cordially invited to this meeting.

CALCUTTA, Jan. 5 (AP).—P. A. J. Jackerdon, an Anglo-Indian resident of South Calcutta, was arrested and brought before a police magistrate at Alipore, today, charged with abetting the murder of Colonel N. S. Simpson, inspector-general of prisons, who was killed here on December 8.

It was alleged that Jackerdon's revolver was used by one of Colonel Simpson's assailants.

Colonel Simpson was shot and killed by three Bengals, who fired at him in his office.

Dr. Wood's

Norway Pine Syrup

Her Two Children Coughed Day And Night

Mrs. Fred. T. Kilnappel, R.R. No. 1, St. Agatha, Ont., writes:—"My two children were coughing, day and night, from a very severe, whoopy cough. I tried every kind of medicine I could think of, but they got no relief. A friend told me I should try Dr. Wood's Norway Pine Syrup, so I got two bottles of it, and before they were used the children were rid of their coughs. It is a very good medicine, and I would not be without a bottle in the house."

Price 35c. a bottle; large family size 65c.; at all druggists or dealers; put up only by The T. Milburn Co., Ltd., Toronto, Ont.

THREE ARE INJURED IN CAR COLLISION

Mr. and Mrs. George Hemsworth and their six-month-old baby, of Violet Avenue, Marigold, were injured in an automobile collision at the intersection of Burnside Road and Washington Avenue at 5:50 o'clock last night, and Fred Garrington, 3103 Balfour Avenue, driver of one of the cars, was arrested and charged with driving to the common danger. Both cars were damaged.

According to the police report, Garrington was proceeding east on Burnside Road and collided with the Hemsworth car, which was proceeding in the opposite direction.

Mr. and Mrs. Hemsworth escaped with minor injuries, but the child received a broken arm. After being given medical attention by Drs. T. McPherson and Russell Robertson, the parents were able to proceed to their home. The little child was taken to the St. Joseph's Hospital.

PORT ARTHUR, Jan. 5 (CP).—P. V. Ibbetson, young lawyer, and with one year's experience as alderman, was today elected mayor of Port Arthur in a four-cornered fight. His opponents were Mayor Gibbon, Alderman Sam Wright and ex-Alderman L. J. B. Bolduc. The vote stood: Ibbetson, 1,[illegible]; Bolduc, 1,202; Gibbon, 751; Wright, 721.

Liberals Support Self-Government With Safeguards

Lord Reading States British Party's Policy Towards India—Plan Would Provide Country With Cabinet Having Full Collective Responsibility to Indian Legislature

Viceroy's Emergency Powers Favored

LONDON, Jan. 5 (CP).—The British Liberals have swung behind home rule for India, that is, for self-government with safeguards. But as Lord Reading, former Viceroy of India, submitted the Liberal position at the Round Table Conference this afternoon, he made it clear, within these limitations, that the Liberal delegation to the conference stood for a Government of India responsible not to Whitehall, but to the Federal Parliament of the new India.

In all the essentials, Lord Reading, on behalf of the Liberal delegation, accepted the scheme submitted to the conference on Friday by Sir Teu Bahadur Sapru, Hindu Moderate. This scheme has in view the creation of an Indian Cabinet responsible to the Legislature in all subjects except defence and foreign affairs. These two excepted departments will be reserved to the Crown and the ministers holding these portfolios would be appointed by, and responsible to, the Viceroy.

CABINET RESPONSIBILITY

The ministers responsible for both reserved and nonreserved departments would participate in Cabinet discussions, presided over by the Viceroy. The ministers for reserved subjects would not have a Cabinet vote upon nonreserved issues, nor would the ministers for nonreserved subjects be able to vote upon reserved issues. But there would be collective responsibility of the Cabinet and a vote of nonconfidence by the Legislature would mean the overturn of the whole cabinet, though the Viceroy might reappoint his ministers of defence and of foreign affairs.

Under this plan, the Indian Minister of Finance would present a budget to the Indian Legislature and would, with the rest of the Cabinet, be responsible to the Legislature. But there would be safeguarding provisions to protect loans and currency; provisions which would ensure, for instance, that any budget deficit should be met out of revenue and not by floating internal loans.

POWERS OF VICEROY

Lord Reading, in the light of his experience as Viceroy, held that the Viceroy's emergency powers should be continued. He favored the suggestion that the ministry should not be turned out except on a majority vote of two-thirds, or even three-quarters of the members of the Legislative Assembly. But, added Lord Reading, it must be inherent in the Viceroy to have the power to dismiss the ministry if he believes it has lost the confidence of the House.

Lord Reading agreed the administration of law and order should be transferred to the provinces, but indicated disturbances might arise which would extend beyond the limits of a particular province. In such cases, the central authority should have the power to act. Lord Reading thought, too, that there should be safeguards against possible inflation of currency until such time as the proposed reserve bank was established.

"The Liberals believe," Lord Reading declared, "that conferment of responsibility regarding a number of subjects will beget responsibility in those to whom it is entrusted. It is in that hope and belief that we are prepared to make this important contribution to India's progress, providing we are satisfied about safeguards and that the machinery of the Government which will be set up will be capable of performing the functions for which it is designed."

Rt. Hon. Srinivassa Sastri, Indian statesman, did not believe the proposals went far enough. He thought the power should be transferred, not merely to the conservative elements of India themselves, otherwise there might be suspicion. In his opinion, the numerous safeguards hedging the position of the Viceroy, would only help to create that suspicion.

SEEK PENSIONS ON APPEAL HERE

Federal Pension Tribunal Opens Three-Day Sessions in Victoria

BLAME WAR FOR LOSSES

First Victoria sittings of the newly created Federal Pension Tribunal opened at the members' room, Parliament Buildings, yesterday at 9:30 a.m., with Col. C. W. Peck, V.C., D.S.O., and Capt. E. C. MacKenzie, of Lethbridge, presiding. The hearings were public, and attended by Major A. N. Daykin, counsel for the Board of Pension Commissioners, from which body the appeals are being taken, and Gerald H. Sedger, pensions advocate for Vancouver Island. J. L. Corral is district registrar of the tribunal.

The pension tribunal will sit for three days, ending Wednesday, with a list of seventeen cases, in all, to be heard. Three applications for pensions, on appeal from the commissioners, were heard yesterday, all by widows of veterans who served in the Canadian Expeditionary or other forces, and who died in the post-war period. The point at issue in each case was whether or not death resulted as a latent effect of ailments incurred in the war period.

One veteran had served in the North Sea, where he had been blown up in a vessel, but died nominally of tuberculosis in the post-war period. The death of another veteran was listed as cancer, compounded with heart trouble, but war injuries were alleged as the premier cause of later ailments. A third veteran had died of diabetes, where the point in dispute is whether or not it was contracted or rendered more harmful by his war service.

In each case the claims of the widows were put forward by counsel to the tribunal, with direct evidence being called when required. The hearings will continue today and tomorrow.

Poison Liquor Blamed For Eleven Fatalities

OMAHA, Neb., Jan. 5 (AP).—Chemists analyzed liquor blamed for eleven recent deaths today, while Dr. S. McCleneghan, county coroner's physician, described it as "the worst poison liquor he had ever encountered."

Six men died last Friday, three Saturday, one last night and another early today. Paul Enzminger, thirty-six, seriously ill from the effects of the liquor which he admitted drinking together with three of the dead men, gave information on the source of the supply, police said.

Police raids continued among the transients and casuals of the cheap hotels, where most of the men affected by the liquor were found.

ROBBER LOOTS SAFE IN HOTEL, ESCAPES WITH $800 IN CASH

WINNIPEG, Jan. 5 (CP).—While the night clerk, sole occupant of the Corona Hotel office here, left his post for a few minutes early Sunday morning, a robber looted the hotel's unlocked safe and escaped with $800 in cash. The money was missing when the clerk returned from an errand to another part of the hotel.

Police, minus a description of the thief, were without a clue to the robbery.

COMPETITION BETWEEN WEATHER PROPHETS IS BEING HELD IN EAST

PHILADELPHIA, Pa., Jan. 5.—Science led soothsaying by a windvane and a couple of gadgets today in the weather-guessing sweepstakes between George S. Bliss, Government Weather Bureau expert, and Sam Brunner, veteran goosebone prophet.

The contest is being conducted by a Philadelphia newspaper to determine the comparative accuracy of scientific methods of forecasting as opposed to the barnyard variety involving goosebones, groundhogs, your Uncle Dudley's "Rhumatiz" and similar rinkiboo. It began January 1 and is to continue for one month.

The newspaper's score card giving the daily forecasts shows Bliss predicting at an .800 clip, and Brunner, .600. One full game, in this case, a forecast of tomorrow's weather, separates them. Bliss has won four and lost one. Brunner has three wins and two losses. Each was scored with a win and a loss yesterday. Bliss said it would be mostly cloudy, with moderate winds; Brunner, that it would be clear and cold. The day was clear, with warm winds.

THE KING STARTS NEW YEAR WITH RENEWED VIGOR

His Majesty in Better Health Than Before His Illness

AGAIN IN FULL SWING OF ROYAL ACTIVITIES

LONDON, Jan. 5. (AP.)—King George starts the new year a well man again, in better health than before his illness.

Only a year ago he still was convalescent, moving under the watchful eye of his physicians, appearing at no state functions.

A few months before that his life had been in the balance while he fought the illness which started when he was chilled while honoring England's war dead. Long grueling months of illness followed and more months of invalidism, irksome to a man whose life has been as active as that of the King.

But now that fight seems surely won.

RETURNED WITH VIGOR

At sixty-five—when many men are thinking of knocking off, he has returned with vigor to his full duties as monarch of an Empire. For six months and more he has been edging back, bit by bit, into the stream.

First there were audiences at Buckingham Palace, then courts, and, finally, indicative of his fuller recovery, he opened Parliament in person. It was the first Parliament under a Labor Government ever opened by an English King.

RANG WITH PERSONALITY

When the India round table conference met, the King opened and addressed it in peson. His speech was not an invalid's speech, but rang with the personality of the man.

Life at the palace seems returned to normal—occasionally their Majesties attend the theatre, they attend divine services each Sunday, there are intimate family parties, ambassadors are received and audiences given and frequently the Royal couple go to Sandringham.

No greater index of His Majesty's renewed strength could be found than in his return to the sports he dearly loves, hunting and yachting.

KEEN ABOUT YACHTING

As early as last August the King was on his racing cutter Brittania at Cowes, and despite severe squalls, stuck to the ship to the end of the race. Now he is thinking of having it altered for other competitions.

Early in December he did his first shooting at Windsor. Despite a foggy day he got a good bag, showing his eye and his hand are still good.

From official sources it is learned, that, as a matter of fact, the King's health is better than it has been in the last five years, perhaps because of the careful treatment following his illness.

RESULTS OF CADETS' CONTEST ANNOUNCED

Vancouver Team Tenth in Earl Roberts' Imperial Competition for Last Year

OTTAWA, Jan. 5 (CP).—Canadian Cadet teams came ninth, tenth, twelfth, fourteenth, seventeenth and eighteenth in the Earl Roberts Imperial Cadet Trophy competition in 1930, according to a report issued today from the Department of National Defence. This shooting competition is an annual event open to Cadet units representative of Cadet training areas throughout the British Empire.

The highest possible score was 320 marks, of which Hamilton Central Collegiate Institute scored 238 to secure ninth place. The Seaforth Highlanders of Canada Cadet detachment, of Vancouver, was tenth, with a score of 233.

The winners of the trophy were the Senior Cadets of South Australia Military District, No. 4, with a score of 303. Liverpool College, England, came next with 271, and the Sydney, N.S.W., Grammar School third, with 258.

Additional Canadian scores were Tillsonburg High School, Ontario, twelfth, 216; Winnipeg Highland Cadets, fourteenth, 202; Lorne, N.B., Cadet Corps, seventeenth, 16, and Glebe Collegiate Cadet Corps, Ottawa, eighteenth, 159.

POLICE SCOUR LOWER MAINLAND FOR THUG

VANCOUVER, Jan. 5.—Police of Vancouver and the Lower Mainland are conducting an extensive search for the alleged companion of Frank Dewey, thirty, reported to be a recent arrival from Edmonton, who is charged with attempted murder and robbery with violence following the holdup of the Pacific Pacific Drug Company store on Robson Street early Saturday night.

PARISHIONERS BATTLE WITH POLICE FORCE

Chicago Church Congregation Resists Removal of Rev. E. A. Kowaleski

MASS IS CELEBRATED UNDER POLICE GUARD

CHICAGO, Jan. 5 (AP).—Quiet prevailed today at the Parish of St. Mary Magdalene Church, following a disturbance during which several hundred parishioners, resisting removal of their pastor, Rev. Edward A. Kowaleski, fought with police. Ten men were arrested, but were subsequently released without charges. Police said some of them were hoodlums and not affiliated with the church.

The trouble, coming as a prelude to the early Sunday morning mass, began when a group of young men climbed through the church windows and started ringing the bells. Others lighted a bonfire. Scores of parishioners hurried to the scene and a riot squad of 125 police dispersed the crowd with clubs. A newspaper reporter was manhandled by a group of men.

Mass was said by Rev. Peter Bona, pastor of a neighboring church, under a heavy police guard. He denounced the demonstrators for attempting to resist Rev. Kowalecki's removel. He said Rev. Wowaleski, given a canonical trial by order of Cardinal Mundelein after he had struck an assistant, had been relieved of duty pending appeal of his case to church authorities at Rome.

A police guard was also used at another house of worship yesterday, St. Mary's Greek Catholic Church. About 300 members of the congregation in a dispute with the parish priest, were put out of the church, but moved to another building, where services were held.

Man Claiming to Be Priest Under Arrest in East

MONTREAL, Jan. 5 (CP).—Clad in the robes of a priest and claiming to be Rev. Father Charest, of St. Zotique Parish, Girard Charest, twenty-five, was arrested last night and charged with false pretences. The man was said to have been reported in various sections of the city and adjoining country, where he had been soliciting alms allegedly for church purposes, over a period of years.

GENERAL ESCOBAR IS NOT DISCOVERED YET

Authorities, However, Learn Considerable of Movements of Former Mexican Rebel Leader

MONTREAL, Jan. 5 (CP).—Authorities searching for General Jose Gonzales Escobar, former Mexican rebel leader, who has been ordered to appear in Superior Court here, Wednesday, to answer a writ for annulment brought by his wife living in El Paso, Texas, stated that they had failed to locate him, but had learned considerable about his movements here. Under the name of J. Deras, it was said, he had lived at three different addresses in Montreal, but had made numerous journeys away from the city for long periods. He was believed to have made several trips between Vancouver and Montreal. He came here first from Vancouver in 1929.

Deposits made by General Escobar in Montreal banks have been attached to the extent of $200,000 by court order, following granting of a petition of Dame Concepcion Gloeldner Escobar, who seeks not only annulment of marriage, but disposition of common property of that amount. The petition claims that at the time of his marriage Escobar already had a legal wife.

Son of Former Kaiser Undergoes Operation

POTSDAM, Germany, Jan. 5. (AP).—Prince Oscar, fifth son of the former Kaiser, was operated on Saturday for appendicitis at the City Hospital by Prof. Bier, the personal physician of the former Kaiser.

General Von Dokhes, marshal of the imperial household at Doorn, witnessed the operation on behalf of Oscar's father. The patient is reported doing very nicely.

LIVESTOCK INDUSTRY TO BENEFIT BY RATES TO HUDSON BAY PORT

REGINA, Jan. 5 (CP).—Hon. J. A. Merkley, Minister of Railways, Labor and Industries, on Monday stated that while Saskatchewan grain producers will receive substantial financial benefits from the application of Crow's Nest rates to Churchill, Saskatchewan livestock producers will also share in similar prosperity, because special commodity rates have been secured from all Saskatchewan points to Churchill on export shipments of cattle and cured meats.

The provincial freight rates expert also drew attention to the fact that cattle and hogs processed in Saskatchewan packing houses and exported as cured meats, would also receive the benefit of very substantial freight rate reductions via the Hudson Bay route.

POOR SLEEP DUE TO GAS IN UPPER BOWEL

Poor sleep is caused by gas pressing heart and other organs. You can't get rid of this by just doctoring the stomach because most of the gas is in the UPPER bowel.

The simple German remedy, Adlerika, reaches BOTH upper and lower bowel, washing out poisons which cause gas, nervousness, bad sleep. Get Adlerika today; by tomorrow you feel the wonderful affect. You will say the day you read this was sure a lucky day for you. Sold by all leading druggists. (Adv't.)

DISMISSAL OF ACTION BY PASTOR IS SOUGHT

Suit Started by Rev. S. Robertson Orr Against Seventeen Church Members Adjourned

VANCOUVER, Jan. 5.—Dismissal of an action in which Rev. S. Robertson Orr sued seventeen members of Central Presbyterian Church, was sought in Supreme Court today and was adjourned by Mr. Justice W. A. Macdonald to January 14.

For the defendants, J. A. Campbell contended that plaintiff's examination for discovery showed that he had no cause of action. The plaintiff claims a declaration that he is still a minister of Central Presbyterian Church, and he also seeks recovery of certain money for salary.

It was a church matter, pointed out Mr. Campbell, and his clients have been sued in their personal capacities and are in no way liable.

Mr. Orr told the judge that the moderator of the church had written him last December that the case would remain in abeyance until the end of January to enable the parties to arrive at a settlement.

When Mr. Justice Macdonald inquired whether plaintiff could proceed on Wednesday, Mr. Orr said that he was busy that day in police court in a perjury action.

The action has been fixed for trial in Supreme Court on February 3.

POISON LIQUOR COSTS LIVES OF TWO WOMEN

Chorus Girl and Host Die Following Protracted New Year's Celebration in South

SAN FRANCISCO, Jan. 5 (AP).—Poison liquor drunk during a protracted New Year's celebration cost the life of a chorus girl and her host, police said today, as they searched for a "blonde woman bootlegger" who furnished the deadly drink. Another chorus girl, third member of the party, was seriously ill.

The party began New Year's eve and continued until Friday, but no ill effects were noticed until Saturday, when August Hinz, fifty-six, laundry truck driver, was stricken with blindness and convulsions. A few hours later he died.

Mrs. Margaret ("Teddy") Fitzsimmons, twenty-five, suffered a similar attack yesterday and died before doctors arrived. Miss Marie Hendleton, twenty-seven, the other member of the party, escaped a like death when she was given emergency treatment at a hospital as soon as she was taken ill, shortly after Mrs. Fitzsimmons died.

RELIEF PROGRAMMES REACH LARGE TOTAL

Ottawa Now Receiving Accounts From Provinces on Assisted Unemployment Scheme

OTTAWA, Jan. 5. (CP).—Construction programmes, calling for a total expenditure of $62,317,435, which will be shared by the Federal and Provincial Governments and Canadian municipalities, to relieve unemployment, have been approved by Senator Gideon Robertson, Minister of Labor. This total includes expenditures of $11,514,000 by the Canadian Pacific Railway and $14,159,403 by the Canadian National Railways.

The unemployment scheme of the Federal Government has reached a position now where accounts are coming in to Ottawa for payment, Senator Robertson said. In provinces from which no accounts have been received the work is continuing. The following accounts have been paid: Nova Scotia, $3,793.34; Quebec, $18,000; Ontario, $224,203.99; Manitoba, $115,398.21; British Columbia, $32,367.84; Yukon Territory, $20,000.

GRANDE PRAIRIE MAN WINS SPECIAL AWARD

Crowned Timothy King at Chicago Fair—Prize Given to Encourage Mixed Farming

WINNIPEG, Jan. 5. — Robert Cochrane, of Grande Prairie, Alberta, has been awarded the special Canadian National Railways cash prize in recognition of his victory at the Chicago International Livestock Exposition, where he won the world's championship for 1930 in timothy seed. The prize is awarded by the Canadian National Railways to the Canadian taking first prize in the timothy seed competition.

The railway's award for the champion in the alfalfa feed class was captured by Nick Chuette, of Ranier, Alberta, who has been taking championships at the Chicago Show in this division for a number of years.

These prizes have been granted by the Canadian National agricultural department for several years following the Chicago Show as an encouragement to the growing of forage crops that will lead to mixed farming in the West.

Cochrane, the timothy king, is said to have a larger area of registered seed grains in crop than any other individual or corporation in Canada, and has captured a number of championships at grain expositions.

SUGGEST GROWING LOGANBERRIES ON LOGGED-OFF LANDS

The directors of the Chamber of Commerce referred a resolution received from the Ladysmith Board of Trade dealing with the subject of logged-off lands on Vancouver Island and their utilization for growing loganberries, to the agricultural committee for report. The resolution of the Ladysmith body set out that there were large areas which had been logged off and which could be made to produce quantities of loganberries.

In this connection the resolution followed up with the suggestion that the Government should be approached and asked to have the liquor laws changed so that loganberry wine might be sold in beer parlors, which would increase the consumption of a local product.

As another means of encouraging the production of the loganberrier on this land, it was suggested that the Government might allow the lands to be relieved of taxation for five years.

COLDS THAT DEVELOP INTO PNEUMONIA

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the infected membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold is not relieved after taking according to directions. Ask your druggist. (adv.)

WHEAT FOR CHINA

The possibility that China will come into the market as a large purchaser of wheat is of high interest to this continent. The proposal is that to make this trade possible the American Government should lend China a 1,000,000,000 ounces of silver. This, however, would be lent on the understanding that, to reciprocate, China should purchase American wheat and other American products. Unless Canada were a participant in this loan, or made a loan or extended credit on her own behalf, it is not clear that the Dominion would enjoy any increased trade with China under the American proposal. The Winnipeg Tribune has advanced the suggestion that the Dominion Government might establish a three-year credit through which the Nanking Government could enter into an arrangement to purchase Canadian wheat. It is something along this line that Mr. R. B. Bennett has in view and explains the present visit of Mr. H. M. Marler to China.

In past years China purchased a good deal of low grade wheat and flour from Canada. Her purchases in this respect have fallen off because of the depreciated price of silver. That has made our wheat too expensive for China, and even the low price to which it has fallen here has not helped matters. Under the plan of a revolving loan fund which is being established to provide relief for the Prairie farmers it would be possible to give the Chinese Government certain credits which would foster the flow of wheat from this Dominion to the Orient. The point to be borne in mind, and to be sure of, is the stability of the present Nationalist Government in China.

GOLD AND PRICES

In any advancing community the growth of population and the accompanying expansion of business render necessary the use of an increasing quantity of money to facilitate exchange of goods. It is reasonable to assume that the rate of increase of the monetary requirements of the country should bear some relation to the rate of progress in national wealth. If Canada's population and wealth were doubled in the next twenty years the money necessary to carry on the business of the growing population would likely increase step by step with the growth of the community.

Economists do not fail to observe and scrutinize with care the increase in gold production from year to year and to express opinions as to whether it is excessive or scanty. The actual gold supply of the world and the actual yearly additions to the total supply are matters of record. The normal gold supply and the normal gold production are matters of opinion. Upon what data does opinion rest?

The average increase of national wealth in a number of countries of Western Europe before the war was in the neighborhood of 3 per cent. A painstaking study of conditions in Sweden during a period of about a quarter of a century showed that national wealth increased at the rate of 3.18 per cent. Canada's annual percentage of increase in national wealth from 1921 to 1926 is estimated at 3.6 per cent. These figures furnish a suggestion as to the amount of fresh gold necessary to oil the wheels of expanding commerce in a progressive community.

A more accurate way of determining the normal gold supply and the normal gold production is that of Cassel, the eminent European economist. In one series of figures he shows the actual world stock of gold increasing by annual additions of fresh production during a long period. The period chosen was from 1850 to 1910, and the reason for choosing that sixty-year period was that the general level of prices was the same at the end as at the beginning. Cassel held that the average rate of increase in the world stock of gold during that period must be the figure he was looking for. He found that the quantity of gold in hand in 1850 if increased regularly at about 3 per cent per annum, 2.79 per cent to be exact, would amount to the actual world supply as it stood in 1910. He now had a second series of figures showing the normal world supply of gold alongside of those showing the actual gold supply for each year of the period. To these two sets of figures he added a third, giving from year to year the ratio between the effective and the normal gold supply, which ratio naturally receives the name of the relative gold supply. The table is given below in ten and five-year intervals in millions of dollars:

Year	Actual Gold Supply	Normal Gold Supply	Relative Gold Supply
1850	2,500	2,500	1.00
1860	3,842	3,200	1.17
1870	5,084	4,330	1.17
1880	6,184	5,700	1.08
1885	6,662	6,540	1.02
1890	7,194	7,500	.96
1895	7,971	8,307	.93
1900	9,244	9,287	.94
1905	10,834	11,330	.95
1910	13,000	13,000	1.00

The significant feature of this table is that a comparison shows that there is general agreement between the relative gold supply and the price level of commodities during the period. This, in Cassel's opinion, points to the conclusion that the main cause of the variation in the price level of commodities lies in the changes of the relative gold supply. To the ordinary observer it seems, at any rate, to be sufficient ground for the suspicion that the connection between the abundance or scarcity of gold on the one hand and the level of commodity prices on the other is causal, and not merely casual. The scarcity of gold during the nineties and the very low level of prices were much discussed in those days.

It will be worth while to bring these calculations up to date on the basis of the gold production statistics in the Canada Year Book. In the table below, the normal gold supply (in millions of dollars), is calculated on the basis used by Cassel, namely 2.79 per cent.

Year	Actual Gold Supply	Normal Gold Supply	Relative Gold Supply
1910	13,000	13,000	1.00
1915	15,310	14,917	1.026
1920	17,282	17,116	1.009
1925	19,069	19,635	.971
1929	20,689	21,806	.948

These figures indicate that gold production, normal in 1910, increased for several years at a rate higher than normal. By 1921 the rate had slackened down to normal and in 1922 it was below. From that date to the present the shortage of gold production has been progressive. Today the relative gold supply figure is close to that of the 'nineties when the price level of commodities was very low, indeed. In 1922 gold production reached the low level of $320,000,000. Since then there has been a slow but steady increase, but not enough to bring the supply up to normal. The production in 1929 was $417,000,000, a considerable advance on the figure of seven years ago. It is reasonable to expect a marked increase in gold production for some years to come.

A KINDLY ACTION

His Honor Lieutenant Governor R. R. Bruce is possessed of that disposition which revels in the doing of kindly actions. This has been illustrated once more by his gift to the Canadian Scottish Regiment, of which he is honorary colonel. He has that intuitive faculty of doing good in a wholly discerning spirit and of evoking very heartfelt gratitude because of the character of his actions. He has taken a lively interest in the fortunes of the Canadian Scottish; he has, indeed, helped to make it the finest militia regiment in British Columbia, and perhaps as fine a one as can be found throughout the broad Dominion. The regiment feels signally honored in having such an honorary colonel who devotes so much thought to its welfare. Needless to say the latest tangible evidence he has given of his enthusiasm for the Canadian Scottish is the subject of the keenest appreciation. His action is typical of that kindliness and generosity which have made him so deservedly popular as His Majesty's representative in this province.

HOW TIMES HAVE CHANGED

Mr. Charles Clark, editor of the High River Times, Alberta, having completed his twenty-fifth year as publisher, his brother, Colonel Hugh Clark, ex-M.P., Kincardine, has written him as follows:

"Twenty-five years ago we didn't know the word radio, or rodeo either. Never heard of static except in connection with hydro. Never heard of combines except in restraint of trade. Never heard of differential except in connection with calculus. Never heard of Hollywood in connection with screens or of Chicago in connection with pineapples. Never heard of fuselage or camouflage or pill boxes or archies, or communiques or moratorium. Never heard of Blighty and had no idea that it was such a long way to Tipperary. Didn't know what wangling meant or swinging the lead, or the zero hour and the extra hazardous risk of going over the top. Never heard of morons or paranoics, or psycho-analysis or normalcy, or allenists or psychiatry. Never heard of pyorrhea, or jazz, or arthritis, or whoopee or Voisteadism or Vitamin D. Never heard of mah jong or mass production, the flying tackle in wrestling, or the rabbit punch. Never heard of plus fours or pee wee or the foot and mouth disease. Never dreamed the time would come when women who sit in polling booths as scrutineers, would stand in street cars as strap-hangers. Never dreamed of men who looked up when the hair was long, would look down when the skirts are short. Never dreamed that brokers would go long in fine and short in confinement. Never dreamed that men would prefer daylight to darkness when their deeds are evil as bandits do now. O, how unsophisticated we were!"

IN EDEN

In Eden, where the mornings ran
Slowly and warmly into night,
And water moved beneath the weeds
Virgin and fresh in heaven's light,
There was no love.
Fair Adam walked
With lovelier Eve upon the grass,
And, still dispassionate, surveyed
The casual clouds that drift and pass.
No charity perplexed his eyes,
No love disturbed the lips of Eve,
They heard without deep pleasure's pain,
The nightingale's long "I believe."
But hungry Eve, grown ill-content,
Stretched out her hand, desiring fruit,
And lust, and love, and charity,
Plucked with the soft and rounded loot.
—R. M. J. Campbell, in The London Observer.

Hands of invisible spirits touch the strings of that mysterious instrument, the soul, and play the prelude of our fate.—Henry W. Longfellow.

They are never alone that are accompanied with noble thoughts.—Sir Philip Sidney.

He scatters enjoyment who can enjoy much.—Lavater.

Silver and gold are not the only coin; virtue, too, passes current all over the world.—Euripides.

The Weather

Meteorological Office, Victoria, 8 p.m., January 5, 1931.

SYNOPSIS

The barometer remains low on the Pacific Slope, and unsettled, mild weather prevails over this Province. Fine weather with moderate temperatures is reported in the Prairies.

Note and Comment

By R. B. D.

Honor and shame from no condition rise:
Act well your part, there all the honor lies.
—Pope.

The New Year honors bestowed by His Majesty the King (by and with the advice of the Labor Government, whose supporters have often expressed contempt for such undemocratic nonsense), appear to have given satisfaction to almost everybody. Positon and wealth apparently had little to do with the selection of the individuals whom the King delighted to honor, for a labor man and a newspaper man were invested with the most noble order of knighthood. Sir James Sexton, the representative of Labor, began to earn his living at the early age of thirteen years. If he has been manfully making his own way in the world ever since, Sir James is entitled to any honors within the gift of royalty. Sir Willmott Lewis, the newspaperman who has been knighted, is the Washington correspondent of The London Times, and that is a position of great power and tremendous responsibility in these times which try men's souls, as a distinguished American once said. Sir Willmott's colleagues in Washington are reported to be highly delighted with the mark of Royal distinction conferred upon their fellow-laborer in the journalistic field.

* * *

It may be said that such matters are merely of abstract interest to the people of Canada. For while it may be within the power of the King to confer honors upon Canadians who have rendered their own country or the Empire distinguished services, the Parliament of the Dominion has expressed its disapproval of such undemocratic titles and decorations, and His Majesty is always very careful in his observance of public proprieties. So there are no Canadians in the honor list this New Year, and from a strictly impersonal and non-political point of view we believe that is a pity. In other days many Canadians were recipients of honors, and we do not believe those singled out for distinction were one jot less democratic in their public views or one whit worse Canadians after they were decorated than they were before they were decorated.

* * *

The resolution in deprecation of Imperial honors was adopted at a time when Parliament was controlled by a Liberal majority. One of the traditions of the Canadian Liberal party expressed abhorrence of anything which appeared to savor of Imperialism. It is true that Sir Wilfrid Laurier, who professed to be "a democrat to the hilt," was the recipient of Royal honors; but all good and true Liberals of Sir Wilfrid's day and of today, declared or declare that the great leader only consented to abjure his democratic principles at the personal solicitation of Queen Victoria. That act of abjuration is traditionally said to have cost Sir Wilfrid the respect of both the radical West and the Conservative East. The West was inclined to be radical in its political principles even to the extremity of flirting with republicanism. The East (Quebec) was intensely anti-Imperialistic and ultra-Liberal in its views, but strongly conservative in its principles. Therefore it was under the domination of the radical West and the conservative East that the Canadian Parliament was persuaded to abolish bestowal of Royal honors and titles upon Canadians. That was the beginning of a movement which has cut one by one the sentimental ties between Canada and the Mother Country. Possibly Canada has gained something by that process of amputation, but the advantages gained are not easily discerned.

* * *

At any rate, Canadians have but an abstract interest in the distribution of Royal honors. While our republican neighbors are reported to be delighted to have one who has long lived among them decorated with the order of knighthood, we are officially compelled to admit that we "care for none of these things," belated survivals of obsolete institutions. Possibly it is because we are an effete and obsolete institution that we believe we regret the action of Parliament in adopting such a resolution. We should have been delighted to read in the papers that some worthy and deserving Canadian had been adjudged deserving of the honor of knighthood or that his services had been recognized by his Sovereign in some equally fitting manner.

* * *

Whatever views we may have expressed, or whatever views we may privately entertain respecting the services to Canada or the Empire of Rt. Hon. William Lyon Mackenzie King, we believe Rt. Hon. Sir William Lyon Mackenzie King would have been "a very fine name," and we also believe that Rt. Hon. William Lyon Mackenzie King would have considered it a very fine name and worthily bestowed. But the irony of the situation is that it was under the leadership of Rt. Hon. William Lyon Mackenzie King himself that any such desirable consummation was prevented. We are almost sure that if the unfortunate resolution of Parliament had not made it impossible, Rt. Hon. R. B. Bennett would have been delighted to recommend to His Majesty the King the bestowal of the most noble order of knighthood upon the leader of the Canadian Liberal party. And we are quite sure His Majesty the King would not have had to plead with Mr. King to accept the decoration.

THE COLONIST IN NEW YORK

The Colonist is delivered to the principal New York hotels, on order only, by the Long Acre Newspaper Delivery. Order may be given to the Mail Clerk of your hotel, or telephone to Longacre, 4649.

IN LONDON

The Colonist may be procured at the International News Stand of Messrs. Selfridge & Co., Oxford Street.

R. B. MATTHEWS ADMITTED TO BAR

Three Vancouver Men Also Called by Mr. Justice Gregory in Chambers

Ralph B. Matthews, son of Mr. and Mrs. E. C. Matthews, 392 Arnold Avenue, has been called to the bar of British Columbia. He will follow his practice in Victoria in association with E. H. M. Foot. Mr. Matthews attended school and college in Victoria, later graduating from the University of British Columbia and following this up with a post-graduate course in the University of Saskatchewan, where he took his LL.B. Last year he was admitted to the practice of law in Saskatchewan.

The ceremony connected with the event took place in chambers yesterday before Mr. Justice Gregory. In addition to Mr. Matthews, who was called and admitted, three others, two of them from Vancouver, were accorded the same honors. These were Albert Edward Grauer, Courtney Forsythe MacLean, and Edward Maxwell, the latter of Ladner.

W. C. Moresby, K.C., the senior bencher of the province, introduced the new lawyers to His Lordship.

CHAMBER DOES NOT OFFER RESOLUTION

A motion was proposed at the meeting of the directors of the Chamber of Commerce yesterday by James Parfitt expressing the opinion that the chamber regarded it as a backward step to approve the opening of beer parlors in the city.

It was felt, however, on the part of the president, P. B. Fowler, that, irrespective of what the opinions of the members present were on such a matter, it would not be wise for a few to commit the 800 members of the chamber to a decision one way or the other.

This was the general opinion, although several members, including J. O. Cameron, Captain George McGregor, R. W. Mayhew and W. R. Straith, expressed opinions against the inauguration of beer parlors.

LEAVES FOR CONFERENCE

EDMONTON, Jan. 5.—Premier J. E. Brownlee left here Monday morning for Regina, where he will attend a conference of prairie Premiers with regard to extension of markets for Canadian wheat.

SUNRISE AND SUNSET

JANUARY

Time of sunrise and sunset (Pacific Standard time), at Victoria, B.C., for the month of January, 1931.

	Sunrise	Sunset		Sunrise	Sunset

SOUND AUCTION and CONTRACT

by WILBUR C. WHITEHEAD

The World's Greatest Authority

A Clever Defence and Its Foil

Contract Bidding

	1st Rd.	2nd Rd.	3rd Rd.
South	1 ♦	3 ♠	Pass
West	2 ♥	4 ♥	Pass
North	2 ♠	Double	
East	3 ♥	Pass	

Auction Bidding

	1st	2nd	3rd	4th	5th
South	♦ Pass	Pass	3	♠ Pass	
West	1 ♥	2 ♥	2 ♥	4 ♥	Pass
North	2 ♠	Pass	Double		
East	Pass	Pass	Pass		

The above deal was played in a recent tournament at Asbury Park for the mixed team of four championship contest for the Shepard G. Barclay Cup.

The division of the high Clubs as between East and West may differ slightly from the actual holding but this is of no moment except in so far as it might affect the Contract bidding. The main point of the hand is the play.

The contract was four Hearts by West, doubled by North. While North's double was undoubtedly sound and was made in all instances, there was a variation as to the opening lead. South having bid a diamond, North in many instances opened the King of Diamonds. With such an opening it is impossible to defeat the contract.

North's proper opening is the eight of Clubs, for he has a double stopper Hearts and should be able to trump the third round of Clubs by putting partner in the lead with the [illegible] Ace of Diamonds. Where this opening was made there were few West players who sensed the situation properly and counted. An immediate lead of the singleton Diamond will insure South's being unable to get in the lead to lead a third round of Clubs should North's eight of Clubs prove to be the top of two instead of a singleton. On the contrary, the majority of players took the first trick in Dummy and proceeded to finesse the Heart.

SALIENT POINTS OF THE BIDDING

Contract: South opens the bidding with one Diamond and West overcalls with two Hearts to invite partner to give an assist if he has any trick-taking value whatever. North bids two Spades and East, with two small Spades in his hand and K-Q of Clubs, bids three Hearts. South bids three Spades; West bids four Hearts and North doubles, concluding the bidding.

Auction: The bidding is the same as at Contract except that West overcalls South's Diamond bid with one Heart instead of two, and the bidding is gradual until it reaches four Hearts doubled.

THE PLAY

North opens the eight of Clubs. The Dummy going down, it would appear as far as the high cards go that East and West should lose one Diamond and either one or two Hearts depending upon the position of the Queen. There is little likelihood of losing a Spade with this opening for the reason that the adverse trumps will probably be exhausted early enough to discard the Queen of Spades on one of Dummy's Clubs. If such were not the case, then it would be necessary to take the Spade finesse.

West, however, must recognize the fact that North had a perfectly good lead of a Diamond (his partner's suit) except for the fact that he must be short of Clubs. Accordingly, this trick is allowed to run to West's Ace.

West now in hopes that North may hold two Clubs instead of one leads his singleton Diamond to force South to use his only entry aside from his possible Ace of Hearts. A second Club is led, the trick taken in Dummy and the Heart finessed. This finesse losing to North's Queen, North and South must make two Heart tricks and one Diamond trick, but West will make his contract.

CAPITALISTS OF EAST TO TAKE PART IN LOAN

Fund for Prairies to Be Secured From Manufacturers and Others

WINNIPEG, Jan. 5.—The Free Press Evening Bulletin today publishes the following:

The plan to establish a new loan association to stimulate the growing of livestock, especially in the Prairie Provinces, announced by Premier Bennett in his address at Regina, is under discussion in the city at the present time in the offices of Winnipeg banks, loan companies and many others interested in the development of the Western Provinces.

The consensus of opinion among financiers and others appears to be that, with the experience of the past in Canada behind him for his guidance, Mr. Bennett will not consent to the use of a single dollar of Government money.

Private advices from the East are to the effect that a hard drive will be made to secure the needed capital from the two big railway companies, the very large industrial concerns of the East, including machinery companies, from the Canadian chartered banks, the big insurance companies, trust and loan companies, large merchandising companies and similar sources.

With reference to the two big railway companies, it is known that E. W. Beatty, of the Canadian Pacific, and Sir Henry Thornton, of the Canadian National, are already fully sold on the idea, and are ready to co-operate to the utmost. Their idea, apparently, is to subscribe a sum of money and be prepared to wait a considerable time for any interest. The gain of the companies will be through the increased general prosperity of the Prairie farmers.

The Rhyming Optimist

By Aline Michaelis

THE ARTIST

The model wearies and the daylight wanes,
For soon the dusk will creep
Like curtains drawn across the windowpanes,
Vague shadows grow more deep;
But heedless of the hours, the artist stands,
With eager brush he lays the colors on
Until there breathes beneath his ardent hands
A new moon-maiden, lovely as the dawn.

All unapproached his vision still remains,
Despite the beauty there;
The faultlessness a dream alone attains
Leaves in its wake despair.
Always on earth the dream must be denied,
And so the artist sees
His dearest longings go unsatisfied,
Life's wine must have its lees.

Yet, still, perfection beckons through the days
And ever in his soul
Joy quickens, this high joy for him always—
The quest and not the goal!

MAN KILLED BY AUTO

WASHINGTON, Jan. 5 (AP).—An unidentified man was fatally injured early this morning by an automobile driven, police said, by the first secretary of the Spanish Embassy, Don Jose Ricardo Gomez Acebo.

Letters to the Editor

No letter to the Editor will be inserted except over the proper signature and address of the writer. This rule admits of no exception.

"EMINENT ASIANS"

Sir,—A friend in Rotary International has called to my attention, since my recent return to America, an editorial remark made in your paper some time last Summer attacking my book "Eminent Asians" extravagantly as the "greatest mass of inaccuracies ever assembled in any one book," etc., etc.

Since I have many friends in Victoria, like it, live there several weeks each year, do some of my research in your excellent Parliamentary Library, I take the trouble to call to your attention and, I trust, to that of your readers who had the previous remark thrust upon them, that you were quoting Mr. Edward Thompson's attack in The London Times on my book; that, however, you did not quote my answer to the attack in The London Times; that had you read it, or better still, read the book, you would have learned that he deliberately falsifies my statements in the book in order to poke fun at them. If you looked farther into the matter you would find the book not an attack on Britons or anyone, but an investigation of the lives and motivations of the men who are remaking Asia—certainly a knowledge desperately needed by those engaged in administration there. And you would find that in general, every move made in Asia since the book's publication is in harmony with the interpretation given therein. If you looked into the career of Mr. Thompson, the critic whom you so readily quote, you would find that he has more greatly incensed the staunch and stand-pat protagonists of British supremacy in India through his book "The Other Side of the Medal" than ever I have done. That he suffered chastisement from said stand-patters and apparently tries to "square himself" by his vitriolic, exaggerated and ill-founded attack upon me. American newspapers probably do not appreciate Mr. Thompson's and your needlessly involving them in your attack against me. It would be better strategy to attack me alone—not to line them up on my side.

UPTON CLOSE.

FIFTY YEARS AGO TODAY

(From The Daily British Colonist of January 6, 1881)

The new cars at the drydock raise an average of 250 loads of earth per day.

The earnings of the Union Pacific Railway during 1880 were $35,600,000, an increase over 1879 of $2,500,000.

A large consignment of powder, which arrived per steamer Bignet for railway works, left Welch, Rithet & Co.'s wharf yesterday afternoon in the schooner Mary Ellen for Esquimalt. Nervous persons who were aware of the close proximity of this dangerous cargo slept uneasily on Wednesday night, but may rest contented again after being made aware of the above item of news.

A calico factory that will employ from 1,200 to 1,400 hands and work a thousand looms will be established at Toronto by a Manchester firm.

The steamer Isabel reached her wharf yesterday afternoon from Port Townsend.

A rousing requisition was yesterday presented to the councillors in the James Bay Ward asking them to stand for re-election, and they have consented to do so.

TAKES ACTION FOR RECOVERY OF SECURITIES

Case on Trial Arises Out of British Columbia Bond Bankruptcy

FIFTEEN THOUSAND DOLLARS INVOLVED

Before Mr. Justice D. A. McDonald, an application is being made on behalf of the trustee of the British Columbia Bond Corporation, F. E. Winslow, for the return of certain securities which were obtained by Norman McKee Lang, of Vancouver, just before the entry of the bond company into liquidation. The sum of $15,000 was paid by Mr. Lang in connection with the transaction.

It is claimed by the trustee that the securities, which were in the name of Angus Campbell, of this city, should not have passed. On the other hand the claim of Mr. Lang is that the transaction was one which does not affect the affairs of the bond company.

According to the evidence given by H. E. Boorman, the former head of the B.C. Bond, in answer to questions by D. N. Housie, who is counsel for Mr. Lang, the transaction arose out of the Vancouver manager of the B.C. Bond, G. Lyall Fraser, offering Mr. Lang preference shares in the Adelphi Building transaction which was controlled by the directors of the B.C. Bond. The sum of $20,000 was to have been paid for these.

NEW PROPOSITION

This fell through and Mr. Fraser made another proposition to Mr. Lang to pay $15,000 in cash, which was to go to Mr. Campbell, who held some $70,000 in various shares. There was still outstanding on these about $33,000. This gave Mr. Campbell an equity of some $37,000 in these securities. He was willing to take the $15,000 in cash provided by Mr. Lang and allow ninety days to elapse before the remainder of the amount was paid up.

At that time, which was shortly before the company went into liquidation, Mr. Boorman said he believed the company could carry on its affairs without difficulty.

To M. B. Jackson, K.C., who, with D. P. W. Maunsell, is appearing for the trustee, Mr. Boorman said it was not until the bank pressed for further covering of securities that the directors and himself realized that they would have to become insolvent.

The condition which Mr. Boorman made with Mr. Fraser in Vancouver and which was approved of later by the directors of the B.C. Bond is attacked by Mr. Jackson. He contends that Mr. Boorman had no authority to enter into this arrangement. Even if he did, it was void under the provisions of the Bankruptcy Act, as being a fraudulent transaction, a preference being granted to Lang. In any event he contended it gave to Mr. Campbell a preference.

The case is still in progress and will be continued at 10 o'clock this morning.

Australian Exchange at 15 Per Cent

SYDNEY, Australia, Jan. 5 (CP).—The Commonwealth Bank of Australia and the leading trading banks of the Commonwealth, have been forced to raise their exchange rate to 15 per cent by the independent action of the Bank of New South Wales in taking this drastic step.

Banking circles were greatly surprised when the decision of the New South Wales Bank was made known, and after hurried conferences today, representatives of the trading banks and the Commonwealth Bank issued this statement.

In effect, the purchaser of foreign money must pay $15 for every $100. The rate has been at least 8 or 9 per cent on the London Money Market for many months.

WILL SEEK SEAT IN BY-ELECTION

Capt. M. F. Macintosh, of Salt Spring Island Offers Himself as Candidate

FAVORS PECK POLICY

CAPT. M. F. MACINTOSH

Who has offered himself for nomination as Conservative candidate for the Gulf Islands in place of Col. C. W. Peck, V.C.

Captain Macgregor F. Macintosh, late of Princess Patricia's Canadian Light Infantry, has been prevailed upon by representatives of the Conservative party of Salt Spring Island to seek nomination for the seat in the Provincial Legislature, vacated by Colonel C. W. Peck, V.C.

Captain Macintosh retired from the permanent force twelve months ago, after eight years of service. He was wounded while serving overseas with the P.P.C.L.I., and is now president of the Salt Spring Island Canadian Legion.

If elected as Conservative representative for the Gulf Islands, Captain Macintosh anounces that his policy will closely follow that of his predecessor, Colonel Peck. He has always taken the keenest interest in politics, both Provincial and Federal, although he has been precluded from taking an active part hitherto owing to the fact that he was serving in the regular army.

It is interesting to note, in view of the fact that he is a strong supporter of the Conservative party, that Captain Macintosh's wife is the second daughter of the late Sir Richard McBride.

BRANDON RECEIVES FIRST POWER OVER PROVINCIAL LINES

BRANDON, Jan. 5.—Brandon today had its first electric power over the province's new steel transmission towers from Portage la Prairie. The test, conducted by A. Trott, chief engineer of the Government Power Commission, was considered most satisfactory and within six weeks the city will likely receive most of its power over the new hook-up.

Details of the formal acquisition by the province of the Canada Gas & Electric Corporation are expected to be completed in a day or two.

HIT-RUN CHARGE HEARD IN COURT

Alleged Driver of Vancouver Death Car Faces Preliminary Hearing

CASE IS ADJOURNED

VANCOUVER, Jan. 5.—J. F. C. B. Vance, city analyst, testifying this afternoon at the preliminary hearing of Charles Lassard, Vancouver, charged with manslaughter in connection with the deaths of Miss Allison Wilson Candlish and Mrs. Herbert Connell, struck by an alleged hit-and-run driver Christmas Eve, near the corner of Broadway and Carnarvon Streets, asserted hair and down found on an automobile said to be owned by the accused, corresponded with that on a coat worn by Mrs. Connel at the time of the accident.

Hair and flesh which police assert was found on the car, are still being analyzed, and the case has been adjourned until January 12, to receive this evidence from Mr. Vance.

STATEMENT RESEALED

Magistrate H. C. Shaw, in ordering a written statement given by the accused to the arresting officers, Deputy Chief J. Murdoch and Inspector Albert Grundy, following his arrest on a ranch in Chilliwack, to be sealed up for the perusal of a higher court, intimated he considered sufficient evidence had been given to warrant Lessard's committal.

Police produced two new witnesses not heard at the inquest. They were C. Ainsworth and Joseph Forrest, both of White Rock, who testified they alighted from a street car at Bayswater and Broadway when they heard a crash. They told of seeing what appeared to be bundles rolling off the fender of an automobile. Both agreed they only saw one car. Its speed, they estimated, was fifteen to twenty miles an hour.

IDENTIFIED ACCUSED

Ainsworth identified Lessard in court as the driver of the car, but admitted under cross-examination by Howard Coulter, counsel for Lessard, that he had picked out another man as the driver during a line-up at the police station.

The morning session was largely a repetition of evidence given at the inquest, in which a coroner's jury found the driver of the death car was unknown to it.

As a tribute to those who lost their lives in the landslides near Lyons, France, all radio broadcasting in England was discontinued for ten minutes.

Winners Announced In Colossal Plymouth Contest

1,011 PEOPLE SHARE IN VAST DISTRIBUTION OF PRIZES FOR BEST ESSAYS

The announcement Christmas Eve of the 1,011 prize winners in the Plymouth Motor Corporation's world-wide contest based on essays of "Why I'd Buy a Plymouth," brought to a close one of the most keenly contested competitive events of modern times.

The first prize, of $1,000 a year for the rest of his life, went to I. H. Sefton, newspaper editor, of Colfax, Cal. Trips around the world were awarded to Mildred Anderson Bradley, Box 69, Shelgonville, Mass.; Eddie Reed, Police Headquarters, Portland, Ore.; Mrs. Annie Chandler, 1943 Summit Street, Toledo, Ohio; W. F. James, 414 South Iuka, Pratt, Kan., and Harry J. Colwell, 5243 West Waite Street, Seattle. Awards of $1,000 cash each went to Mrs. M. F. Bragunier, 2796 Herschell Street, Jacksonville, Fla.; John W. Thompson, 2123 Lennox Road, Cleveland Heights, Ohio; Rev. Selden R. McCurdy, D.D., 963 Second Street, Muskegon, Mich.; Walter B. Jones, 1619 Forest Avenue, St. Joseph, Mich., and Miss Irene M. Anderson, 836 Boulevard Northwest, Calgary, Alta., Canada.

The Plymouth contest is considered colossal from point of world interest, number of contestants, number and generosity of prize awards and far-reaching results.

Three Victorians won prize money in the contest. In the results just announced, $100 or under goes to the following people: Horatio E. Hallwright, 1221 Richardson Street; Gordon Shaw, 1742 Fort Street; E. R. Bingham, 2039 Goldsmith Street. Four other British Columbians figured in the awards as well. A Barrie, Ont., medical man was the only Canadian to gain a new Plymouth car, the most coveted of all the prizes.

VETERAN EMPLOYEE OF CITY PASSES

Clement Allen, a resident of this city for forty years and for many years streets foreman for the city of Victoria, passed away yesterday at the residence of his daughter, Mrs. W. H. Rivers, 2549 Belmont Avenue, after a lingering illness, patiently borne.

Mr. Allen was born in Wales sixty-six years ago, and resided in Victoria for forty years. He is mourned by his widow and only daughter, also one granddaughter here; two brothers and sisters in England.

The funeral will take place from Hayward's B.C. Funeral Chapel tomorrow afternoon. Interment will be made in the family plot in Ross Bay Cemetery. The funeral will be private, and it is specially requested no flowers be sent.

Obituary

BAILEY—The remains of Harry Bailey, who died January 2, were conveyed to their last resting place at Ross Bay Cemetery yesterday afternoon. Services were conducted by Rev. G. A. Reynolds at the Sands Funeral Parlors. The hymns sung were, "Abide With Me," and "Nearer, My God, to Thee," and the solo, "Sleep On, Beloved." The pallbearers were: E. Wagg, R. Lawson, M. Wellburn and W. Hallgren.

GEE LEONG—The funeral of Baby Gee Leong was held from the Sands Funeral Parlors yesterday afternoon, and the remains were laid to rest in the Chinese Cemetery.

GARRATT—The funeral of Bryan Corbett Garratt, who passed away Friday, will take place this afternoon, leaving the Sands Funeral Chapel at 1:45 o'clock, and at 2 o'clock services will be conducted at St. Mark's Church, Cloverdale, by Rev. O. L. Jull. The remains will be laid to rest in the Royal Oak Burial Park.

McCALL—A large number of friends attended the funeral of Mrs. Isabella McCall, which took place on Monday afternoon from McCall Bros.' Funeral Home. Rev. W. G. Wilson, D.D., conducted the service, during which the hymns, "Rock of Ages" and "Peace, Perfect Peace" were sung. Interment was made in Royal Oak Burial Park, with the following as pallbearers: D. MacKenzie, A. MacKenzie, J. Gibb, W. Paterson, A. Coates and J. Craig.

BELLACK—The funeral of Cyprian Louis Bellack took place from Hayward's B.C. Funeral Chapel yesterday morning at 8:45, proceeding to St. Andrew's Cathedral, where mass was conducted by Rev. Father Gaudette at 9 o'clock in the presence of many friends. The pallbearers were L. J. Marston, Patrick Mullane, J. T. Clark, L. Kissinger, C. O'Leary and T. Wakeman. Interment took place in Ross Bay Cemetery.

CAMERON—On January 4 John Daniel Cameron died, aged forty-seven years, a native of Manitoba, and a resident of Victoria for the past fifteen years. He is survived by his parents, Mr. and Mrs. James Cameron, of 2842 Douglas Street, and his aunt, Miss Mary Finlayson, of the same address; one sister, Mrs. Clark Foster, of Minot, North Dakota; five uncles, Roderick Cameron, of Hancock, Michigan; Alexander, Albert and Charles, in Manitoba, and John Finlayson, of Munson, Alberta. The remains are resting at the Thomson & Fetterly Funeral Home, pending funeral arrangements, which will be announced later.

CUNNINGHAM — There passed away at St. Joseph's Hospital on January 4, Seymour deTrafford Cunningham, of "Rossail," 3060 Harriet Road, Saanich, aged seventy-three years, born in Manchester, Lancs., Eng., and residing in Victoria for the past twenty-six years. He leaves to mourn his loss, besides his widow, three sons, Cyril in Hanston, Texas, James in San Francisco, and Gerald in Victoria; also, one sister residing in London, Eng. The remains are reposing at Hayward's B.C. Funeral Home, from where the funeral will take place on Wednesday morning, at 11 o'clock. Interment will be made in Royal Oak Burial Park.

HURST—The remains of the late Robert James Hurst, who passed away on January 3, are reposing at Hayward's B.C. Funeral Chapel, from where the funeral will take place on Wednesday afternoon at 2 o'clock, proceeding to St. Barnabas' Church, where service will be held at 2:15. Interment will be made in Ross Bay Cemetery.

O'CONNOR—The remains of Mrs. Christina O'Connor are reposing at Hayward's B.C. Funeral Chapel, from where the funeral will take place on Wednesday morning at 8:45 o'clock, proceeding to St. Andrew's Cathedral, where mass will be celebrated at 9 o'clock. Interment will be made in Ross Bay Cemetery. It is requested that no flowers be sent.

Italy has started a campaign to reduce living costs

GIVING SERIES OF PROGRAMMES

Metropolitan United Church Sponsoring Twelve Twilight Recitals

SEVERAL CHOIRS HELP

An announcement which will be received with interest is to the effect that Metropolitan United Church will again sponsor a series of Sunday sacred concerts which became popularly known as "twilight recitals" last year. A number of the more prominent musical organizations of the city have co-operated in arranging these affairs, and several independent choirs will take part, notably the Arion Club, Schubert Club, Victoria Ladies' and Victoria Male Choirs, as well as the Fairfield Festival Chorus. An added attraction will be an orchestral programme offered by the Kiwanis Club.

TO END EASTER

The series will commence next Sunday and continue until Easter Sunday, April 5, each recital commencing at 4 o'clock and lasting one hour.

The dates arranged are as follows: January 11, St. Andrew's Presbyterian Choir; January 18, Victoria Male Choir; January 25, Kiwanis Club; February 1, Schubert Club; February 8, left vacant on account of cantata to be given at First United Church; February 15, Fairfield Festival Chorus; February 22, Victoria Ladies' Choir; March 1, Arion Club; March 8, Centennial United Choir; March 15, City Tempfe Choir; March 22, First United Choir; March 29, Oak Bay United Choir; April 5, Metropolitan United Choir.

GIVING TWELVE

From the above it will be noted that twelve twilight recitals have been arranged this year as against nine last year. These Sunday afternoon concerts have been arranged by Metropolitan Church with the hope that they will prove an inspiration and a genuine addition to the musical life of the city, and the co-operation of the above-mentioned organizations is gratefully acknowledged.

INQUEST TODAY ON BODY FOUND IN THE WATERS OF GORGE

John Daniel Cameron, forty-seven, only son of Mr. and Mrs. James Cameron, 2842 Douglas Street, was found dead in the Gorge waters, near the foot of Washington Avenue, Sunday evening about 7:45 o'clock.

Today a coroner's jury, presided over by Dr. E. C. Hart, city coroner, will convene at Thomson & Fetterleys' Funeral Home at 10 o'clock to investigate the man's death.

A native of Manitoba, Mr. Cameron is survived by his parents and an aunt, Miss Mary Finlayson, at above address; one sister, Mrs. Clark Foster, of Minot, North Dakota, and five uncles, Roderick Cameron of Hancock, Mich.; Alexander, Albert and Charles Cameron, of Manitoba, and John Finlayson, of Munson, Alta.

SEATTLE CAPITALIST HOME FROM GAME HUNT

SEATTLE, Jan. 5 (AP).—Hunting in British East Africa is easy and the climate is delightful, were the conclusions of Joshua Green, Seattle banker, after four months with John W. Eddy, Seattle capitalist; two white hunters and a safari of fifty natives in the African game land.

Green returned here today, but Eddy is still in the East. Over one hundred specimens of African animal life, including two elephants, a dikdik, a rare species of antelope, and several lions were bagged by the party for the University of Washington Museum. The party used four motor trucks for the 13,000 miles it traveled. Green, who has hunted brown bear in Alaska, said the northern game country compared favorably with Kenya Province in Africa.

BELIEVE WELL-KNOWN FORGER IS ARRESTED

TORONTO, Jan. 5 (CP).—Word has been received here from Detroit of the arrest there of a man believed to be Louis Parmalee, forger of international repute, who, posing as a clergyman, swindled two Toronto banks of approximately $7,000 last week and attempted to pass a third worthless cheque for $3,800.

According to information wired here, the man arrested in Detroit gave his name as Harry Barrett, fifty-one. He was attired in clerical dress, and a bank book with ten cheques filled out and signed with different names was found on him.

CHAMBER IS TO OFFER TROPHY

C.P.R. Praised for Efforts in Winter Golf Tournament

COMMITTEE IS TO AID

The directors of the Chamber of Commerce went on record at the luncheon meeting yesterday as being in favor of assisting in making the golf tournament which is being featured by the C.P.R. this Winter, as great a success as possible. Praise was offered by several of the directors for the generous spirit which was being shown by the railway company.

R. W. Mayhew's motion that the chamber should offer a trophy in connection with the event was carried, and it was followed up by a motion offered by E. W. McMullen, which proposed that the chamber and the tourist trade group should join in the preparation of a folder advertising the event. This will be used in correspondence in helping to attract attention to the tournament.

It was stated that Calgary would possibly send one hundred. On motion of R. H. B. Ker, a special committee of the chamber will assist in the carrying out of the tournament as marking the appreciation felt by the body for the C.P.R.'s effort.

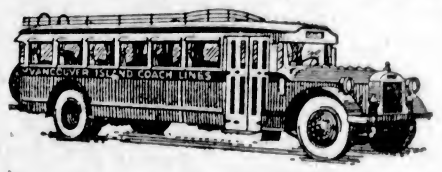

Three hundred blind persons held a costume ball in London recently.

Frauds Prevention Act Is Attacked in Courts

VANCOUVER, Jan. 5 (CP).—Constitutionality of the Security Frauds Prevention Act, which was enacted by the Provincial Legislature last year, has been attacked in Supreme Court here in a writ filed by Farris, Farris, Stultz & Sloan, against Hon. R. H. Pooley, Attorney-General of British Columbia, and Mark Cosgrove, Vancouver barrister.

The plaintiffs are I. W. C. Solloway, Harvey Mills and their employee, William Kennedy McGee, together with the firms of Solloway, Mills (B.C.) Ltd. and Solloway, Mills & Co. Ltd.

An injunction enjoining Mr. Pooley and Mr. Cosgrove, who is representing the Attorney-General in a criminal prosecution of Solloway and Mills, will be sought in Supreme Court Chambers on Tuesday morning. The injunction is to restrain the defendants, or anybody acting through them, from inspecting and examining plaintiffs' books and documents, which are stored in the courthouse. In addition, the court will be asked to enjoin Messrs. Pooley and Cosgrove from examining, under oath, employees, past and present, of plaintiffs. The court will be invited, on plaintiffs' application, to impound the books and documents and place them in the custody of the registrar pending determination of the issues involved.

In support of the application, an affidavit has been deposed by McGee, in the course of which he states that W. B. Farris, K.C., counsel for Solloway and Mills, advised him that the latter have been charged by Mr. Pooley with conspiracy to commit theft in connection with their business in British Columbia. The deponent further states that Mr. Cosgrove informed him that he, Mr. Cosgrove, proposed examining him under the Security Frauds Prevention Act. Mr. Cosgrove, according to witness, remarked that he thought an arrangement could be made to pay him witness fees of $10 a day. McGee expressed the opinion that the contemplated examination is to assist the Crown in the prosecution of Solloway and Mills.

Witness also states that he has been advised the Security Frauds Prevention Act is ultra vires, so that neither Mr. Pooley nor Mr. Cosgrove have any legal authority to examine the books or employees of Solloway and Mills.

The examination, as McGee was advised by counsel, is, he states, contrary to natural justice and the principles of criminal jurisprudence, and would result in a manifest injustice to the accused, Solloway and Mills.

ISLAND COAL IS $ OD COAL

KEEPING MONEY IN CIRCULATION

WHEN you buy a pair of shoes or a new hat or two dollars' worth of groceries, it is not the shop-keeper alone who profits. Perhaps a hundred people, directly or indirectly, have had a hand in the manufacture and merchandising of the article that you have bought. Each of these gets his or her share of the purchase price and thus money circulates.

Some articles we purchase, however, are not entirely produced in British Columbia, or even in Canada. In such cases, part of our dollar goes where the raw material came from . . . or where the factory is located.

In the case of Vancouver Island Coals, every dollar of the purchase price goes into the pockets of British Columbians, because the entire operation . . . mining, preparation and shipment . . . all takes place here in British Columbia.

Nanaimo-Wellington and Comox Coals, at a lower cost, yield 30% greater heat than their nearest competitor among imported coals available on this market. So when you buy Vancouver Island Coals, you are actually in pocket.

Bring greater prosperity to B.C.! Keep your money in circulation in British Columbia!

THE GREATEST HEAT FOR ISLAND COAL THE FEWEST DOLLARS

Just Roamin' Around

By TWO ROVERS

Since Sunday last Rover and I roamed around Beacon Hill Park and up to the top of Beacon Hill. Of course, it's an easy climb for Rover, who is young and agile, but for old me, who am neither, it was a bit of a puffing exhilarator. There you are! When we are young we can scale the loftiest heights, but when we grow oldish, and when we scalebreak every weighing machine we put a copper into, then, envy of the young and skittish envelops us as with a garment, and even a little climb up to the top of beautiful Beacon Hill is breath-taking; but, here let me say it, the view is superb in every direction and it is more than worth while. The view, as well as the climb, took our breath away!

Rover looked around and sighed. "What's the sigh for?" I asked. "Well, Master, you have so often told me of the lovely old castles in the Isle of Man, and I was just wishing that instead of this potty, wooden, four-sided-seat affair, with its stubby flagpost, there was an old semi-ruined castle up here, and a fine, brave old warrior (I mean returned man), in charge, and that for a trifling 10 cents we would be allowed to climb up the old stone staircase, teeming with history, romance and also some tragedy, and get a real view, from an elevation, of all the very lovely scenes to be seen from the top of Beacon Hill."

"Good idea, that, Rover!" said I.

We sat there a while and gloated over our good fortune at living here in Victoria, where, a few days after the New Year, we could sit for hours in the out-of-doors, on the top of Beacon Hill, overcoat wide open, and enjoy a quiet smoke in the balmy air, almost like Spring, and we wished the whole world, that is either fried or frozen right now, could be with us to enjoy it all, too.

The idea of an old castle on the top of Beacon Hill is not the only one that might find employment for a brave Canadian who gave the best he had for his country; there are several more ways in which veterans of the Great War could be of great service to their town here and elsewhere and at the same time gain an honest livelihood where they reside. Most of the returned men, who are not provided for, have anything but a lively hood to wear.

We had intended to cover a lot of ground by going over to the tree nurseries and along the front, but it was so delightful to just sit in what was anything but Winter weather and gaze on exquisite views on every hand, that we just loafed and loafed.

"What sort of kick can you put up today, Rover?" I queried. My old friend gave me one look that said plainly: "It reminds me, in a way, of Torquay, but undeveloped; and I wish that an Old Country 'talkie,' filmed at some of our old-world seaside resorts, could be sent out here, showing how places not half as well favored by fortune as Victoria, 'did it;' then, perhaps, we would wake up and do something worth while with our magnificent waterfront."

Gold broom and its glory in Spring!
Red acres of roses in June!
Fall mantles aflame—Autumn's fling!
Mild Winter's fair green in festoon!
Great masses of tulips, heart-red!
Carnations hued pink as the dawn!
Sweet fragrance of blossoms—abed!
Fair vistas of well-tended lawn!
May Beacon Hill top centre be
Of parkland and king's promenade!
Its views of our Island and sea
More homage deserves than we've paid!

NO KING'S COUNCILLORS

SASKATOON, Jan. 5.—Contrary to the usual custom, the Saskatchewan Government will not create any King's Councillors this year, Hon. Howard McConnell stated here Saturday. The Government, he said, had been "rather liberal in its distribution of these honors a year ago."

VANCOUVER IS REASSURED ON FEDERAL PLANS

Amende Honorable Made by Civic Delegation for Past Differences

INSTRUCTED TO USE UNEXPENDED $662,400

Retracting any suggestion that Vancouver City had been treated with other than the most courteous and reasonable consideration from the Mainland city yesterday restored peace and harmony to the successful resumption of negotiations by civic officials with the unemployment committee of the Cabinet.

Hon. W. A. McKenzie, chairman, and Hon. S. L. Howe, as members of the committee, met Alderman W. C. Atherton, Colonel Cooper and Comptroller A. C. Pilkington in a friendly two-hour discussion, in which F. E. Harrison, Dominion fair wage officer, participated.

Vancouver city officials asked, in brief, for assurance of further funds to continue relief works and to care for existing jobless; but agreed to continue with considerable funds already in hand, with leave to file written plans for such further assistance as may be justified when the present funds are exhausted.

The delegation stated 1,276 married men were now at work, and could be kept employed until the middle of April with the use of funds in hand, and an additional $85,000 from the Federal scheme. If the Governments also covered the city's $450,000, available through by-laws, then 1,600 more married men could be put to work, solving the problem in respect to married men.

CONSIDERABLE BALANCE

Asked by the committee if it were not true that approximately only $218,000 of the $880,400 provided by Federal, provincial and civic funds towards work under the Federal scheme had been expended up to December 31 last, and some $662,400 remained, the delegation admitted this was so.

The unexpended balance in excess of $600,000, already provided in unemployment relief work agreements, if applied through reallocation of the funds through amended agreements would carry Vancouver's requirements for a further six to seven weeks, the delegation stated, in response to further questions.

Alderman Atherton explained that some difficulty would be found by Vancouver in reallocation, mainly through the voting of civic funds for specific purposes, but agreed that this could be accomplished, if the committee wished it done.

DOMINION RULING

Hon. W. A. McKenzie, as chairman of the committee, explained that direct advices received by the Provincial Government from Ottawa made it clear that no further allotment of funds could be made under the Federal Relief Act until sums already allocated had been fully expended. Under this ruling, he said, the committee had no other course but to advise Vancouver to carry on with the funds already in hand, applying them as far as they could be made to go, and then, if the need existed, apply again at a later date for any other assistance required for the relief of actual distress.

Agreeing with this statement of the case on the facts as presented, the delegation asked, and received, leave to file written plans and tabulations showing the capacity of the funds already in hand to meet the situation existing in Vancouver, and also future needs as they appeared at this time.

Monthly accounts for direct relief in respect to October and November have already been presented by Vancouver, and the December accounts under this head will be forwarded shortly, it was stated.

CONSIDER MEANS

Having settled the main facts of the issue, the delegation and members of the committee held an informal conference on incidental proposals now receiving consideration in Vancouver. One of these was that bush camps be inaugurated to care for single men applying for work or relief, where they could be given lodging away from city streets, and under conditions more favorable all round.

Another proposal contemplated the erection of temporary barracks, where a central civic kitchen could be economically operated. No action was taken on this phase of the issue, other than mention of possible means of protracting the benefits of needed relief in work or in kind.

The conference brought out one fact with considerable clarity. This was that a high percentage of all applying for work or relief in Vancouver were not resident in the city six months ago, and were, in many cases, not in the province from six months to a year ago.

In the case of single men, it was shown, many had come directly from other provinces, to swell the number of resident unemployed.

Vancouver, in December, was spending $5,000 a day for the unemployed within its gates, and was finding it difficult to care for those residents genuinely in need of assistance. Further influx, it was shown, would only confound the issue and hamper measures to avert distress.

After a cordial discussion, the delegation thanked the committee for a courteous hearing, and withdrew.

Meeting the unemployment committee of the Cabinet before the Vancouver city delegation, Alderman Archie Hogg, and Superintendent of Works Furness, on behalf of New Westminster, secured approval of the committee, subject to the necessary consent from Ottawa, for a reallocation of funds already voted to the Royal City and which will be applied to projects yielding 2,000 more man-days work without any added cost. New Westminster's total works programme was to cost $90,000, of which the two Governments will jointly provide half, and the city the remainder; and this sum remains unchanged.

"Why is he so sad?"

"Didn't you know he had gone bankrupt?"

"Yes, but I didn't know he had lost money over it."

City & District

Here From Peace River—J. C. Johnstone arrived in Victoria yesterday from the Peace River block and is registered at the Empress Hotel. He is from Pouce Coupe.

College Holiday Over—Victoria College students returned to work yesterday morning with the reopening of classes. Only four or five new students registered, the enrolment being 265.

Offer Congratulations—The directors of the Chamber of Commerce on motion of James Parfitt, yesterday, offered congratulations to the Victoria Choral Federation, which had been formed from the various musical bodies.

Masons on Visit—James H. Begg, of Seattle, past grand master of the State of Washington, and Dr. D. E. Kerr, of Duncan, grand master of British Columbia, attended the installation of officers at Columbia, No. 1, Lodge at the Masonic Temple on Saturday night.

By-Law Passes—The directors of the Chamber of Commerce will send a resolution to the Mayor and council congratulating that body upon the passing of the by-law which will afford a home for the display of the industrial products of this city. James Parfitt, in moving the resolution, said this had been a long-felt want.

Want Information—The directors of the Chamber of Commerce will delay any action on a resolution suggested by the Duncan body which asked that efforts be made to have the an Juan Harbor improved by the Dominion Government and various roads on the Island built. It was suggested that the members might be wiser to concentrate on the most urgent features first.

Sells Property—The three mineral claims on the Rithet estate near Royal Oak were disposed of yesterday by auction by Sheriff H. W. Goggin to satisfy a mechanic's lien filed against them. The buyer of the property was W. D. Todd, of this city. The price realized was $100. The claims were worked for aluminium.

Board Names Officers—Rev. M. W. J. Bruce will be re-elected president of the Saanich Board of Trade when that organization names its officers next month. He will be returned by acclamation, together with Captain Nat Grey as vice-president and J. E. Sladen as secretary. Nominations closed at the meeting of the board held last night.

Normal School Reopens—The Provincial Normal School, Mount Tolmie, resumed its classes yesterday morning after the holiday, the only formality connected with the reopening being the brief new year greetings by the principal, D. L. MacLaurin. The student registrations were about the same as at the beginning of last term, namely 155.

Will Address Luncheon—Premier S. F. Tolmie and Mayor Anscomb will, in addition to Hon. Parker Moloney, Australian Minister of Markets and Transportation, address the joint luncheon of the Canadian Club, the Victoria Chamber of Commerce and the Canadian Manufacturers' Association at the Empress Hotel tomorrow at 12:10 o'clock. The public is invited.

To Entertain Members—A suggestion offered by Alderman W. R. Straith was approved of by the directors of the Chamber of Commerce yesterday, by which a special committee will investigate the scheme of holding a reception of some form during the session, so that they might have the opportunity of becoming acquainted with the members of the Legislature.

To Appeal to Railway Board—The Chamber of Commerce will appeal to the Railway Board in an endeavor to hasten the providing of facilities for the interchange of freight between the two railways here. The latest information had been that a change of plans was being made which would make the operation less expensive. R. W. Mayhew, as one of those affected in a business way, said that he would spare no efforts to expedite the matter.

Behaviorists' Contribution—Prof. W. G. Black, M.A., of the department of education in the University of British Columbia, will be in Victoria on Thursday to address the University Extension Association at Victoria College on that evening on "The Contribution of the Behaviorists to School Theary and Practice." As the subject, dealing with modern instructional methods, is of special interest to educationists and teachers, it is expected everyone belonging to these groups will make a special effort to be present.

Resort Opportunities—The opportunities which exist in and around Victoria as a health resort and the chances to advertise it as such were brought to the attention of the directors of the Chamber of Commerce at the meeting yesterday by Dr. H. E. Young, provincial health officer. The Dominion authorities were calling attention to the exposition being held in the United States in the matter of health, and he suggested that Victoria might take action to have information available at this gathering. The matter was referred to the Tourist Trade Group.

High School By-Law—Trustees F. V. Hobbs and W. Tomes, of the Saanich School Board, last night attended a meeting of the Saanich Board of Trade to address members on the High School By-Law. Owing to the miscarriage of a letter, however, it was found that no provision had been made for their addresses and it was felt more advisable, in view of the desirability for obtaining a large attendance, that the matter should be postponed until a special meeting to take place in the Brentwood Hall on Saturday night at 8 p.m. Last night, however, Trustees Brooks and Briggs addressed a well-attended meeting at Tillicum School.

Death Presumed—Presumption of death was permitted in the case of Joseph R. Wright, of James Island, a short time ago. In chambers yesterday Mr. Justice Gregory made an order to that effect on the application of the official administrator, R. L. Cox, on the affidavit of John Wilkinson. The latter set out that in company with Mr. Wright he had left Sidney for James Island. A storm came up and the boat upset. They had both clung to the upturned boat for a time, when his companion, who was burdened by a pair of long rubber boots, dropped off. Later Mr. Wilkinson was picked up. He felt sure his companion was drowned.

E. W. BEATTY IN SURVEY TELLS OF CHIEF NEED

Only Important Barrier to Better Conditions Is Found in Wheat Market

NEW INDUSTRIES HAVE MADE GREAT PROGRESS

MONTREAL, Jan. 5 (CP).—Railway earnings, which have shown a drop of some 16 per cent during the past year can reasonably be taken as indicating the total decline in Canadaian activity during the same period, states E. W. Beatty, president of the Canadian Pacific Railway, in his annual review of the economic position of the Dominion.

Mr. Beatty believes the wheat situation has been responsible for at least half of the decline, and that with the marketing at a fair price of the wheat now in the country, there would remain only a few unimportant barriers to better conditions.

Mr. Beatty sees encouragement for the future from the way in which industries, hitherto of comparative unimportance in Canada, are assuming a leadership in the economic scheme of things. He recalls that fifty years ago the total mineral production in Canada was valued at about $10,000,000, whereas in 1929 it was more than $310,000,000.

COMPOSER PASSES AWAY

SEATTLE, Jan. 5 (AP).—Professor Edouard Poljes, sixty-nine, composer of the opera, "Salome's Jewel Box," is dead. The pianist and composer, a native of Holland, died here last night. For many years he was head of the advanced piano department of the Belgian Royal Conservatory of Music.

Announcements

Has it occurred to you that the claim of Masters' Health Bread is based upon more than flavor, freshness and perfect baking? Health Bread gains its name from the health-giving properties it contains, embodying the very elements that are needed by the human system. Masters' Brown Health Bread is the choice of doctors and dietitians alike. Purity and quality of the materials alone set it in a class apart.

Questions for the consideration of those women who are using depilatories. Do you not find that the condition of your face is much worse than it used to be? That it is necessary to use the depilatory much more frequently than you used to? That it would not be possible to allow your face to go even one week without "fixing" it?—pause—and consider—for the matter is serious. Miss Hanman, 503 Sayward Building. Phone G 7642.

FORMER SCREEN STAR ARRESTED IN SOUTH

Alma Rubens Charged With Violation of the California State Narcotic Law

SAN DIEGO, Jan. 5 (AP).—Alma Rubens, who achieved fame in the early days of motion pictures, and who announced several months ago that she would try to come back after her release from a sanitarium for cure of a drug habit, was arrested here today charged with violation of the state narcotics law. She was taken to the city jail, and police said this evening they had turned the case over to the Federal authorities.

The police reported that they had found forty cubes of a drug sewed into a gown owned by Miss Rubens.

Miss Rubens was arrested at a local hotel after she had appeared at police headquarters and charged her chauffeur with having taken some jewels belonging to her.

"What is your husband's average income?"

"Well," replied the wife, "I should say about midnight."

Women's Work and Institutes

Visitor Entertained in Vancouver

VANCOUVER, Jan. 5.—In compliment to Mrs. Parker Moloney, wife of the Australian Minister of Trade and Customs, who is visiting in the city, Mrs. H. H. Stevens and Mrs. Sam McClay, entertained at luncheon today in the oval room of the Hotel Vancouver. Pale yellow was the color used in the decorative scheme, being carried out in linen, tapers and flowers.

Other invited guests were Mrs. Abbott (Australia), Mrs. George Black, Mrs. W. G. McQuarrie, Mrs. Melville Dollar, Mrs. Leon Ladner, Miss Margaret S. Ross, Mrs. J. L. Turnbull, Mrs. C. E. Disher, Mrs. Sanford, Mrs. J. Crowe, Mrs. T. H. Kirk, Mrs. H. Lyon, Mrs. J. A. Mills, Mrs. R. D. Williams, Mrs. W. H. Stevens, Mrs. F. J. Burd, Mrs. Roy W. Brown, Mrs. C. L. Gordon, Mrs. Charles Sutherland, Mrs. Herbert Bingham, Miss A. Fagan, Mrs. H. W. Riggs, Mrs. Burton L. Kurth, Mrs Edward Mahon, Mrs. J. J. Banfield Mrs. R. J. Hamilton, Mrs. Duff Murray, Mrs. A. W. Grdy, Mrs. Melville Large, Mrs. G. H. Worthington, Mrs. W. A. Clark, Mrs. J. Z. Hall, Mrs. F. T. Schooley, Mrs. Herbert Harford, Miss Rice, Mrs. A. McGovern, Mrs. G. Keatley, Mrs. E. G. Mathieson and Mrs. A. C. Bagley.

During the afternoon Mrs. Stevens and Mrs. McClay were joint hostesses, honoring Mrs. Moloney with a trip about the harbor, and tea was served later. About forty guests were entertained.

This evening Mrs. Stevens and Mrs. McClay were again joint hostesses at dinner for Mrs. Moloney, other guests including wives of the harbor commissioners. Dinner was served at Hotel Vancouver.

...BEFORE YOU ENTRUST IT TO IRRESPONSIBLE PERSONS

SIT down with pencil and paper when you've made up your laundry bundle to send out to a home laundress. Add the cost of each item—it runs into real money.

Then stop and think whether you'd rather entrust this valuable property to an irresponsible individual or to a big, reliable institution like ours!

To say nothing of the fact that our methods are thoroughly sanitary, absolutely safeguarding your *health* as well as your *clothes*. Investigate—and be convinced!

Hospital Ball at Ganges Enjoyed

SALT SPRING, Jan. 2.—A most successful fancy dress ball, organized by the Ladies' Auxiliary to the Gulf Islands Hospital, for the benefit of that institution, took place on New Year's Eve at the Mahon Hall, Ganges. About a hundred and fifty guests attended the function, Hague's Orchestra supplying the music. The hall looked most effective with its Christmas decorations carried out in green and crimson, and the same scheme of color, green foliage and crimson paper streamers, was also visible in the supper room and on the two long tables. Mr. T. F. Speed acted as M.C. The prizes, presented by Mrs. Charlesworth, were won by the following ladies and gentlemen:

Most artistically dressed couple—Mr. and Mrs. A. R. Price, Spanish dancers.

Best historic or national costume—1, Mrs. Burgess, early Victorian; 2, Mrs. Douglas Hamilton, Hawaiian princess.

Best paper costume—1, Miss Nancy Elliott, desk telephone; 2, Miss Betty Abbott, page girl.

Best comic—1, Mr. Desmond Crofton, "Old Woman Who Lived in a Shoe"; 2, Mr. Gordon Ruckle, hobo.

Special prize—Mrs. E. Lumley, League of Empire.

The judges were Mrs. R. Maxwell, Mrs. D. Tweedhope and Mr. T. F. Speed.

Amongst others in outstanding costumes were: Dr. R. Rush, "This Freedom"; Mrs. R. Rush, "If Winter Comes"; Mr. H. W. N. Moorhouse, Calcutta; Mrs. H. W. N. Moorhouse, mauve and silver Pierrette; Mr. Stuart Holmes, Neapolitan fisherman; Mr. E. Lumley, modern licences; Mr. D. Abbott, red Perriot; Miss Irene Oswald, circus girl; Mrs. Price, Sr., good night; Mr. P. Lowther, Order of the Bath; Mrs. Charlesworth, Queen Amelia of Crete; Captain V. C. Best, Arab; Mrs. V. C. Best, Dolly Varden; Mr. Raymond Best, Indian Army; Miss Bride Wilson and Miss Wendy Benson, pyjama girls; Miss Mary Purdy, nurse; Miss Hilary Purdy, good luck; Miss Betty Kingsbury, girl in blue; Miss D. Moorhouse, black and scarlet masquerade; Mr. Colin King, blue and silver masquerade; Miss Doris Taylor, Soo Chow; Miss M. Pengelly, powder puff; Miss J. Clark, night; Mr. W. P. Evans, black Pierriot; Mrs. W. P. Evans, Irish colleen; Miss Iris Kerr, hobo; Mr. J. McBain, midshipman; Miss M. Akerman, scarlet folly; Miss Sheila Taylor, gypsy; Mr. W. H. Lee, paper flower; Miss Phyllis Beech, beach girl; Misses P. Garver and Ruth Stevens, colleens; Miss H. Hislop and Miss D. Rogers, Chinese, Master Burgess, clown; Misses Di. Doreen and Denise Crofton, Miss Ada Moffat, Mr. Dermot Crofton, Mr. D. Tye, Mr. G. Shove, children who lived in a shoe with the old woman, and several others.

BURNSIDE SOCIAL

Winners of the military social at Hampton Hall on Saturday evening were Mesdames Summerville, Cook, Ashe, Loat, and Messrs. A. Pas, Jr., S. Clarke, Richmond and Nurnside. Mrs. Byng, Mrs. Washington, Mr. Muir and Mr. Paterson qualified for a special competition to be held at the close of the season.

"A wife should realize that what her husband wants is peace of mind," says a magistrate. But not a piece of hers.

Kitty McKay

By NINA WILCOX PUTNAM

The girl friend says that nothing really works as hard and consistently as so-called idle gossip.

Collection To Be Made For Present

A meeting was held at Government House yesterday morning by Miss Mackenzie and Mrs. S. F. Tolmie to confer with representatives of various women's organizations of Victoria regarding the proposed presentation of a farewell gift to Her Excellency Viscountess Willingdon, before her departure for England.

It has been suggested that contributions need not exceed $1, and that any donation from 5 cents upwards will be welcomed. The donations should be sent in or deposited with the Canadian Bank of Commerce, The Colonist or The Times, and the fund will close on January 20 owing to Their Excellencies' early departure.

Women's Institutes of Vancouver Island

LANGFORD

The annual meeting of the Langford Women's Institute will be held this afternoon, at 2 o'clock, in the hall on Dunford Road. It is hoped that there will be a good attendance as the election of officers will take place and many things decided for the new year.

VICTORIA

The new ways and means committee of the Victoria Women's Institute recently held its first meeting to make arrangements to raise funds to carry on the work of the institute during the year. Mrs. Terry, convener, was in the chair, and it was decided to hold a bridge party on Friday at 2:15 o'clock at the institute headquarters, Room 303, Union Building, View Street. A nominal fee will be charged and good prizes given. Later in the afternoon tea will be served, and the general public, as well as members of the institute are cordially invited to be present.

SOUTH SAANICH

The South Saanich Women's Institute will hold a directors' meeting at the home of the president, Mrs. A. Sutherland, Veyaness Road, on Thursday.

Junior Institute

The South Saanich Junior Institute will meet at the home of Miss Mabel Miller, Saanichton, on Thursday.

Children Are Guests Of Women's Clubs

COBBLE HILL, Jan. 5.—Over seventy children spent a thoroughly enjoyable afternoon in the hall on Saturday as the guests of the Malahat Women's Conservative Club.

Major M. A. Curwen and W. May were kept busy distributing presents, each child receiving a gift from the large tree. Mrs. Curwen assisted in arranging the games, with Mrs. H. G. Grainger accompanying at the piano.

Mrs. W. Mudge and Mrs. George Taggart, respectively, president and secretary of the club, were generally responsible for the arrangements, and were ably assisted by all the members. Mrs. D. McPherson and Mrs. E. Baldwin were in charge of the tea, which was provided by the parents and friends. The presents for the children were given by the club, substantial contributions towards the cost being made by C. H. Dickie and the Hon. R. H. Pooley.

LONDON PLAY READ AT DRAMALOGUE

Behrman's "The Second Man," produced originally at The Playhouse, London, by Basil Dean, was the play read at the dramalogue yesterday afternoon. The small number of parts (there are but four) perhaps accounted for the exceptionally fine casting, the usual number of readers being available to choose from. A. M. D. Fairbairn took the part of Clark Storey, played in the London production by Noel Coward; Captain H. H. Massy was "Austin Lowe," played originally by Raymond Massey; Mrs. Storey Waller took Zena Dare's role of "Mrs. Kendall Frayne," and Peggy Parsons was "Monica Gray," originally played by Ursula Jeans.

The reading was animated, clearly enunciated, and had finely-sustained interest throughout, Major Bullock-Webster acting as diseur.

For the first dramalogue of the new year, there was an excellent attendance, and Mr. Walton's services were greatly appreciated as master of ceremonies.

Sooks Dance Success

SOOKE, Jan. 5.—The masquerade dance and New Year frolic held in Sooke Hall, under the auspices of the Sooke Branch of the Canadian Legion, B.E.S.L., was a great success. The costumes worn were varied and exquisite. Eight prizes were awarded as follows:

Best original couple, Miss A. McBride and Mr. J. Collins, Spearmint gum; best dressed couple, Mr. and Mrs. Barkerville, rajah and Oriental lady; best dressed lady, Mrs. Scott, Egyptian; best original man, Mr. E. Pontious, Zulu; comic lady, Mrs. George, gunny sack; comic man, Leslie McBeth, clown.

The judges and reception committee included Major Trevett and Comrades P. W. deP. Taylor, Page and Syrett.

The hall was given a festive appearance decorated with greens and paper streamers. About one hundred and fifty joined in the frolic made gay with confetti and balloons. The music was supplied by Art Minnis' Orchestra. The refreshments were in charge of Mrs. M. E. Jackson.

The errand boy was hugging a life-size tailor's dummy through the shopping crowds, when a taximan noticed his embarrassment and lifted the helpful voice. "'Urry up, Romeo," he shouted, "'er father's after you!"

TODAY'S RECIPE

WHITE Soup—One onion, one turnip, one carrot, one or two sticks of celery, one ounce of butter, one and a half pints of water, parsley, thyme, salt and pepper, nutmeg and a dash of mace, one and a half tablespoons flour, one pint of milk. Cook the vegetables for fifteen minutes in butter, add water and let simmer till the vegetables are tender. Strain and add spices. Then add the milk and let the soup come to boiling point.—Prudence.

CHILDREN'S PARTY HELD AT SAHTLAM

VIMY, Jan. 5.—A jolly children's party was held at Vimy Hall on Saturday evening. All children of the district were invited, some seventy children and their parents attending. Group games were played. A short programme arranged by Mrs. T. C. Robson was given, including recitations by Francis Matterson, Don Weismiller, Peter Matterson, Janie Wilkin and Theima Lee; dialogue, Phyllis, Cyril and Robert Weismiller; vocal duet, Merriam and Phyllis Pipe; carol by the Sunday school children. The stage was centred with a large Christmas tree which was prettily decorated by Mrs. G. Nokes. Refreshments were served, after which each child received a horn and handkerchief, also a generous bag of candy, nuts and oranges. The gifts were purchased with money on hand from the last Sahtlam district exhibit at Cowichan Fall Fair. The success of the evening is due to the committee in charge, Mrs. G. Clough and Mrs. G. Bergman from the Women's Institute and Mr. H. Cross and Mr. Robert Evans from the Social Club, assisted by Messrs. E. R. Weismiller and Oliver Pipe.

Cornish Party

The Cornish Association held a Christmas tree party in the Foresters' Hall on Saturday, about 250 members being present. Each child received a present, a bag of candy and oranges. Mr. George Smith acted as Santa Claus. The programme included the following artists, the three Misses Edwards, of Gordon Head—Iris, in a tap dance and Thelma and Muriel in a Sailors' Hornpipe, which was greatly appreciated; F. Merryfield, the Cornish wizard, with an abundance of new tricks; George Smith, song; Francis Merryfield, song; English concertina solos by Archie Jasper. Miss May Hick acted as accompanist for the evening. Alderman R. T. Williams acted as chairman, and C. Banfield presented the prizes. After the programme, refreshments were served in the old Cornish style by the ladies.

THOUSANDS RECALLED TO AUTOMOBILE PLANTS

DETROIT, Jan. 5.—Automobile factories in the Detroit area recalled 22,000 workers today.

Ford officials announced the men recalled to their plants brought the total employment to the point where it stood when they closed for inventory, December 19. The 6,000 men recalled to the Cadillac factory was said to show a gain of from 500 to 750 men over the number employed when the factory closed December 18.

Wiseacre—Haven't I always given you my salary cheque the first of every month?"

Mrs. Wiseacre—Yes, but you never told me you got paid on the first and fifteenth, you embezzler!

BACH MASTERPIECE DRAWS BIG CROWD

Vast Congregation at Christ Church Cathedral Hears "Christmas Oratorio"

Bach's great choral masterpiece, "Christmas Oratorio," sung at Christ Church Cathedral by an augmented choir under the direction of Stanley Bulley, attracted a very large congregation to the cathedral on Sunday afternoon, the crowded aisles attesting the tremendous interest which the rendering of this fine work aroused.

The choirmaster, choir, organist, pianist and little orchestra are to be highly commended on the character of the performance, which had the merit of authority, accuracy, fervent devotional spirit and vigor, and in all its parts showed marks of careful preparation. Outstanding among the choruses were the energetically sung "Christians Be Joyful" and "Glory to God in the Highest," and among the chorales were "How Shall I Fitly Meet Thee" and "With All Thy Hosts."

The solos were also admirably sung, Nora Jones, contralto; Llewellyn Jones, tenor, and Dr. T. H. Johns, basso, having the leading arias, and lesser ones falling to the boy soprano, Master Booth, and H. Spooner, tenor. Miss Jones' singing of the tender "Slumber Song" and Dr. Johns' dramatic and authoritative interpretation of "Mighty Lord and King All Glorious" were among the finest solos of the afternoon.

A magnificently-conceived work, it had a reverent hearing, and the interest was enhanced by the sound instrumental support, which included the organ, played by Edward Parsons, organist of the Metropolitan United Church; the piano, played by Miss Dorothy Morton, and a small but very sure little string ensemble.

COMMUNITY SERVICE ATTENDED BY MANY

Large Congregation at Metropolitan Church Participated in Undenominational Worship

Victoria's second annual civic community church service, held at the Metropolitan United Church on Sunday, drew a large congregation, which included His Honor the Lieutenant-Governor, Premier Tolmie, Mayor Anscomb, members of the City Council, School Board and other state and municipal representatives.

Clergy of several denominations took part in the service.

Rt. Rev. C. deV. Schofield was the preacher, and others taking part were His Worship the Mayor, who read the lesson, Matthew v. 1-16, being the Sermon on the Mount; Rev. O. M. Sanford, president of the British Columbia Presbytery, who delivered the invocation; Rev. F. W. McKinnon, who read one of the prayers; Rev. A. deB. Owen, who gave the benediction, and others. The hymns sung were "O God, Our Help in Ages Past," "Praise My Soul the King of Heaven" and "Lead, Kindly Light."

Bishop Schofield's address discussed some aspects of a Christian community, and was prefaced by the reminder that on that special occasion denominations had been forgotten and they were met for common worship as followers of the one Christ.

The offertory was on behalf of the Friendly Help Association.

EXPLAINS WORK DONE BY AUTOMOBILE CLUB

Secretary "Bob" Webb Outlines Benefits Received by Numerous Motorists

Speaking before an appreciative meeting at the Saanich Board of Trade, last night, Secretary "Bob" Webb, of the Victoria Automobile Club, outlined the benefit to motorists throughout the world which was traceable to the association.

There were 100,000 motorists in British Columbia, he said, who were paying a vast total in direct and indirect taxation to the Government. While the Automobile Club was not designed for the benefit of the motorist to the detriment of the pedestrian, it was something which extended all over the world and constituted the largest and most widely spread travel bureau in existence.

Membership in the club, he added, insured automobile owners against any inconvenience and rendered them eligible for emergency road service.

Ex-Reeve William Crouch moved a hearty vote of thanks to the speaker for his interesting talk.

ACTION OF UNIONS NOT TO DELAY WORK

VANCOUVER, Jan. 5.—Work on the Burrard Street bridge will not be delayed by the walkout of members of the Pile Drivers, Bridge, Wharf and Dock Builders Union, who threw down their tools at noon today because of alleged unsatisfactory working conditions.

It is simply a row between unions, stated M. J. Dawson, of the firm of Dawson, Wade & Company, joint contractors with Hodgson, King & Marble. There is no disagreement about wages, hours or safety regulations as far as I know. If they want to come back they can, if not, we'll have to put other men on the job; that's all.

CAPT. H. S. RIDDELL DIES IN YORKSHIRE

LONDON, Jan. 5 (CP).—Captain H. S. Riddell, who was aide-de-camp to Colonel (later Lord) Wolseley during the Red River Expedition of 1869, when Wolseley's British regulars put down the rebellion of Louis Riel, died near Filey, Yorkshire, today, at the age of eighty-five years.

Captain Riddell, later in life, was also stage manager of the famous actress, Mrs. Margaret Kendal, and it was while he was with Mrs. Kendal at a Washington theatre that he was presented by the British Ambassador with the Red River Expedition.

Invited to Attend Mass

Officers, noncommissioned officers and men of the 5th B.C. Coast Brigade, C.A., are invited to attend Requiem Mass in memory of the late Marshal Joffre, Wednesday, January 7, 10 a.m., at St. Andrew's Cathedral.

News of Interest in World of Art and Music

The Flower Girl by Carl Schultz — *Sarah and Maria Siddons* — *Charles Dickens* by Stephen Humble

Fred Morris ◦ *Ilena Marx*

ABOVE are shown interesting items in the world of art and music. "The Flower Girl," by Carl Schultz, is an interesting study owned by H. A. Leak, of Toronto. Portrait of Sarah and Maria Siddons, daughters of the great English tragedienne, was painted by Thomas Beach, famous painter of celebrities of his day, and is now on view in the galleries of the Fine Art Society, Toronto. Portrait of Charles Dickens is a new one which has just come to light in London, England. The painting, the work of Stephen Humble, depicts the famous novelist in the role of a dandy. Fred Morris, soprano of St. Simon's Anglican Church choir, Toronto, gave a delightful concert recently at the first carolspiel held in Toronto, in which many choirs and voices from all over Canada joined in a Christmas festival. Ilma Marx, soprano from South Africa, who has come to Canada, and has joined the staff of the Toronto Conservatory.

Birthday Reception

Mrs. M. A. Cullin celebrated her ninetieth birthday on Sunday afternoon at the home of her son and daughter-in-law, Mr. and Mrs. W. H. Cullin, Wellington Avenue. For the happy occasion Mrs. Cullin was surrounded by the following members of her family: Mr. W. H. Cullin, Mrs. G. Robertson, Mrs. F. W. Edwards and Mr. F. Cullin, all of Victoria; Mrs. J. W. Morrison, Vancouver; Mr. Frank Cullin, Naga Bay, near Kamloops, were unable to be present. Four generations were present at the party, Mr. W. H. Cullin, a son; Mrs. P. G. Cudlip and Mrs. E. M. Surphlis, granddaughters, and Miss Eleanor Cudlip and Master Richard Surphlis, great-grandchildren. Mrs. Cullin has sixteen grandchildren and thirteen great-grandchildren. Ophelia roses in a cut glass bowl adorned the tea table, which was illuminated with tall pink tapers in silver candelabra, surrounded by pink tulle. The decorated birthday cake also occupied a place of honor on the table, which was presided over by Miss Eleanor Cudlip, great-granddaughter of Mrs. Cullin. During the day many gifts, flowers and telegrams were received. Mrs. Cullin was born in Dublin, Ireland, and has been a resident of Victoria for the past forty-four years. She lived in Toronto before coming West.

• • •

Tea Hostess

Mrs. Reginald T. Chave, "Harcourt House," Government Street, was one of Saturday afternoon's tea hostesses, when she entertained about forty members of the Victoria Ladies' Choir. The affair was in honor of Miss Jean Sargent, a former member, who at present is studying scientific library work at the University of Seattle. Mrs. D. L. McLaurin, president of the choir, and Mrs. Debernat, vice-president, presided at the tea table, which was centred with mauve and yellow chrysanthemums, while the members of the executive ably assisted the hostess in serving refreshments.

• • •

Leaving for Europe

Mr. W. J. Bowser and his niece, Miss Gladys Irving, are leaving today for New York, where they will sail on the Ss. Augustus of the Italian Navigation Line for the Mediterranean. They will visit Gibraltar, Northern Africa, Palermo, Naples and other ports, and will leave the ship at Cairo and travel through Egypt, and then return via Naples, Paris and London. They expect to be absent for several months.

• • •

Golden Wedding

Mr. and Mrs. Dan Woodward, of Brentwood, will celebrate their golden wedding today, when they will receive their friends in the Women's Institute Hall, West Saanich, from 7:30 o'clock in the evening. Mrs. Woodward is a native daughter, born in Victoria, and she and her husband were married in old St. John's Church. They have lived in Saanich for twenty-one years.

• • •

Moved to Oak Bay

Major and Mrs. F. Hay have leased their home on Moss Street to the United States Consul and Mrs. G. A. Bucklin, and have taken a house on Mitchell Street for a few weeks, when they will return to their country home at Westholme. Major and Mrs. Hay and family expect to leave for England in the Spring, where they will stay indefinitely.

• • •

Children's Party

Mrs. A. E. deL. Nunns entertained yesterday afternoon at a delightful children's Christmas tree party for her little daughter, Daphne. The guests were Rosemary Farrow, Daphne Thomas, Joan Thomson, Ruth Horton, Beth Rochfort, Betty Holms, Jean Grant, Megg Gillespie, Daphne Syson and Gwen Thomas.

• • •

Return to Seattle

Mrs. George McDonald, who with her three small children has been visiting her mother, Mrs. G. H. Lifton, Newport Avenue, during the holiday season, has returned to her home in Seattle. Mrs. Lifton accompanied her daughter home and will remain with her for several days.

• • •

Entertains at Tea

Miss Desiree Seale entertained a number of her friends at the tea hour yesterday afternoon at her home on Deal Street, Oak Bay. The tea table, which was lovely with a centrepiece of daffodils, was presided over by Miss Eileen Tomlin. About thirty-six guests were present.

Chemainus

Mrs. J. Walcot, accompanied by Mr. Charles Walcot, of Maple Bay, visited friends in Chemainus on Thursday.

• • •

Mr. Gordon McInnis, of Cowichan Lake, is staying with his parents, Mr. and Mrs. McInnis, for the holidays.

• • •

Mr. and Mrs. G. McInnis and Mr. Gordon McInnis spent several days in Tacoma recently, guests of Mr. and Mrs. George Michell.

• • •

Mr. and Mrs. J. Cowans and Donald were recent visitors in Nanaimo and Vancouver.

• • •

Lieutenant-Commander C. D. Donald, Mrs. Donald and Peter, who have been staying with Mr. and Mrs. Donald for the holiday, have returned to their home in Victoria.

• • •

The local branch of the Knights of Pythias Maple Lodge, No. 15, gave a most beautiful Christmas tree to members' children recently. The hall was decorated with evergreens for the occasion, a laden Christmas tree standing at one end. The following children were present and all received a gift from Santa Claus: Murray and Norman Smith, Davie Murray, Eileen and Gladys Work, Billy Phillips, Clarence Work, George Pedersen, Raymond Millard, Delbert Dunse, Gregory McKenzie, Teddy and Bobby Jansch, Ronald Eberts, Margaret Work, Eileen Millard, Margaret, Jack and Joan Eberts, Grace Greenhorn, Lilian Hoscevar, Audrey Blakemore, Viola Estridge. Besides the children thirty-one adults also attended, and a delightful evening was spent playing games and ending with a delicious supper.

Sidney

The home of Mr. N. Watts, Pleasant Drive, was the scene of a large family reunion on New Year's Day, in honor of Mr. Watts' sister-in-law, Mrs. Slater, of Toulon, Manitoba, who is making an extended visit to relatives here, after an absence of fifteen years. Among those present were Mrs. Slater, Mr. and Mrs. J. A. Nunn, Mr. and Mrs. J. Jackson, Mr. and Mrs. J. Wark, Mr. and Mrs. P. Beale, Mr. and Mrs. Joe Nunn, Mr. and Mrs. G. Carter, Mr. and Mrs. C. Pearson, Mr. and Mrs. D. Norbury, Mrs. Lorne Ritchie, Mr. E. Jackson, Miss Florence Nunn, Mr. W. Jackson, Mr. B. Watts, Mr. Arthur Thornton, and the Misses Bessie and Mary Jackson. A very pleasant evening was spent in games and contests.

• • •

Mr. Moran Brethour, Fourth Street, has returned to his home after a short visit to Courtenay.

• • •

Mrs. Lorne Ritchie and family, who have been guests at the home of Mrs. Ritchie's parents, Mr. and Mrs. J. Jackson, Queens Avenue, for the past week, have returned to Victoria.

• • •

Miss Stella Simmons, of Victoria, is visiting at the home of Mr. and Mrs. A. F. Larson, Beacon Avenue.

Salt Spring

Port Alberni

Mrs. J. M. Paul entertained on Friday evening with three tables of bridge at her home. She was assisted by her daughter, Dorrit. The guests included Mr. and Mrs. E. Maralia, Mr. and Mrs. H. Dawson, Mr. and Mrs. Ray Tyler, Mr. and Mrs. Gowe, Mrs. C. Stone, Mrs. W. J. Pettie, Mr. C. Cook, Mr. Neill McLeod, Mr. Clarke Thomas and Mr. Warren Paul.

Keating

Miss Margaret Clark, accompanied by her mother, left on Tuesday for Lake Shaw, where she is teaching.

• • •

Miss Dorothy Butler left for Vancouver on Tuesday to attend the University of British Columbia.

Dance at Qualicum

QUALICUM BEACH, Jan. 5.—The Qualicum Beach Branch of the Canadian Legion held a successful New Year's Eve dance. About 200 attended. At midnight all joined hands and sang "Auld Lang Syne," after which favors were distributed. The dance was a huge success, and the out-of-town guests were much impressed with the improvements to the hall. A hearty vote of thanks was passed to the Morrison Orchestra, which provided excellent music.

Among those present were: Mr. and Mrs. Abernethy, Mr. and Mrs. P. Rushton, Mr. and Mrs. P. Trill, Mr. and Mrs. C. Davidson, Mr. and Mrs. R. Hodgson, Mr. and Mrs. H. Jarvis, Mr. and Mrs. E. Sanders, Mr. Mrs. J. Gillan, the Misses Gillan, Mr. and Mrs. P. Belyea, Mr. and Mrs. G. Mant and family, Mr. and Mrs. J. Bagnal, Mr. and Mrs. E. Parker, Mr. and Mrs. D. Shaw, Mr. and Mrs. R. Whitney, Mr. and Mrs. D. Waldie, Misses Ponsford (Parksville), Mr. and Mrs. J. Dougan, Mr. and Mrs. Bailey, Mr. and Mrs. H. Dougan, Mr. and Mrs. T. Hill, Mr. and Mrs. McPherson (Lantzville), Mr. and Mrs. Nicklen, Mr. and Mrs. Horshells, Colonel and Mrs. Playfair, Mr. and Mrs. A. Taylor, Misses Kathleen Clapham, Vera Gilman, P. Bailey, Messrs. H. Clapham, G. Lane, J. Welsh, T. Rocket, and many others.

Cockshutt Plow Co. Net Profits Reduced

MONTREAL, Jan. 5 (CP).—Earnings of the common stock of Cockshutt Plow Company amounted to $1.09 per share after all charges, including depreciation and tax reserve, for the year ended November 30, 1930. Operating profit showed a large decrease from the previous year, $327,799, compared with $875,859. Payment of dividend and other charges left a deficit of $115,655, compared with a surplus the previous year of $624,980. The balance carried forward amounted to $739,243 after deduction of a reserve for bad and doubtful debts of $150,000. The balance last year was $1,004,898.

Finely made from the finest materials and furs, they're beautiful coats . . . and you'll certainly find it's a wise bit of thrift to choose one now for next season's wear!

Everything in the Store at Clearance Prices!

Weddings

HARTLEY—HASTINGS

A wedding of interest to many Victorians took place in Spokane, Wash., on New Year's Day, of Marjorie, younger daughter of Mrs. Hastings, Trail, and the late Mr. Thomas Hastings, of Victoria, and Mr. James Dadwell Hartley, elder son of Mr. and Mrs. A. H. Hartley, Belleville Street, Victoria. Mr. "Dad" Hartley is a graduate of the University of British Columbia and is well known in athletic circles. Mr. and Mrs. Hartley will make their home in Trail, where Mr. Hartley is a member of the technical staff of the Consolidated Mining & Smelting Company of Canada.

Many Guests Attend Wedding New Year's Eve

The wedding of Marjorie Grace, only daughter of Mr. and Mrs. F. C. Sherriff, Fort Street, and Mr. Philip J. Kitley, eldest son of Mr. and Mrs. V. J. Kitley, Fernwood Road, took place on the evening of December 31 in the Reformed Episcopal Church in the presence of a large congregation. The ceremony was performed by the Rev. A. de B. Owen. For the occasion, white and yellow chrysanthemums and ferns were used in decoration of the church, the floral arrangement being the handiwork of the bride and her friends. The service was fully choral, the choir being in attendance. Mr. Davis, organist, presided at the organ.

Given in marriage by her brother, Mr. Billy Sherriff, the bride was a charming figure in her wedding down of ivory satin and lace and flared skirt. Her veil was attached to a cap of beautiful pillow lace, made by her grandmother and sent especially for the occasion from England. She carried a trailing bouquet, of Ophelia roses, carnations and maidenhair fern. Her attendants were Mrs. E. C. Sherriff matron of honor, in a peach satin frock with a long full skirt and a beige lace hat with peach trimming. Miss Marjorie Fink, as bridesmaid, was attired in a frock of pale green satin full skirt and lace hat. Both carried bouquets of chrysanthemums and maidenhair fern. The groom was supported by his brother, Mr. Walter Kitley. A reception followed at the home of the bride's parents.

Flowers telegraphed from Northampton, England, and the three-tier cake, made by the bride's mother, had the place of honor on the supper table.

Among the numerous and beautiful presents received by the happy couple was an electric clock from the manager and staff of the Prudential Assurance Company, of which the bride had been a member for five years as district clerk; a silver bread plate, suitably inscribed from the Reformed Episcopal Church Choir; from the officers and teachers of the Sunday school a silver casserole, and from the Young People's Society a silver flower vase. Congratulations were also received by wire from Christchurch, New Zealand, England and Vancouver.

The bride and groom left on the midnight boat for Kelowna, where they will reside, the groom being engaged on the school teaching staff.

For traveling, the bride wore a blue crepe de Chine dress and blue felt hat to match, and muskrat coat.

Cicero, the Cynic, says: "When love grows cold, even a fur coat will not keep it warm. When a man hasn't enough worry, he should marry.

EXTEND DUTIES OF JUDGE M'INTOSH

He Is Now Designated to Have Jurisdiction Within Victoria County

Judge J. C. McIntosh has had his jurisdiction in the courts of Vancouver Island extended. In future he will reside in Victoria, having had Victoria county added to the jurisdiction within which he may act. In the past he has been a judge of the county of Nanaimo, the only other judicial county on Vancouver Island. He will continue to exercise duties within Nanaimo county, but will have added to it the duty of holding court in Victoria county as well.

This does not interfere with the judicial duties of Judge Lampman, who continues to act for Victoria county.

Quarters in the court house here are being fitted up for Judge McIntosh. Yesterday he assigned dates for the county court trials which will be disposed of this month in Victoria.

RULING ON U.S. DRY AMENDMENT IS UPSET

Circuit Court of Appeals Finds Volstead Act Was Constitutionally Adopted

NEW YORK, Jan. 5 (AP).—The United States Circuit Court of Appeals held today that the Eighteenth Amendment was constitutionally adopted. It made its ruling in a decision unanimously affirming the conviction of Louis Thibault, of Windsor, Ontario, accused of possessing and selling two pints of whisky.

The Appellate Court thus took a contrary view to that expressed in Newark, N.J., recently, by Federal Judge William Clark, who held the Eighteenth Amendment was illegally adopted.

The decision declared that the Supreme Court already had decided that "the amendment had been lawfully proposed and ratified and had become a part of the Constitution and must be respected and given effect the same as the other provisions of that instrument."

BRITISH FILM CENSORS OPPOSE SORDID THEMES

LONDON, Jan. 5 (CP).—The British board of film censors has issued the moving picture companies an admonition concerning "the tendency to produce incidents of prolonged and gross brutality, and sordid themes which are unwholesome and repugnant to large sections of audiences in this country."

The board is a voluntary body, but its injunctions are treated with utmost respect by the entire industry in Britain. The president is Rt. Hon. Edward Shortt, Secretary for Home Affairs from 1919 to 1922.

In future no film will receive the board's approval if its theme "without any redeeming characteristic depends upon intense brutality and unrelieved sordidness."

That Body of Yours

By James W. Barton, M.D.

THE MIND ALSO NEEDS TRAINING

I have spoken before about examining the boys of a reformatory school. My work was to make the physical examination. The mental tests were made by a professor of psychology, and the boy was then interviewed by a judge of a juvenile court, a former schoolmaster.

Our combined report was then submitted to the government.

I believe we were able to help some of these boys.

However, as I read about a boy committing suicide, recently, because he was unable to face a condition that boys have been facing for centuries, I was just thinking that it would be a good idea if every boy was given not only the physical and mental test but was given a real chance to talk about himself, his difficulties, his doubts, his fears, his desires, to some understanding heart.

Many youngsters in the age between babyhood and going to school become possessed of various notions, fears, dislikes and so forth, that becomes an actual part of their makeup, and have as much to do with their actions later on, as has their actual physical strength or resistance to disease.

What can be done to straighten out the "kinks" in the mind of the growing boy or girl?

I know a preparatory school where in addition to the physical examinations, the daily attendance of a physician, and the keen oversight of a most competent head master, there is also on the staff an instructor who devotes his entire life to the boys.

One of his ways of helping each boy is to have every other boy in the school write down his candid opinion of every other boy as he "sees" him and "knows" him about the school.

Thus each boy as he is interviewed by this instructor learns just what the other fellows think of him—his good points and some not so good.

The boy realizes in this way just what he has to do to become the normal all-round boy that he would like to be.

The boy will usually open up his heart and mind to the instructor and many of the kinks, or tangles, can be straightened out or unwound in one or two interviews.

I believe that parents should think more about this. Mothers should get the confidence of their daughters and fathers the confidence of their sons. If necessary a little help may be obtained from the family physician, the spiritual adviser, or some well-informed family friend.

I talk every day about that body of yours, but the mind needs just the same thought and training if it is to render the service for which it was intended.

HIGH SCHOOL SWIMMING GALA SET FOR JAN. 16

Multnomah Cagers To Battle Pedens Here This Evening

Strong Rose City Quintette to Open Island Tour Against Locals at High School Gym—Important Intermediate Game Arranged

With both teams in fine condition and keyed to a high pitch, some of the finest basketball of the season is expected to be witnessed this evening at the Victoria High School gymnasium when the famous Multnomah Club, under the coaching of Ray Brooks, steps on the court against Peden Brothers, undefeated leaders of the senior "A" division of the City League. In the curtain-raiser, which will start at 8 o'clock, High School will battle the Hustlers in an intermediate League fixture.

Brooks and his quintette from the Rose City are rated as one of the best aggregations in the Northwest and their playing against the crack local squad will be watched with great interest by basketball followers as each year the visitors uncork several new plays. Last year they used the "huddle" system for calling signals to great advantage and the spectators got quite a kick out of the way the players used it.

NEW METHODS

This year several new methods will be used by the Portlanders, according to information sent from the Rose City. Four of last year's stalwarts will be back in harness, while Brooks has picked up several ex-college stars to fill in. Lanky John Inglis, centre, will be seen at the tip-off position again, but he will have plenty to worry about, for Pedens will be using "Chuck" Chapman at the same position. Chapman is a real classy cager and is expected to be a great worry to the opposing guards.

Joe Ross and Tommy Little will probably start at guard position for the locals, with Chapman, Bud Hocking and Lloyd Jones on the front line of attack. On the bench will be Stan Moore, who usually sees as much action as some of the regulars. This is the personnel that has carried the sporting goods lads through their league schedule without a defeat and they hope to take the visitors into camp to keep their slate clean.

The preliminary fixture is important in more ways than one. A victory for the High School quintette will put them in a tie for first place with the Knights of Pythias, while a decision the other way will give the Knights the first half championship.

Alan Le Marquand will handle both games.

AUSTRALIANS WIN SECOND TEST MATCH

Defeat West Indies by an Innings and 172 Runs at Sydney

IRONMONGER BOWLS IN DEADLY STYLE

SYDNEY, Australia, Jan. 5 (AP).—Australia won the second cricket test match from West Indies today by an innings and 172 runs. Australia won the first test by ten wickets. Scores in the second game were: Australia, 369; West Indies, 107 and 90, aggregate, 197.

With five second innings wickets down and only 67 runs on the score board, West Indies continued their impossible task today. Rain fell during the night, and after a hot sun had shone on the wicket this morning, it was ideal for Australia's bowlers. They quickly cleaned up the balance of the West Indies, only 23 runs being added. Ironmonger taking three wickets for 13. Hurwood, who bowled so well on Saturday, had an average of four wickets for 22. Grant, the West Indies captain, has made a fine showing in the tests. Out of three times at the wicket he has only been got out once.

West Indies were unlucky in being without the help of Bartlett, who broke a finger.

N.B.A. MAY OUST MAX SCHMELING

Early Returns From Mail Vote Indicate German Will Be Without Title Soon

Max Schmeling

CHICAGO, Jan. 5.—Early returns from the National Boxing Associations mail vote on a proposal to oust Max Schmeling as heavyweight champion, indicate the German will be without a title as far as the N.B.A. is concerned. Ten states have sent in their votes, and of these eight voted to vacate the throne.

Thomas E. Donohue, chairman of the championship committee, has made his recommendations for rankings in each class, and has placed W. L. (Young) Stribling, of Macon, Ga., as the No. 1 heavyweight contender, with Jack Sharkey next.

According to the ranking, the middleweight title is vacant, but Mickey Walker, generally recognized as champion, is made the first contender in the light heavyweight division, of which Maxie Rosenbloom is titleholder.

Other champions recognized are: Flyweight, Frankie Genaro; bantamweight, Al Brown; featherweight, Bat Battalino; junior lightweight, Benny Bass; lightweight, Tony Canzoneri; junior welterweight, Jackie (Kid) Berg; welterweight, Tommy Freeman.

National Hockey League Leaders

CANADIAN SECTION

Team—Montreal Maroons, played 19, won 10, lost 6, tied 3, 23 points.

Most Points (Goals and Assists)—Morenz, Canadiens, 15 goals, 5 assists, 20 points.

Most Goals—Morenz, 15.

Most Shutouts—Toronto 6, Chabot 4, Grant 2; Americans, Worters 6.

Most Penalties—Alex Smith, Ottawa, 55 minutes.

AMERICAN SECTION

Team—Boston, played 19, won 12, lost 5, tied 2, 26 points.

Most Points (Goals and Assists)—Goodfellow, Detroit, 15 goals, 8 assists, 23 points.

Most Goals—Goodfellow, Detroit, 15.

Most Assists—Boucher, Rangers, 11.

Most Shutouts—Gardiner, Chicago, 5.

Most Penalties—Shore, Boston, 65 minutes.

PUCK SQUADS TO RESUME PLAY IN LEAGUE TONIGHT

Canadiens to Clash With Monarchs in Intermediate Fixture in Roller Loop

JOKERS TO FACE CELLAR OCCUPANTS

With the Yuletide season history, teams in the Victoria Roller Hockey League will resume activities this evening at the Gray Line Rink with two fixtures on the schedule. Canadiens will hook up with the Monarchs in the opening battle of the evening in an Intermediate League fixture at 7:30 o'clock, while the Rovers and Jokers will fight it out in a Senior Division game an hour later.

With the squads badly in need of victories to keep in the running for the honors some first class hockey is expected throughout the two matches. A win for the Jokers will put them in a tie for second place, as will a win for the Canadiens in the other section.

Line-ups follow:

Canadiens — White, Anderson Robertson, Stringer, Pattullo, Parker, Barr, Leaske and Anderson.

Monarchs — Carlow, White, G. Smith, B. Crump, H. Holmes, Clayton, B. O'Connor, G. O'Connor and Woodford.

Rovers—Taylor, Blackstock, Erb, Dyer, Tyson, Farmer, Anderton, Lambrick and Bailey.

Jokers — Parkington, Lawson Munro, Wensley, Walker, Unwin Johnson, Rickinson and Jenkins.

FORMER GIANT BALL PLAYER PASSES AWAY

WATERBURY, Conn., Jan. 5 (AP).—Roger Connor, first baseman on the New York Giants Baseball Club for thirteen years, and a fence buster long before the day of the "Rabbit Ball," is dead.

A stomach ailment claimed his life yesterday after a lingering illness, during which he spent his Winters in Florida. He was seventy-three years old. After his retirement from baseball, he became school inspector here for seven years until ill health forced him to resign in 1920.

BELIEVE IT OR NOT - - - - - - - By Ripley

EXPLANATION FOR YESTERDAY'S RIPLEY CARTOON

George O'Donnell Kicked 109 Consecutive Points After Touchdown—George ("Bruin") O'Donnell, at present assistant coach at Iowa Wesleyan, made this unique record in actual competition while playing on the Billings (Montana) High School team in 1920 and on the Denver University squad in 1921. The Billings High team scored ninety-six touchdowns in eight games, and after each one O'Donnell place-kicked the extra point. While at Denver University he ran his total up to 109 before he missed, then kicked ten straight, missed again, and kicked five more, making a total of 124 out of a possible 126 for the two seasons.

THE REVISED VERSION

Lives there a dub with soul so dead
Who never to himself has said,
With spirit somewhat sore,
"This year I'll take off twenty strokes,
I'll trim some of these pop-eyed jokes,
I'll dabble in their gore?"

Lives there a dub with soul so spent
Who's never said, with deep content,
Through sleet and snow and ice,
"I'll cut away that shoulder dip,
I'll pivot better at the hip,
I'll cure that blinkin' slice?"

KNUTE ROCKNE'S LATEST

The grind and strain of the last football season is over for Knute Rockne, but the humor of the campaign still remains. Here's his latest:

"Ball on the fifty-yard line. Notre Dame's ball—old grad up in the stands taking a nip from a bottle. 'Watch that Carideo,' he says.

"'There's the smartest quarterback in football. He'll pass on the first down—watch him.' (Carideo sends Schwartz through guard for eight yards.)

"Old Grad (taking another nip)—'Now watch Carideo. He's found their weakness. He'll shoot Schwartz through again.' (Carideo sends Brill on spinner for nine more.)

"Old Grad (blinking and taking one more nip)—'Watch him come back with Brill. That's the play—' (Carideo sends Schwartz off tackle for ten yards.)

"Old Grad—'Now he'll come back with Schwartz again. He's bound to.' Carideo passes to opponent's two-yard line.)

"Notre Dame now has the ball on opponent's two-yard line.

"Stranger (to Old Grad)—'You seem to know all about Carideo's system. What's he going to do now?'

"Old Grad (taking one more nip)—'I've brought him this far. It's up to him to go the rest of the way.'"

MIXED CHAMPIONS

If the New York State Boxing Commission withdraws Schmeling's crown and the N.B.A. orders a meeting between Schmeling and Stribling, we might then have the same situation that wrestling has known for several years—which is two world's champions. This has worked out well enough in wrestling without upsetting the universe, and it might work out just as well in the fight game.

Sharkey might represent one championship clique and either Schmeling or Stribling the other. The next move would be to have Europe nominate Carnera for a third title.

Londos and George are now the two heavyweight wrestling champions, and you can take your pick, or have both alone.

Schmeling has one big advantage in holding the title. No one has ever yet taken away a heavyweight title outside the ring. Anyway, the complications ahead seem to be larger than usual and the tangle may even get to be worse.

THE OUTSTANDING CHAMP

Without enough dissenting votes to make up a quorum, it was generally voted that Bobby Jones was the outstanding champion of 1930. As George Trevor so ably put the case, "Jones was the only one to storm the impregnable quadrilateral of golf." He was a four-time champion. But now, within a short time, his voice will be heard on the air and his swing will be seen on the silver screen and he will stalk the fairways in competition before 10,000 rampaging admirers no more.

So who will be the one to take his place as the outstanding champion of the budding year? Will it be Mac Smith, Tommy Armour or some one else in golf? Cochet, Doeg, Wood or Davis in tennis? Babe Ruth, Hack Wilson or Chuck Klein? Ernshaw, Grove or Cochrane? Schmeling, Stribling, Sharkey or Carnera?

There will be no four-time champion for one year. But there should be at least one outstanding performer. Whether he will come from golf, tennis, baseball, boxing, football or track remains to be seen. For that matter, the crown may go to a Helen Wills Moody, a Helene Madison, a Glenna Collett or a Stella Walsh. These four headliners can now match the heights held by any male and overmatch most of the masculine bids for fame. They have done better, proportionately, than any four men you can name, and they still have their best days ahead.

Jones' departure to the air and the screen leaves a wide open gap and the scramble is sure to be close. What a chance for another Dempsey! But where is he?

If the New York State Boxing Commission insists that Schmeling meet Sharkey, Sharkey is likely to lose his chance, with the fight transferred to Chicago against Stribling or Carnera. That puts Sharkey in one of the dilemma booths. If Schmeling fights Sharkey on a percentage he will get less than half he has been guaranteed in Chicago. That puts Schmeling in another dilemma booth. If Sharkey and Stribling meet again, everybody will be in a flock of dilemma booths. This would be the logical, as you might say, move if there was any way to squeeze a fight out of Sharkey and Stribling, thrown in together.

If an elimination contest between Sharkey and Stribling is ordered, the aftermath may be full of froth. If it isn't ordered and they don't meet, there will be no proof that Schmeling is meeting the best man left. Two such able defensive masters as Sharkey and Stribling won't put on a scrap worth looking at in one of twenty hearts. The New York Boxing Commission is making a big mistake in stepping into the matchmaking business, especially at a time when almost any match that is made is liable to be another one of those merry-go-rounds, jiu jitsus, or words to that effect. It may take another lean year to convince most of the fighters that they have to earn at least 10 per cent of the money paid in at the gate.

You can see from all this why all concerned in the heavyweight tangle are looking in the direction of nothing but dilemmas. Any move anyone makes is almost sure to be wrong, especially where there is four times as much politics as there is sport.

The heavyweight moratorium idea might not be a bad one for the next year, in which Jack Dempsey is allowed to shadow box and at least bring back a reminder of the days when one wallop was worth more than ten dancing manoeuvres.

TODAY'S GOLF DOPE

R. L. F. wants to know just what is meant by "correct wrist action." The main idea involves flexible, pliable wrists, which are cocked or broken at the top of the swing. The left wrist at the top of the swing has to be cocked or there is sure to be far less speed through the down swing, with a tendency to throw the right side around in an attempt to get physical power from the body.

Bobby Jones, for one example, says that one of his main points of concentration is on the cocked left wrist at the top of the swing. He seems to have done fairly well by the proper use of this important fundamental.

DUNCAN DEFEATS CHRIST CHURCH

Duncan's second squad of badminton players moved up a notch in the race for the Second Division honors in the Lower Island league by scoring a 14½-3½ victory over Christ Church on Saturday.

Scores, with the Duncan players being named first, follow:

MEN'S DOUBLES

A. Appleby and R. Mutter beat D. Fish and S. White, 17-16, 17-14.

A. Howe and H. Ancell beat T. Simmons and W. Paterson, 15-7, 18-15.

L. Hensiowe and C. R. Purvey tied with G. Pritchard and I. McQuade, 17-14, 7-15.

WOMEN'S DOUBLES

Miss D. Dawson-Thomas and Miss Waldy beat Mrs. White and Miss Tindall, 17-14, 15-6.

Mrs. Long and Miss Buckmaster beat Miss Taylor and Miss Love, 15-11, 15-5.

Miss Greenwood and Miss McEwan beat Miss Biggs and Miss Thomas, 15-5, 15-8.

MIXED DOUBLES

Miss Dawson-Thomas and Howe beat Miss Taylor and Fish, 15-12, 18-16.

Miss Dawson-Thomas and Howe beat Mr. and Mrs. S. White, 18-17, 15-12.

Mrs. Waldy and Appleby beat Mr. and Mrs. S. White, 15-5, 15-8.

Mrs. Waldy and Appleby lost to Miss Taylor and Fish, 15-11, 15-12.

Mrs. Long and Mutter beat Miss Thomas and Simmons, 15-5, 15-8.

Mrs. Long and Mutter beat Miss Biggs and Patterson, 15-8, 15-10.

Miss McEwan and Ancell tied with Miss Biggs and Paterson, 15-9, 15-8.

Miss McEwan and Ancell lost to Miss Thomas and Simmons, 15-5, 15-1.

Miss Greenwood and Hensiowe beat Miss Love and Pritchard, 18-13, 15-8.

Miss Greenwood and Hensiowe lost to Miss Tindall and McQuade, 15-11, 17-15.

Miss Buckmaster and Purvey beat Miss Tindall and McQuade, 15-9, 15-5.

Miss Buckmaster and Purvey tied with Miss Love and Pritchard, 8-15, 15-11.

Premier Tolmie Donates Trophy To Soccer Loop

TEAMS in the First Division of the Victoria and District Football League will start competition in a new trophy series January 17, when they take the grounds in the opening rounds of the Tolmie Cup schedule. The trophy was presented to the local soccer dukes by Premier S. F. Tolmie. During the opening ceremonies of the 1930-31 season, at which the Premier officiated, he promised the league a cup.

FALCONS NOSE OUT HAWKS IN EXCITING GAME

Great Offensive in Third Period Gives Detroit Icemen Victory

QUAKERS NO MATCH FOR N.Y. AMERICANS

CHICAGO, Jan. 5.—The Detroit Falcons uncorked eleven minutes of offensive punch in the final period yesterday evening to defeat the Chicago Black Hawks, 2 to 1, in a slam-bang National Hockey League match in the Stadium, before 12,000 spectators, who staged a mild demonstration near the end of the contest.

For two periods the Hawks did everything but score. A sensational job of goal minding by Dolly Dolson, and artistic poke checking by Reg Noble and Harvey Rockburn, kept Chicago from doing that. The Detroit offence was negligible until early in the last period, when Larry Aurie took a pass from Sorrell to score.

A flock of penalties finally helped the Hawks to connect just before the game ended, Cook scoring.

Detroit was penalized nine times, Rockburn drawing a major and three minors, while Chicago suffered four penalties. The crowd became so unruly in the closing minutes of the game that a six-minute delay was caused by a barrage of apples, paper, colins and pop bottles. Attendants cleaned up the debris, while the players snared the coins.

The Line-Ups

Detroit—Dolson; Rockburn and Noble; Goodfellow, Aurie and Sorrell. Subs: Hay, Lewis, Evans, McInenly, Cooper, Filmore, McCabe, Hicks and Fredrickson.

Chicago — Gardiner; Abel and Wentworth; Desjardins, Arbour and Ingram. Subs: Dulkowski, Ripley, March, Somers, Couture, Miller, Cook, Graham, Gottselig and Adams.

Officials—Ion and Goodman.

Summary

First Period—No score. Penalty: Rockburn (major).

Second Period—No score. Penalties: Noble, Abel, Rockburn, Dutkowski, Adams, Graham and Hay.

Third Period — 1, Detroit, Aurie (Sorrell), 4:10; 2, Detroit, Lewis, 5:50; 3, Chicago, Cook, 7:50. Penalties: Noble, Rockburn (2), Cook, Aurie and Sorrell.

QUAKERS SWAMPED

NEW YORK, Jan. 5.—Tired from two hard games on successive nights, the Philadelphia Quakers failed to make their usual good showing against their National Hockey League rivals yesterday evening and suffered a 5 to 0 shutout at the hands of the New York Americans. The victory left the Americans only a point behind the Montreal Canadiens and Toronto, tied for second place in the Canadian Section.

The Quakers seldom could get in an effective thrust through the tight New York defence, while the Americans, while taking an early lead, had little trouble snatching the openings they found to add to their score. They tallied three times in the second period to clinch the game.

George Patterson opened the scoring two minutes after the game started, on a pass from Red Dutton. Bill Burch, Dutton and Normie Himes increased New York's total in the second period with Happy Emma and Johnny Shephard furnishing assists. A neat three-man passing attack gave Bert Hughes the final tally.

The Line-Ups

Americans—Worters; Dutton and Ayres; Burch, Patterson and Emms. Subs: Carson, Himes, Simpson, McVeigh, Shephard, Massecar, Hughes and Brydge.

Philadelphia — Cude; McKinnon and Coulson; Milka, Kilrea and Howe. Subs: Miller, Lyons, Jarvis, Hutton, Lowery, Shields, Barton and McCalmon.

Officials—Bert Corbeau and Busebe Daigneault.

Summary

First Period—1, Americans, Patterson (Dutton), 2:20. Penalties: Patterson, Coulson and McVeigh.

Second Period — 2, Americans, Burch, 4:19; 3, Americans, Dutton (Emms), 9:17; 4, Americans, Himes (Shephard), 3:04. Penalties: Kilrea, Emms, McVeigh and Jarvis.

Third Period — 5, Americans, Hughes (Massecar and Carson), 2:15. Penalty: Shephard.

Lott Declines Invitation to Join Pro Tour

PHILADELPHIA, Jan. 5 (AP).—George M. Lott, Jr., a member of the United States 1930 Davis Cup team, today said he had declined a proposition to turn professional and become a member of the Bill Tilden-Karel-Koseluh indoor tour which opens in New York on February 18.

Big Entry Expected For Annual Aquatic Event at Garden

Elinor Peden to Defend Honors Won Last Year—Ken Billingsley and Jimmy Temple Promise to Give Plenty of Action in Boys' Section

Competitors Undergoing Hard Training

Eleanor Peden is now preparing to defend her swimming honors, won at the annual High School Gala last year, when the 1931 event takes place on Friday, January 16, at the Crystal Garden. The entry list each year has shown an increase over the previous year, and this year a banner exhibition is expected from the students. Miss Peden has been doing a great deal of practising during the past month, and made a name for herself last week swimming for the local Y.M.C.A. against aquatic stars from Varsity.

In the boys' section, Ken Billingsley, who came close to capturing the trophy last year, will be out to seek his share of the laurels. He has entered eleven of the twelve events on the card.

Another ardent contender among the male members of the school will be seen when Jimmy Temple takes to the water for his third year as a participant in the gala. Temple defeated Billingsley in the fifty yards freestyle event last year, and providing there is no upset, one of these two lads is looked to to cop the race this year. Temple was a star performer as a participant of the public school galas, and with Billingsley is a member of the "Y" squad. Allen Baker will also be on hand to perform in many of the boys' events, and will not make it easy going for any of his fellow students.

Following the diving and racing, a list of novelty events promises to provide plenty of amusement and thrills for the fans. Among these is a polo game to be played between two of the school teams.

THE PROGRAMME

The complete list of events follows:

Boys' Events

Fifty yards, freestyle, under fifteen; fifty yards, freestyle, under sixteen; fifty yards, freestyle, under eighteen; fifty yards, backstroke, open; fifty yards, breaststroke, open; 100 yards, free style, open.

Girls' Events

Fifty yards, freestyle, under fourteen; fifty yards, freestyle, under sixteen; fifty yards freestyle, under eighteen; fifty yards, breaststroke.

Other Events

Diving, one-metre board; diving, for plates; beginners' race; balloon race; interclass relay; plunge for distance; diving, optional; diving, for plates; balloon race; cork race; interclass relay race; water polo, A team vs. B team.

Leaves for Toronto For Title Encounter

BILLY TOWNSEND

VANCOUVER, Jan. 5. — Billy Townsend, Vancouver welterweight, left today for Toronto, where he is scheduled to battle Jackie Phillips, January 19, for the Canadian welterweight title.

DETROIT CENTRE STILL LEADING N.H.L. SCORERS

Eddie Goodfellow Has 23 Points to Credit—Bun Cook Next

MORENZ IN FRONT IN CANADIAN SECTION

MONTREAL, Jan. 5.—**Although failing to register a single point within the week, Ebbie Goodfellow, centre ice star of Detroit Falcons, still holds the lead among the point-makers of the National Hockey League, in the official statistics issued tonight, including Sunday night games.**

Goodfellow's 23 points still furnish the target for aspiring marksmen, but Fred (Bun) Cook, left wing for New York Rangers, and Harry Oliver, right wing on one of the Boston Bruins' offensive divisions, both gained on the leader. Cook is now only two points behind his Detroit rival, having scored 12 goals and registered 8 assists. Oliver is only a point to the rear of Cook, having 10 goals and the same number of assists.

MORENZ TOP ON CANADIAN

Howie Morenz, of Canadiens, leading the Canadian Section pointmakers, bettered his average slightly in the past week by scoring a goal, which brought his total number of goals up to 15, tieing him with Goodfellow in that respect, and his assists to 5 for a total of 20 points. "Ace" Bailey, of Toronto, is second with 17 points, and Joe Lamb, of the lowly Ottawas, third with 15.

Harvey Rockburn, sturdy Detroit defence star, has taken a lead over all others in the matter of accumulating penalties. His total now reaches 68 minutes, five minutes more than Eddie Shore, of Boston Bruins, and thirteen minutes more than Alex Smith, Ottawa defence player, who tops the Canadian Section.

WANDERERS TO PRACTISE

Oak Bay Wanderers will hold a workout tonight at Oak Bay Park at 8 o'clock. In event of rain, players are asked to attend a lecture at St. Michael's School gymnasium.

SCOTTISH SOCCER MARRED BY FROST

Hard Grounds Force Postponement of Several Fixtures

HEARTS BEAT ABERDEEN

GLASGOW, Jan. 5 (CP).—Heavy frost, which rendered the grounds as hard as rocks caused the postponement of the cream of the scheduled soccer matches in Scotland today. In the Scottish First Division fixtures all the Glasgow matches, as well as the Airdrie and Paisley games, could not be played. In the balance, Hearts beat Aberdeen at Edinburgh, Ayr United had a home win against East Fife, Kilmarnock were beaten at Cowdenbeath, Clyde triumphed at Leith, while Dundee nosed out Hibernians at Dundee.

Cowdenbeath scored through Black, Campbell and Paterson, while Maxwell goaled for Kilmarnock.

Dundee had a hard fight with Hibernians, the winner getting a lone goal through Campbell.

Hearts three goals came through White (2) and McMillan. Aberdeen had goals through Love and McLeod.

Boyd and King divided Clyde's four goals equally between themselves, and Carruthers and Laidlaw scored for Leith.

Ayr United scorers were Morgan, from a penalty, and McGillivray (2). McLeod gave East Fife a counter when he put the ball through his own goal.

Results follow:

SCOTTISH LEAGUE

Division I

Airdrie - Hamilton Academicals, postponed.
Ayr United 3, East Fife 1.
Celtic-Queens Park, postponed.
Cowdenbeath 3, Kilmarnock 1.
Dundee 1, Hibernian 0.
Hearts 3, Aberdeen 2.
Leith Athletic 2, Clyde 4.
Motherwell-Falkirk, postponed.
St. Mirren-Morton, postponed.

Division II

Alloa-Albion Rovers, postponed.
Armadale 2, St. Bernard's 1.
Clydebank-Dundee United, postponed.
East Stirlingshire 7, Dumbarton 1.
Forfar Athletic 5, King's Park 1.
Montrose 3, Queen of South 1.
Raith Rovers-Bo'ness, postponed.
St. Johnstone-Brechin City, postponed.
Stenhousemuir 0, Dunfermline Athletic 1.
Third Lanark-Arbroath, postponed.

IRISH LEAGUE

Saturday's games:
Glentoran 1, Linfield 1.
Newry 0, Ards 1.
Celtic 1, Cliftonville 1.
Bangor 3, Distillery 3.
Larne 5, Coleraine 2.
Glenarm 1, Portadown 1.
Derry 1, Ballymena 2.

Maroons Farm Out Three Rookies to Windsor Bulldogs

MONTREAL, Jan. 5.—Paul Haynes, Desse Roche and Al Huggins, three rookies recruited by the Montreal Maroons from the Montreal Amateur Athletic Association team, 1930 Allan Cup winners, will go to Windsor tomorrow night for seasoning with the Windsor Bulldogs, while Lawrence Northcott will come back to the National Hockey League as spare talent for the two Maroon front lines.

Earl Roche and Johnny Gallagher and Dave Kerr have made good with the Maroons and will remain in the big time. The other trio have shown plenty of promise, says Manager Dune Munro, but need a little experience.

BASS KEEPS JUNIOR LIGHTWEIGHT TITLE

Fluke Goal Gives Lions Lead Again In Coast Hockey

Sanderson's Marker in Third Period Gives Vancouver Icemen 1-0 Victory Over Portland Bucks—Jackson Shines in Net for Winners

VANCOUVER, Jan. 5 (CP).—Vancouver Lions forged into undisputed possession of first place in the Pacific Coast Hockey League by defeating Portland Bucks, 1 to 0, here tonight.

A fluke goal by Sanderson early in the third period decided the issue and gave the lions a two-point lead over the second-place Eskimos. Brennan started the play when he rushed the length of the ice flanked by Sanderson and Jerwa. He shot from the defence and the puck rolled behind the net. Sanderson dashed in and attempted to pass out to Jerwa, who was uncovered in front of the goal. The disc struck the Portland goalie's pads and bounced between them and the post into the net.

It was a sudden climax to a game which saw the visitors outplay the Lions during most of the first two periods, only the stellar net minding of Percy Jackson keeping the Vancouver team in the hunt. The visiting Buckaroos had numerous scoring chances and their boring-in tactics had the Vancouver defence beaten many times, but try as they did they could not get the puck past Jackson.

The game got off to a slow start and the first period produced a lot of ragged hockey. The Bucks were early on the attack and looked good for a victory. Their best efforts halted at the net, however, and the initial session was scoreless. In the middle frame, play speeded up with the Bucks still holding an advantage in play. It was in this session that Jackson did his best work and another twenty minutes of scoreless hockey passed.

Sanderson's counter came about three minutes after play opened in the final frame. The Bucks tried hard in the latter part of the game to tie it up, but the Vancouver rearguard tightened and gave Jackson improved support, and the Lions went into first place in the league race.

The Lions played without Sammy McAdam, regular right winger, who has departed for the East to play with the New York Rangers in the National Hockey League. He was replaced by Chuck Dunn, utility man, while Redpath, defenceman, and Osmundson, right winger, formerly of the defunct Tacoma Tigers appeared in Vancouver uniforms and played in relief roles.

The Line-Ups

Vancouver—Jackson; Arnott and Brennan; Jerwa, Dunn and Sanderson. Subs: Redpath, Pettinger, Carr, Blythe and Osmundson.

Portland—Aitkenhead, McGoldrick and Roulston; Conn, Downie and Pool. Subs: Burke, Coupez, Teel, Maher and Armstrong.

Officials—Lindsay and Borland.

Summary

First Period—No score. Penalties: McGoldrick and Coupez.

Second Period—No score. Penalties: Conn, Armstrong and Coupez.

Third Period—1, Vancouver, Sanderson, 3:10. Penalties: Conn, Pool and Dunn.

Teaches Sons His Game

ART Ross, manager of the Boston Bruins, runners-up for the Stanley Cup last Winter, with his two sons, left to right, John, eleven, and Art, Jr., thirteen, in the Boston Garden, where he puts them through the rigors of hockey.

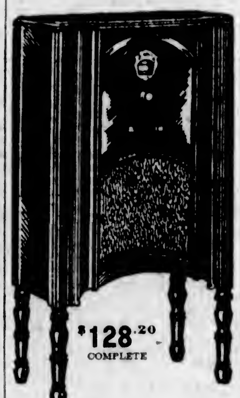

Champion Outpoints Massey in 10-Round Go at Philadelphia

Challenger Has Hard Time Avoiding Knockout Under Heavy Body Attack in Late Rounds—10,000 Spectators Watch Encounter

PHILADELPHIA, Jan. 5 (AP).—Benny Bass, junior lightweight champion, defended his title successfully at the Arena tonight by punching out a ten-round decision over Lew Massey, Philadelphia Italian. Bass weighed 128½ pounds, Massey 128.

Tonight's bout was fought along the same lines as marked a non-title battle between the Philadelphia boys six weeks ago, Bass winning the verdict. Benny's heavy cannonading to the body slowed up the challenger after the first few rounds, and it required all Massey's boxing skill to escape a knockout punch in the closing sessions. A capacity crowd of 10,000 saw the battle.

Massey, a faster starter than the stocky Bass, was at his best in the first three rounds, and they battled along on comparatively even terms. A left jab and a right uppercut bothered the champion for a time, but when he found he could take all that Massey had to offer he showed a willingness to take a punch in order to work in close and hammer away at Massey's midsection.

HUDSON'S BAY TO MEET NAVY XI TOMORROW

Strong Squad to Clash in Opening Feature Match of Pendray Cup Series

SAANICH UNITED TO BATTLE GARRISON

Wednesday League football elevens will swing back into action following a three weeks' layoff, due to the holidays, tomorrow afternoon, when the clubs will start competition for the coveted Pendray Cup. Hudson's Bay will stack up against the Navy at the Royal Athletic Park at 2:30 o'clock, with Referee Armstrong in charge. Saanich United and the Garrison will meet in the second game at the Lake Hill grounds at the same hour, with "Scotty" McKay blowing the whistle.

With the squads clashing with each other four times, some first class soccer will, no doubt, be seen before the winners are declared. For the past two seasons the departmentals have walked off with the beautiful piece of silverware. Last season they nosed out the tars by a lone point after the greatest series in the league's history.

GREAT BATTLE EXPECTED

The Bay's-Navy fixture at the Cook Street enclosure is expected to be a great struggle, as both teams are taking the field with formidable line-ups. The sailors' victory in the Hayward Cup series, which closed before the holidays, makes them slight favorites over the greenshirts.

Garrison, runners-up for the Hayward Trophy, will march on the new Saanich field with a strong eleven with hopes of subduing Teddy Hawkes and his youthful squad representing the suburban district. This will be the first time that the midweek teams will be seen in action on the suburban field.

LINDSTROM MAY BE GIANT OUTFIELDER

McGraw Planning to Send Star Third Baseman to Outer Gardens Next Season

NEW YORK, Jan. 5 (AP).—If John McGraw goes through with his plan to convert Freddie Lindstrom, star third baseman of the New York Giants, into an outfielder next season, two minor league recruits will battle it out for the vacant spot in the infield. McGraw hopes that either Jack Verges, from the Oakland club of the Pacific Coast League, or Jack Pickering, from Birmingham, of the Southern Association will plug the hole Lindstrom's shift to the outfield would leave.

Some of the more facetious critics insist that Lindstrom's stay in the outfield will last only as long as the Giants are in Spring training, and that he will be in his usual place when the Giants return to the Polo Grounds.

The insurance agent was trying to interest his client in a policy covering every risk, but the latter insisted on striking out the clause insuring against damage by lightning.

Said he: "... by all means. But ... you can show me how to make a shop look as if it had been struck by lightning I'll give up business."

MALCEWICZ BEATEN BY MASKED MARVEL

KANSAS CITY, Jan. 5 (AP).—Charlie Fischer, Chicago, 170, middleweight wrestling champion, won from Sailor Jack Woods, New York, 184, in thirty-four minutes and four seconds in a one-hour limit wrestling match here tonight. Fischer used a pile-drive to gain the victory.

The Masked Marvel, Los Angeles, 190, threw Joe Malcewicz, Utica, N.Y., 198, with a body slam in nine minutes and fifty seconds of a one-hour limit match.

JOKERS XI TO MEET CITY IN CUP FIXTURE

First Division Squads to Replay Milton Trophy Match Saturday Afternoon

WINNERS TO ENTER FINAL OF SERIES

Jokers, runners-up for the First Division championship, and Victoria City will clash on Saturday afternoon at 2:30 o'clock at the Royal Athletic Park in a replay fixture of the Milton Cup series. This will be the only senior attraction on schedule, the other elevens remaining idle until January 17.

When the same two teams battled it out about three weeks ago in the semi-final round of the series, the match was called on account of darkness after five minutes of the second overtime period had been played. At the time when Referee McMillan halted the battle, the Jokers were leading by a 3-1 score.

With the winners entering the final round, both squads are expected to field strong line-ups for the fixture. Due to their string of victories in the Garrison Cup competition, the Jokers are favorites to come out on top. Victoria City have found the road to victories pretty tough lately, but are gradually reorganizing and hope to make better showings during the remainder of the season.

The winners of this game will battle the victors of the Esquimalt-Saanich Thistles fixture in the final round.

Victoria West Eleven Handed 8-1 Trouncing

DUNCAN, Jan. 5.—Duncan United defeated Victoria West on the football grounds here yesterday by a score of 8-1. Duncan played throughout the match one man short, but this did not deter the locals from running roughshod over the Wests. The half-time score was 6-1, and Duncan took things a little easier thereafter, but added two for good measure. Duncan's forward line was very strong, and the shooting of Kulai was a feature.

January Clearance Bargains in Overcoats Underwear Shirts Socks, Ties and Suits

Scotch Sweaters

For Men and Women REDUCED TO $5

Formerly $7.50 to $17.50

Both pullovers and cardigans in this January clearance group. Very smart. All pure wool of finest quality.

At The Playhouses

ZEPPELIN CRASH IS FEATURED IN FILM

"Madam Satan," at Capitol Theatre, Has Many Unusual and Effective Scenes

Comment regarding "Madam Satan," now at the Capitol. Cecil B. De Mille's first musical production for Metro-Goldwyn-Mayer, seems to indicate that this producer-director, first in films to cater to the expanded ocular desires of the public, is at it again in his present opus.

"Madam Satan," it is said, offers not only a wide variety of pretty girls cavorting in attractive masked ball costumes, but he also reverts back to the type of "spectacle" which made such earlier De Mille successes as "Manslaughter," "Male and Female" and "Forbidden Fruit."

This time a ball on a Zeppelin is climaxed by an accident to the airship and the parachute descent of all the passengers.

The feature players of this eye and ear entertainment are Kay Johnson, Reginald Denny, Roland Young, Lillian Roth, with Theodore Kosloff as the premier dancer.

AMUSEMENTS

On the Screen

Capitol—Reginald Denny, in "Madam Satan."

Coliseum—"The Virtuous Sin," starring Kay Francis.

Columbia—Jack Mulhall, in "Murder Will Out."

Dominion—"Alf's Button," featuring Tubby Edlin.

Playhouse—Warner Baxter, in "Renegades."

Crystal Garden—Swimming, Dancing and Miniature Golf.

COLUMBIA THEATRE Unusually beautiful water scenes are among the many unique features of "Murder Will Out," First National-Vitaphone production which is the current attraction at the Columbia Theatre. The water "shots" were taken at San Pedro, California, from a speedboat, yacht, and a submarine, all of which figure in the plot of the Will Jenkins' murder-mystery travesty. Jack Mulhall is the featured player.

DOMINION THEATRE "Alf's Button," a talkie version of W. A. Darlington's famous farce extravaganza, is the feature attraction today at the Dominion Theatre, with Tubby Edlin playing the title role, Alf Goddard as his pal, Bill, Nora Swinburne as Lady Isobel, Polly Ward as Liz, and Humberston Wright as the magic spirit.

COLISEUM THEATRE Victor Potel, famous a number of years ago as "Slippery Slim" in Broncho Billy's Essanay Westerns, provides comedy relief in "The Virtuous Sin," Paramount talking filmization of the Lajos Zilahy's play, "The General," now showing at the Coliseum Theatre. The lanky comedian, playing a sentry in the Russian army, joins a cast which includes Walter Huston, Kay Francis, Kenneth MacKenna, Jobyna Howland and others.

STARK DRAMA CENTRES IN STORY OF LEGION

Warner Baxter and Myrna Loy Give Great Performance in Picture at Playhouse

With stark drama worthy of Eugene O'Neill at his best, "Renegades," the Fox movietone feature which opened at the Playhouse Theatre yesterday is one of the most engrossing and entertaining talkies shown here in many months.

The finest picture of the French Foreign Legion to reach the speaking screen, "Renegades," has much to recommend it. The notable performance of Warner Baxter in the leading role is a revelation to those whose admiration for this fine actor has heretofore revolved around his impersonations of dashing bandits in the old Southwest. As the luckless French officer who flees to the Legion when his sweetheart proves to be an enemy spy, only to encounter her deadly activities at the moment of his triumph, Baxter's work is flawless. Myrna Loy is as alluring as ever and fascinates while she repels the spectator in her difficult but excellently-handled role.

Lawyers are sometimes mighty particular. The other day one of these learned and amiable gentlemen was waited upon by a young man, who began by saying: "My father died and made a will—"

"Is it possible? I never heard of such a thing," answered the lawyer. "I thought it happened every day," said the young man, "but if there is to be any difficulty about it, I had better give you a fee to attend to the business."

The fee was given, and then the lawyer observed: "Oh, I think I know what you mean. You mean that your father made a will and died. Yes, yes, that must be it."

MARRIAGE DOCTRINE WILL BE EMPHASIZED

Pope Pius to Issue Encyclical This Week—Expected to Reiterate Church Stand

ROME, Jan. 5 (AP).—The strict Roman Catholic doctrine on marriage is expected to be reiterated and emphasized in the encyclical which Pope Pius will issue this week.

The encyclical, it is understood, will restate Catholicism's disapproval of divorce, and will emphasize that only by continence within the marriage state can families be limited without transgressing divine law.

It is understood that mixed marriages will be the subject of special comment in the encyclical, which probably will re-emphasize the duty of bishops before granting dispensations for such unions to obtain a written promise from the non-Catholic contractant guaranteeing the faith of the children and guaranteeing the right of worship by the Catholic party.

WILL URGE CONVERSION

It is expected to be also a reiteration of the duty of the Catholic party to pray unceasingly for the conversion of the non-Catholic spouse and by force of example and piety of life to induce the conversion as a Catholic.

This section of the prospective encyclical, it is understood, has been motivated by the service said at Sofia, Bulgaria, for King Boris and Queen Joanna, when they reached there after their marriage at Assasi, Italy. Whatever the real character of the Sofia service, it was represented widely in Bulgaria as a second marriage service, according to Greek Orthodox rite, which was regarded as contrary to the promise made by Boris in securing a dispensation for the marriage.

The encyclical also probably will restate other proscriptions intended to elevate the marriage state and insure the physical and spiritual health of children.

ANSWER TO SUNDAY'S PUZZLE

Valuable Private Museum

ONE of the richest privately owned museums in the world belongs to Baron Max Freiherr von Oppenheim, of Berlin, whose rare collection of Babylonian and Assyrian antiquities is believed to be the most complete known. Since 1913 the baron has been excavating on the site of Tell Alaf, Mesopotamia, and has unearthed relics of one of the oldest civilizations.

What Today Means

"CAPRICORN"

If January 6 is your birthday, the best hours for you on this date are from 8:30 a.m. to 11 a.m., and from 3 p.m. to 6 p.m. The danger period is from 8 p.m. to 9:30 p.m.

The planetary aspects of January 6 are, on the whole, favorable, although there will be many trifling worries that will cause dissatisfaction and disappointment. The signs encourage efforts of importance, but do not promise much for smaller undertakings. Avoid speculation!

Children born on this January 6 will require more than usual care in infancy. Past this stage, they will develop into robust adulthood. Hard headed, and never dominated by emotion, they are bound to succeed. They will brush aside ruthlessly all opposition, and tear down all obstacles.

You were born on a January 6? Then the world is at your feet. If you will only take advantage, without dillydallying, of the many opportunities at hand. You are exceptionally bright, not intellectual, but intelligent. You are full of vitality, endowed with common sense, and your wisdom is always practical, never chimerical. Success generally attends your efforts, as you do not embark on any enterprise, regardless of its size, without having carefully weighed the "pros" and "cons." The same spirit animates you in your relations with others. You are never obsessed with the accuracy of your own point of view, and are always willing to concede that others may, in all sincerity, hold views diametrically opposed to yours.

Why then, with such a "make up" do you lag behind those who are not so generously gifted? Your horoscope reveals that you are spasmodic. You lack that continuity of effort which is essential to great achievement. Problems are attacked by you with a vim and an enthusiasm that call forth everyone's admiration. The vim quickly vanishes, and the enthusiasm wanes, just as soon as you enter the drudging sphere—and there is always drudgery in every worthwhile achievement.

Your disposition is never soured by failure to make good. You realize your own defects and never "pass the buck." In the home, you will always find sympathy and understanding and deep affection.

BROADCAST BRIEFS OF THE AIR

None other than "Rube" Goldberg, famed cartoonist and humorist, will make an appearance before the microphone tomorrow night from 7:30 to 8:00 o'clock in the half hour when the N.B.C. network is on the air with the Coca Cola programme.

Goldberg is to be interviewed by Grantland Rice, noted American sports writer. The half-hour will be augmented by the musical offerings of Leonard Joy's all-string orchestra, and will be heard over Station KOMO.

Broadcasting from 12:30 till 1 o'clock, Nat Brusiloff and his orchestra will present another programme of Syncopated Silhouettes tomorrow afternoon over KVI and the Columbia broadcasting system.

The galaxy of stars who are heard in the Palmolive Hour will present their weekly offering of light classical music and modern airs through the N.B.C. coast-to-coast network tomorrow night from 6:30 to 7:30 o'clock, P.S.T.

Presenting that well-known novel of Sir Walter Scott, entitled "Ivanhoe," the American School of the Air will broadcast tomorrow morning during their half-hour programme over KVI and the CBS hook-up, commencing at 11:30 o'clock, P.S.T.

Tomorrow night, KOMO will again present Generally Jolly Time and his Popcorn Colonels in a snappy programme of popular tunes during the Jolly Time Revue, commencing at 8:45 o'clock.

HEAVIER SENTENCES ARE PROMISED IN VANCOUVER COURT

VANCOUVER, Jan. 5—Heavier sentences are in prospect for motorists convicted of driving autos while intoxicated, Oscar Orr, assistant city prosecutor, announced in police court this morning that hereafter prosecution will be undertaken by indictment rather than by summary trial.

Under the new method the maximum sentence is thirty days in jail, as compared with seven days after summary trial.

recapture those HONEYMOON THRILLS

Here's a way to win back the youthful charm that made Romance come true . . Read the route now taken by so many happy women

DO THEY seem so far away—those glamorous honeymoon hours? Has Romance languished under the burden of household routine? Have you and he, all unawares, drifted apart a little because you are too worn-out to give him the companionship he craves?

Frank questions, these! But the time to face the facts is NOW. You can gain the leisure to look—and feel—as charming as you did then! Take the first step at once, by banishing washday! This one task is the greatest thief of youthful beauty.

Today hundreds of women in this community "let the Laundry do it." They know that our better laundry service safeguards their clothes as well as their energy. They have learned that this new service is amazingly thrifty—costs but a trifle, yet means so much in happiness!

BLAZING NEW WASHDAY TRAILS—*Research scientist at the American Institute of Laundering, the million-dollar "proving ground" of the Industry, making a fadeometer test. This instrument helps determine color fastness of cloth. Studies like this make our laundry service safe for your most delicate garments.*

MARINE and TRANSPORTATION

Passenger and Freight Ships From Many Ports Will Dock During Week

With a number of passenger liners and freight carriers docking this week at Victoria's ocean piers, waterfront workers will be busy. Ships started coming yesterday, when the Ss. Texada, of the Kingsley Navigation Company's freight fleet, from California ports, docked at Ogden Point Piers in the morning to King Brothers, shipping agents, and discharged local cargo before proceeding to Vancouver. During the afternoon, from the United Kingdom, via Panama Canal and California ports, the Donaldson freighter Parthenia docked at Rithet Piers with cargo for local discharge. At 9 o'clock last night, the Ss. Dorothy Alexander, from San Francisco, reached Rithet Piers with passengers and freight, and proceeded to Seattle at midnight.

Due at Ogden Point Piers this morning, the Helan Maru, of the Japan Mail Line, on her initial Pacific crossing, is expected to dock at 7:30 o'clock. During the afternoon, the Holland-Amerika freighter Kinderdyk, from European ports, will arrive alongside Rithet Piers to discharge 150 tons of general cargo and some fifty tons for the return trip before shifting to Vancouver. On Wednesday afternoon the Canadian-Australasian motor vessel Aorangi will arrive from Vancouver about 5 o'clock, outbound for Australia via Hawaii, Fiji and New Zealand. On Wednesday night, at 10 o'clock, the Ss. Dorothy Alexander will arrive at Rithet Piers on her way south, sailing at midnight.

On Thursday, the Ss. Ruth Alexander, Pacific Steamship Company liner, will arrive from the South about 10 o'clock. On Friday, two transpacific liners are due, the Canadian Pacific Ss. Empress of Canada being due in the forenoon, and the President Grant, of the United States Mail Line, in the afternoon. They will both dock at Rithet Piers. On Saturday afternoon, about 4 o'clock, the President McKinley, United States Mail, will arrive from Seattle, and will leave two hours later for the Philippines via Japan and China ports.

DUE THIS MORNING ON MAIDEN VOYAGE

Running twenty-four hours ahead of the scheduled time of her arrival, the latest addition of the Nippon Yusen Kaisha (Japan Mail) to its North Pacific fleet of modern motor passenger liners, the Heian Maru, Captain B. Kaneko, will berth at Ogden Point Piers about 7:30 o'clock this morning, inbound to Seattle from Japan ports, according to wireless advices received at the local office of the company yesterday.

The Heian Maru is bringing a fair passenger list and a good cargo on her maiden voyage. There are twenty-nine travelers in all classes aboard, seven leaving the ship here, including one first, one tourist class, and five steerage, the balance being for Seattle.

SOUTHERN PORT IS OPTIMISTIC

Tonnage for December Exceeded Total for Corresponding Period

IMPROVEMENT COMING

With a total of 14,702 vessels arriving and departing, San Francisco harbor during the year 1930, the total tonnage amounted to 38,365,505 tons, which was only 764,804 tons less than arrived and departed the port during the year 1929. This, according to Abe Marks, manager of the Marine Department of the San Francisco Chamber of Commerce, is an excellent showing, and puts the local port at the head of the list in the volume of tonnage handled during the past year.

During 1930 the total tonnage arriving was 19,193,995 tons and the number of arriving vessels was 7,332. The departing tonnage for the same period amounted to 19,171,600 tons and the number of vessels involved was 7,370.

GAIN IN DECEMBER

For the year 1929 the total amount of tonnage arriving at and departing the port was 39,130,309 tons and the number of ships involved was 15,765. The arriving tonnage for this period was 19,592,704 tons which was handled by 7,806 ships, and the departing tonnage totaled 19,537,605 tons with 7,959 ships being involved.

For the month of December the total tonnage arriving at and departing San Fransisco was 3,163,814 tons of which 1,576,846 tons was arrivals and 1,586,968 tons as departing. Five hundred and ninety-eight ships arrived in the harbor during December and 607 departed. These figures show a gain of 107,429 tons over the corresponding month of 1929.

FUTURE LOOKS GOOD

The volume of tonnage passing through the harbor of San Francisco for the last half of 1930 exceeded that for the first six months, although the general business depression did not begin to be felt until last half of the past year.

Shipping interests generally feel that within the next sixty days there will be a decided improvement in shipping not only at San Francisco, but throughout the world, and operators are making their plans to handle a bigger volume of business during the present year than was handled during the year just passed.

ROCK-HEWN TEMPLE OF GREAT INTEREST

Famous Buddhistic Remains of Borobudur in Java Pictures Stories in Stone

A visit to Boroboedoer, sometimes written Borobudur, the most famous of all Buddhistic remains in Java, is offered at the option of passengers on the Franconia's 1931 cruise around the world, leaving New York January 10. Impressive to a degree, which lifts it almost to the rank of such classics as the Taj Mahal and the Cathedral at Chartres, this temple deserves to be even better known. Here is how Mary Hastings Bradley described it in her recent travel book "Trailing the Tiger":

"As soon as we could lift our necks we looked out and saw a great grey pile of stone rising in terraces to a peak against the sky—Borobudur itself.

"Borobudur is not a temple in the general accepted use of the word: it is a great sculptured hill, about a hundred and fifty feet high, each level a more or less square terrace, edged with sculpture, and walled, on the inner side, with extraordinarily fine bas-reliefs of all the things of earth and heaven. You begin with the things of earth, on the first level, with landscapes and hunting scenes and pictures of quaintly intimate domestic detail, then, as you ascend, you reach the representations of the heavenly subjects, until, instructed and enlightened by the complete picture Bible of the Mahayana creed, you climb into the very presence of Budda himself, serene on the sun-flooded heights.

"This presence is represented with an infinite number of statues, a row of them in the cage-like shrines that have been given the irreverent name of 'Buddha in the bathtub.' An enthusiastic old Dutch scholar, whom we encountered, walked us miles showing us, over and over again, the difference in the attitudes; the Buddha of the East with the right hand touching the earth in front of the right knee ('I swear by the earth'), the Buddha of the South with the right hand upwards ('I give you all'), the Buddha of the North with the right hand palm downwards ('Fear not, all is well'), and the Buddha of the West, with the right hand resting palm upwards on the left in the attitude of meditation."

Double Baptism at Sea Creates Unique Distinction

MONTREAL, Jan. 5.—While many people have been married at sea and even a larger number buried at sea, the unique distinction of being baptized at sea goes to the infant children of Mrs. Georgina Cooper and Mrs. Hannah Cousins, both of whom were baptized in mid-Atlantic by Rev. Dr. Oliver S. Rankin, Scottish divine and minister of the parish of Sorbie, Scotland. The two babies were baptized aboard the Canadian Pacific liner Minnedosa. The divine was on his way to McGill University, Montreal, to give a course of Hebrew lectures. Mrs. Cooper was on her way to Montreal, while Windsor, Ont., was the destination of Mrs. Cousins and her baby.

Construction of Logging Trucks Under Way Again

LOGGING truck construction was resumed at the Russells Station shops of the Esquimalt & Nanaimo Division of the Canadian Pacific Railway, yesterday morning, when the forty employees of the company engaged in building the cars, who were laid off two weeks ago for the Christmas holidays, returned to work. When work stopped for the holidays, eighty-one trucks had been completed and distributed to various logging centres, where they are giving excellent service.

THIRTY SEAMEN WERE ARRESTED

Forgot Their Duty and Remained Below When Ordered to Parade

NO CHARGE OF MUTINY

PLYMOUTH, Jan. 5 (AP).—Thirty seamen of H.M.S. Lucia, submarine depot ship, were under arrest today and facing possible court martial for refusing to work when their week-end shore leave was canceled.

While an official inquiry went forward into the affair, which was termed by Admiral Sir Hubert Bland, commander-in-chief of the Devonport base, as not a mutiny, the men were held in barracks ashore.

COMMUNICATIONS CUT

All communications between the Lucia and the shore were cut, no visitors were permitted aboard the ship, and her officers and men were forbidden to land or send messages to relatives or friends.

An official statement issued tonight by the Admiralty regarding the causes of the trouble said:

On Sunday morning, January 4, an infraction of discipline occurred aboard H.M.S. Lucia in the following circumstances. The Lucia was due to undock on Wednesday, December 31, but owing to weather conditions was unable to do so until Thursday, January 1, leaving only a very short period before the date of her sailing with the Atlantic Fleet, in which she had to coal, ammunition, clean and paint ship and prepare for the sea.

FORGOT THEIR DUTY

This precluded week-end leave, and necessitated the crew's working Sunday morning. In these circumstances, thirty seamen so far forgot their duty as to remain below and shut themselves in when ordered to parade on deck for duty Sunday morning. In consequence, the men were arrested and taken in custody to the naval barracks.

The court of inquiry, which sat today, will continue to sit tomorrow, and further action will depend upon the results of its investigation. A naval court's inquiry is invariably held behind closed doors, but, if the matter should result in a court martial this, in accordance with custom, will be open to the public.

Mails close January 13, 20, 2:15 p.m., via Seattle.

Deportation of Chinese Woman Has Been Averted By Orders From Ottawa

VANCOUVER, Jan. 5.—Through the intervention of Hon. W. A. Gordon, Minister of Immigration, the proposed deportation to China of nineteen-year-old Gee Shu Moy, the wife of a British Columbia-born Chinese and the mother of a son born in Vancouver six months ago, has been averted. Instructions to this effect have been received.

Immigration authorities here had ordered the deportation of Gee Shu Moy on the ground that she had entered the country illegally. In Supreme Court, Mr. Justice F. B. Gregory upheld the deportation order, but expressed regret that he was unable to act otherwise.

Gee Shu Moy, when thirteen years of age, was purchased for $100 in China and brought to Canada by a Chinese, who represented to immigration authorities at Victoria, where she landed, that she was his daugher. She worked in a Vancouver restaurant and the foster father, it was alleged, kept her earnings and opposed her marriage here to Lim Fat Chung. The ceremony was carried out, however, in July, 1929.

The publicity attending the foster father's opposition brought the case to the attention of the immigration authorities, who ordered the young wife's deportation because, according to regulations, she had entered Canada illegally.

ENDURANCE FLIGHT RECORD ASSAULT IS NOT EASY SAILING

LOS ANGELES, Jan. 5 (AP).—Bobby Trout and Edna May Cooper, youthful flying team, crowded another harrowing experience into their assault on the women's endurance flight record today, and after twenty-eight hours aloft faced the prospect of flying all night through rain. Scarcely had the evening refueling been effected when rain set in.

The women's record of more than forty-two hours, held by Miss Trout and Elinor Smith, will fall tomorrow if the pair is able to weather tonight's storm. Miss Cooper and Miss Trout do not expect to land upon breaking the record, however, but hope to be able to boost the women's mark to the vicinity of the men's record, over 600 hours.

SENATE COMMITTEE INVESTIGATED ROAD

Found Looseness and Inefficiency of Conduct Was Responsible for Deficits

WASHINGTON, Jan. 5 (AP).—"Looseness and inefficiency of conduct" was one of the causes for the $1,213,000 deficit in the operation of the Government-owned Alaska Railroad, a special Senate committee appointed to investigate the road's finances reported today.

The committee recommended an immediate increase in rates on the road from six to ten cents a mile for passenger traffic and 50 per cet for freight traffic. It also recommended an appropriation of $1,000,000 for taking care of the deficiency, improvements and a study of Alaska's resources.

The report submitted by Chairman Howell of the special committee said the undeveloped region, the severe climatic conditions and lack of outgoing freight, as well as inefficient operation, contributed to the deficit.

Members of the committee went to Alaska last Summer to inspect the road and its operations.

WAR-TIME TRICK WAS HELPFUL TO AVIATOR

SEATTLE, Jan. 5 (AP).—Russel J. Cunningham, air mail pilot for the Pacific Air Transport, who was lost with his plane for two days in the mountains near Oak Ridge, Ore., arrived here today. He ascribed his successful return to civilization to a knowledge of, the country in which he was forced to land and a trick he learned as a world war aviator, letting his plane flop as best she could with her nose up.

Cunningham said he followed a stream to a trapper's cabin, after leaving his plane, where he found a flivver which he used to take him into Oak Ridge.

LEAVING FOR ALASKA

Now loading at the Belleville Street docks of the B.C. Coast Service for British Columbia and Skagway, the Ss. Princess Norah will proceed tonight to Vancouver, from where she is scheduled to sail at 9 o'clock tomorrow night. She will have a fair list of passengers aboard and a good cargo of freight.

MAY RESUME FLIGHT WITH PAYLOAD TODAY

NORFOLK, Va., Jan. 5 (AP).—Mrs. Beryl Hart and Lieut. William S. MacLaren said tonight they had delayed resumption of their payload flight to Paris via Bermuda and the Azores until Wednesday, because of a storm reported up and down the Atlantic seaboard.

Their monoplane, Trade Wind, was in readiness to hop at 6 o'clock tomorrow morning, and they had announced plans for starting at that time. Later weather reports advised, however, that the storm which started this morning had not abated. They believe that by Wednesday it will be spent.

Lieutenant MacLaren said the plane's tanks were filled this afternoon and the motor was in tune for the jump whenever the skies clear. They plan to resume the flight on Wednesday morning, when planes of the carrier division of the scouting fleet begin their annual southward training journey.

VANCOUVER SHIPPING

VANCOUVER, Jan. 5.—Ss. Canadian Seigneur, Captain Wilding, has shifted to New Westminster to commence loading for Halifax.

Captain C. Knudsen, mountain-climbing master of Ms. Amerika, of the Danish East Asiatic Line, brought his new vessel into port on Sunday. During his visits here he has conquered practically all of the nearby peaks, including the Lions, and has ambitions toward Garibaldi and some of the giants farther inland.

The Swedish Ms. Mirrabooka, of the Australian service of Empire Shipping Company, is in port on her regular schedule.

Ms. Heranger, east coast of South America service of Westfal-Larsen & Company, Empire Shipping Company, has arrived from South America.

Canadian-American Shipping Co. reports Ms. Indien in port, under charter to M. L. Comyn, to load for Shanghai.

Ss. Robin Goodfellow came in over the week-end with New York cargo to B. W. Greer & Son.

LILLOOET RETAINED

When the new hydrographic survey ship is in commission she will not replace the Lillooet, now engaged in the charting of local waters, Mr. Pariseau, chief hydrographer for the Coast, explained yesterday. She will still continue as a unit of the survey fleet. It is the intention of the department, when the new ship is completed, to use her on the West Coast of Vancouver Island, when the Lillooet will carry on the work in Northern waters. This will require an addition in the survey crew, from seventy-five, the present total, to 130 in all ratings, the technical staff, now numbering twelve, being increased to twenty-one.

DOROTHY ALEXANDER IN

From San Francisco, the Ss. Dorothy Alexander, Pacific Steamship Company's liner, arrived at Rithet Piers shortly after 9 o'clock last night, and after disembarking some twenty passengers and unloading a small consignment of freight, left for Seattle at midnight.

FINANCE - COMMERCE - MARKETS

Profit Taking and Short Selling Are Active in Session

NEW YORK, Jan. 5 (AP).—Most of the financial markets slipped into reverse gear today. Stocks ran out of fuel for a further climb and settled back, pushed by profit taking and short selling.

The stock market's 10-point rally last week suggested that a period of realizing sales was due, and this influence was evident from the opening. Leading shares which had penetrated the highs of the advance that started on December 17 were in supply most of the day, although the quiet session saw two rallies—one in the forenoon, when early declines were more than recovered, and the other at the close when short covering pulled the list from the day's lowest levels.

A number of active shares in the industrial and utility sections lost from a fraction to 2 points. Rubber and chemical issues softened, while the rails closed barely steady after showing considerable improvement.

Following the strong recovery in bond prices last week, investment demand continued unabated today. While the main body of domestic issues moved forward in orderly fashion, it was the spectacular comeback made by many obligations that have been neglected by buyers for a long time that was the feature of the day's trading.

Utilities were buoyed by a strong demand that extended to a wide field of prime and second grade issues.

Rally to Halt For Few Days Whitney Says

(Logan & Bryan)

NEW YORK, Jan. 6.—Whitney, of Wall Street Financial Bureau, says:

It became evident midway in yesterday's session that attempts to project the gains of last Friday and Saturday were meeting with resistance. Accordingly the rally fell short of expectations—a characteristic prevalent in the market for some time past. The setback was modified to a fair extent by a marked up movement at the close. Nevertheless the markets action throughout Monday offered no worth-while evidence to justify altering the viewpoint that, before any resumption of the rally inaugurated last week can be expected throughout the list in general, moderately lower prices are to be witnessed. The week-end news and the news of the day was favorable marketwise, weakness in commodity markets being the only disturbing element.

The prevailing rates for call money are in line with recent expectations. There is no apparent reason why this condition should not continue for some time to come. Funds are abundant and awaiting employment. First signs of conclusive action in this connection will be seen in a decisive upward movement of bond prices plus the fact that a goodly portion of the short interest of a week or two ago has been eliminated.

In general, at least, another day of selling must be seen before we can expect resumption of the rally.

As measured by the averages, the market's recession yesterday was but a moderate one, but I believe that we will see a further recession before a renewal of price movement develops.

Montreal Stocks

MONTREAL, Jan. 5.—After a day of irregularity and light sales, the close on the Montreal Stock Exchange found gains and losses among the leaders fairly well divided. Brazilian Traction and International Nickel were each fractionally lower, while Dominion Bridge picked up a fraction.

Atlantic Sugar went to its best level in some time, at 17, up two points. Gypsum and Canada Car were other issues to show small gain.

National Steel Car lost part of its recent gain in closing at 34 1-2, off 1 1-2. Power Corporation and Shawinigan were off fractionally.

May Wheat Loses Saturday's Gain; Cash Holds Firm

WINNIPEG, Jan. 5 (CP).—Decided weakness entered the wheat market today, clipping 1 1-2c from Saturday's advance of nearly 2c. Light export business and a flood of offerings were the bearish factors responsible for the 1 1-2c drop.

At one period buying by outside interests injected some strength into the pit but the quotations refused to budge from the low points. The May future dropped to 56 3-4c per bushel and ended the day at this low figure. July finished at 57 7-8c to 58c, the former quotation the low for the day.

Cash wheat managed to move forward despite the weakness in the futures, and fractional advances occurred. Coarse grains were sluggish and lower in sympathy with wheat futures.

Toronto Mining Exchange Market

TORONTO, Jan. 5.—Penny stocks had an innings on the market today, many closing with relatively substantial gains, but higher-priced golds and interlisted issues retained an irregularly lower tone throughout the period.

McIntyre closed off nearly a point at $21, Hollinger and Wright-Hargreaves declined 10 each to $6.40 and $2.05 respectively. Lake Shore was down 15 to $24.10 and Dome 20 to $9.25.

Barry Hollinger closed up 2 1-2 at 10 1-2. Bunker Hill Ext. advanced over a cent to 4 3-4, and Bidgood and Manitoba Basin showed fractional gains.

Noranda and Hudson Bay lost a quarter each to $14.75 and $4.75, respectively, and Nickel sold off nearly a half at $15.50.

Chicago Grain Market Shows Easier Tendency

(Logan & Bryan)

CHICAGO, Jan. 5.—The wheat market had a sharp reaction today with some local selling and a let-up in the demand. The cash demand was moderate and receipts still liberal. World shipments were small at 9,544,000, and on passage stocks showed a decrease of 4,126,000, making the total now smaller than a year ago. The Monday statistics abroad were regarded as moderately bullish, and the Argentine news was a little bullish. The precipitation so far this Winter has been below normal in parts of the Winter wheat belt, but it is too early for the trade to get much excited over the matter.

Corn—Reactionary tendency set in today, carrying prices of futures downward rather sharply. The shipping trade is light and spot prices were about steady. Good cash demand for corn was reported with the basis unchanged to one cent up.

Calgary Oil News

(Mason & Diespecker)

CALGARY, Jan. 5.—The McLeod company's well, latest Turner Valley operation to strike production, is producing approximately sixty-five to seventy-five barrels of naphtha daily, according to officials of the company. Final back pressure adjustments have not been made and it is considered possible that the well may give an even larger daily yield in the near future.

After a good showing of oil and gas at 4,540 feet, Dome Oils No. 2 well in Turner Valley, was drilling yesterday at 4,590 feet, officials of the company reported. The drill is expected to penetrate the Home sands in the next fifty feet. Good progress is being made.

Steady progress was being made Saturday at the Richfield company's well near the Spooner producer, from a depth of 3,302 feet. Drillers are carrying 10.5-inch casing behind the 12-inch bit in order to avoid caving trouble. The well is very near the Kootenay formation.

Believed to have encountered the Dakota formation at the shallowest depth of any well in Turner Valley, the Eastcrest company's No. 3 well was drilling from a depth of 1,323 feet yesterday. The bit penetrated the Dakota horizon at 1,090 feet.

IMPERIAL OIL DRILLINGS

Royalite No. 24, drilling at 5,503 feet, 170 feet in the lime, 30 feet new hole; No. 25, drilling at 4,444 feet, 140 feet new hole; Mayland No. 4, drilling at 1,995 feet, 108 feet of new hole; Mayland No. 6, drilling at 2,174 feet, 300 feet new hole; Lowery Pete, drilling at 5,038 feet, 116 feet new hole; C.D. & P., drilling at 3,289 feet, 199 feet new hole; Southwest Pete No. 2, drilling at 2,284 feet, 278 feet new hole; Southern Lowery No. 2, drilling at 374 feet, 153 feet new hole.

With the exception of Merland, four fishing operations were continuing. All wells under operation by Imperial Oil were drilling as the week closed.

Commonwealth's Turner Valley well struck lime gas of sufficient volume to clear the hole of circulating fluid at the end of the week, according to officials. Drilling was resumed and at last report was proceeding at 4,693 feet, eighty feet in the limestone. The company's Manitoba well was drilling at 725 feet at last advices. The test is expected to disclose conclusive developments shortly.

The Algonquin, Ribstone well, being drilled by Commonwealth on a fifty-fifty basis covering 1,000 acres adjacent, was last reported to be cementing twelve-inch casing at 403 feet, after striking the first marker. The well is logging slightly shallower than the Meridian wells, which have disclosed crude oil in undetermined quantities. The next marker is expected at about 1,450 feet, when some gas should be encountered. The Milk River test was delayed for a short time in its Devonian lime test.

A Private Income of $100 a month for Life ... from age 55!

IF IN GOOD HEALTH —$100 A MONTH.
IF IN ILL HEALTH —$100 A MONTH.
IN CASE OF DEATH —$10,000 CASH.

Just picture it. At 55, while still well and vigorous, to come into a private income (over and above other revenues), guaranteed for the rest of your life, of $100 a month. You simply make yearly or half-yearly deposits of an agreed amount for a specified period, at the end of which you begin to receive a monthly income for life.

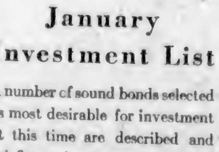

That's only part of the story. If, meanwhile, through sickness or accident you should become totally disabled, you cease paying premiums and receive $100 a month during such disability. At age 55, the regular income of $100 a month, unimpaired, comes into effect.

Look how your family is protected. Should you die at any time before reaching 55, your family receives $10,000.

This is but one example of a variety of plans which the Sun Life of Canada has for every age, condition, and amount. Fill in and forward this form (which involves you in no obligation) and exact figures suited to your individual need will be sent you.

A Sound Utility Investment

British Columbia Telephone Company is the second largest utility of its kind in Canada. It has the right in perpetuity to furnish telephone service to British Columbia.

It has experienced consistent expansion over the past thirty years. For more than twenty-three years it has paid dividends on its common stock.

This issue is its only funded debt. In the year ended December 31st, 1929 net earnings available for interest charges, after depreciation, amounted to nearly three times requirements.

MARKET SWAYS DOWN AND BACK AT VANCOUVER

Most Stocks Break Even at Close, but Some Leading Oils Lose Ground

GOLD MINING STOCKS CONTINUE ACTIVITY

VANCOUVER, Jan. 5 (CP).—Vancouver stocks displayed stout resistance to realizing in comparatively heavy trading today. After a morning session of shrinking values, in which board leaders dropped several points, the market faced about in the late dealings and stocks as a whole recovered to the opening quotations, but several issues succeeded in piercing the early levels. Sales for the day reached 40,782.

Home was prominent in the morning trading. The stock opened strong at 2.00, but before the noon recess had receded to 1.95. Opening steady at the morning low, the issue worked higher to 1.98, to close with a net loss of 7 cents at 1.90 bid. Mayland also turned heavy on the final bid, and ended the day down 6 1-2 cents at 79 cents. A.P. Consolidated at 31 cents and C. & E. at 58 cents, sagged 1 cent and 2 cents respectively.

A bright spot in the oils group was Commonwealth, which moved higher from an initial price at 38 cents to 42 cents, and closed strong at 43 cents bid, a gain for the day of 5 cents. Mill City and Nordon, on the curb, both were firm features, with the former advancing 2 cents to 35 cents, and the latter 4 cents to 38 cents.

Gold shares again aroused interest among the mines leaders. Big Missouri opened at 47 cents and fluctuated within a narrow range, to close down one cent at 45 cents bid. Premier and Pioneer both rallied from the early setback and closed unchanged. Cotton Belt recorded a gain of 3 cents at 18 cents.

Imperial Oil Co. Announces New Producing Well

CALGARY, Jan. 5 (CP). — The first new producing oil well of 1931 in the Turner Valley oil field is indicated by official announcement of J. H. McLeod, production manager of the Imperial Oil Company, Monday morning, that a production test had been commenced at Royalite's No. 24 well, most southerly Royalite well in the field, less than one mile northwest of the Home Company's large producers.

The flow of gas is not very heavy, about 9,000,000 cubic feet, Mr. McLeod stated. What the well will be capable of producing can not be determined until the production test has continued for some days.

The strike is of much importance, as it proves up an entire section in the South Central portion of Turner Valley. Royalite's No. 24 was the only well drilling in the section, just above the Home section, and the whole section is controlled by the Royalite company. The gas flow was encountered at a depth of 5,513 feet.

Trend of Business Activities Charted

A. E. Ames & Co., Limited, in their January investment letter present the following statements: 1930 was a year of frustrated hopes and its passing has been accompanied by sighs of relief and without regrets by those who have pursued business amid the uncertainties of the year. Few there were who conceived the magnitude of the difficulties about to be faced at this time last year. As the year progressed the realization became more general that the collapse of stock prices in 1929 was but one of several important business events that would leave more than a transient mark upon our economic organization.

The distinctive feature of the year has been the downward revaluation placed upon a lengthy list of commodities, securities and services—a revaluation which has been drastic and virtually world-wide in its scope. The decline in stock prices, while possibly more spectacular, cannot be regarded as an isolated incident but rather as one aspect of a general process of revaluation.

In other words the distressing experiences of the year have in their broadest outline been a part of painful readjustment from one level of valuation to another and lower level. Such a readjustment is necessarily painful because it does not proceed equally in all directions and a lag here and a spurt there naturally result in considerable friction in the economic machine.

Viewed in this light the depression of 1930 assumes proportions of greater moment than can be attributed to an isolated dip in the business cycle. Since the readjustment has been proceeding for over a year it is well to inquire as to its major causes, to examine how far Canada has been able to withstand its onslaughts and to suggest some conclusions that may have been velled.

CAUSES OF DEFLATION

One of the most comprehensive statements as to the causes of the depression was made several weeks ago at the fiftieth annual meeting of the American Academy of Political Science, in which present conditions were attributed to the following factors:

1. To production outrunning consumption not only in many basic commodities such as cotton, wheat, copper, rubber, silk, sugar and oil, but also in many manufactured products.

2. In part to the effort made in many parts of the world to hold up commodity prices artificially, whether in rubber, cotton, wheat, coffee, copper or what not. When prices for such commodities finally gave way, the severity of the business collapse was accentuated.

3. To the fall in the price of silver and thus in the purchasing power of perhaps one-quarter of the world's population as represented by India and China.

4. To a shifting, on an almost unprecedented scale, of gold holdings among various countries.

5. To the current political unrest in many quarters of the globe, including notably India, China and South America.

6. In certain countries of the globe, especially America, to a spirit of rampant speculation.

In these concise paragraphs the statement has summarized the basic factors from which the specific results have emerged. Undoubtedly the enormous destruction of capital during the war, the unbalanced production in the ensuing years and the tremendous growth of short-term and long-term consumers' credit have added their influence to these other factors.

IMPACT ON BUSINESS

The impact of these influences upon Canadian production and trade in 1930 has necessarily been severe. It is gratifying to record, however, that we have sustained this shock with less acute disturbance than once characterized a major business depression. Partly this is due to the inherent strength of our business institutions and partly to the relative maturity and versatility of our production and markets.

In the accompanying chart the statistics of selected items of business activity are indicated. On the whole it is safe to say that the situation failed to affect the statistics, except in a few, but nevertheless important directions, as greatly as it did business sentiment. Considering that 1929 was a year of record business the comparison is not discouraging. In most lines the business of the first half of the year was fairly satisfactory, although on a lower scale, and it is only in more recent months that the brunt of the decline has been borne.

In general it can be said that the effects of the depression have been felt more particularly in production than in trade, i.e., that up to the present the manufacturer has suffered from slower deliveries of finished goods while the retailer has been disposing of surplus supplies.

SOME FUNDAMENTAL FACTS

Even while we do not minimize the severity of the present depression and while we realize the distress resulting from it, there are several fundamental facts that are frequently hidden in the fog of gloom and doubt. It is unthinkable that all historical precedent will be cast aside and that the vitality of Canadian progress has for all time been impaired. On the contrary there is a growing body of opinion that we are slowly emerging from the trough of depression—in other words, that the painful processes of readjustment are being completed. Obsolescence of material goods continues at all times and the wear and tear on our possessions is an ever present factor which must lead to a replacement demand and some stimulation of business. Moreover, the fact that we shall probably have to conduct business on a lower level of valuation should not be regarded with alarm. Provided adjustment is fairly complete and the price level becomes relatively stable, no inherent difficulties are involved.

The future, therefore, may be regarded with confidence. Even though it will take some time for sentiment to catch up after the processes of recovery have begun, there can be little doubt that Canada will be in the vanguard. Our credit is unimpaired, our business and financial institutions are well fortified, and our resources offer virtually unlimited opportunity for further development. The new year opens without fanfare and with many problems of production, marketing and financing yet to be faced. Who can doubt that in meeting these problems we shall seize new opportunities in 1931 and the years to come?

Canadian Sugar Merger Reduces Wholesale Price

CHATHAM, Jan. 5 (CP).—A reduction of ten cents per hundredweight in the wholesale price of all sugars, of all grades, is announced by the newly-formed Canada and Dominion Sugar Company, Limited, of this city. The reduction went into effect at noon today.

Asbestos Company Asks Bondholders For Postponement

In a circular letter addressed to its first mortgage bondholders, Asbestos Corporation, Limited, of Thetford, Quebec, says in part:

"As you are no doubt aware, it was considered inadvisable to pay the interest on the general mortgage bonds due on the 1st of July, 1930, and in due course the bondholders agreed to, conditionally, postpone the same and also the payments of interest and sinking fund due on January 1, 1931.

"Since the issuance of the circular of June 6, 1930, conditions in the asbestos industry have become worse, and the directors of your corporation have asked the trustee for the first mortgage bondholders to call a special meeting for January 29, 1931, with a view to asking the holders of these bonds to defer the interest and sinking fund payments due January 1, 1931, and the interest payment due July 1, 1931.

"Since taking charge on May 22, 1929, the board of directors and the new management have done everything that was possible to improve operating conditions, locate new bodies of high-grade ore, put into effect economies, and lay out a definite plan of development work for future operations.

"The changes in mining and milling, the economies effected and the partial development, since August, 1929, of new-known richer ore bodies have very materially improved the position of the corporation for future years' operations, and the management is of opinion that were world business conditions such that this corporation could run to full capacity it could, even at prevailing prices, make substantial earnings, but with the present curtailment of business from all countries, the only course to pursue is to conserve the resources, fill immediate orders and carry on, in a curtailed manner, such development work as is absolutely essential."

Toronto Stock Exchange Market

TORONTO, Jan. 5. — Toronto Stock Exchange market fluctuated gradually today; leaders were higher at the opening, turned downward in the second hour and remained at fractionally lower levels until near the close, when they tended to straighten to the upright of Saturday's closing.

Losses were mostly of half a point or less. Nickel lost half a point, Noranda a quarter, Brazilian a half point to 22, C.P.R. a quarter point and some of the oils a quarter point. Ford of Canada gained slightly at the close, Massey-Harris had a small recession corrected, Bell Telephone snapped up to its previous close of 142.

In the oil group, B.A. finished down a quarter point at 15 1-4. International Pete, at 14 1-2, was likewise down a quarter point. Imperial closed unchanged at 18 and Supertest advanced half a point to 30, the highest since the market sold off in December.

Sales totaled 11,060 shares.

Liverpool Wheat

NEW YORK SUGAR

NEW YORK, Jan. 5 (AP).—Raw sugar was steadier early today but as buyers and sellers were still apart, no sales were reported. The former were said to be willing to pay 3.20, an advance of 3 points above the last previous sale. But holders were asking 3.25.

Raw futures opened 1 to 2 points above the last previous sale, but holders were asking 3.25.

Refined was unchanged at 4.55 for fine granulated, with a light hand to mouth inquiry reported.

Old Lady—Does this bus go to the Hippodrome?

Conductor—Outside only.

"Where does the inside go to?"

Grain and Butter Embargo Proposed In U.S. Congress

(Logan & Bryan)

WASHINGTON, Jan. 5. — A proposed embargo on wheat is to be laid before Congress when it reconvenes Monday. Representative Burgness, of North Dakota, announced that, in accordance with a recent suggestion by Mr. Legge, chairman of the Farm Board, he will introduce a bill for temporary embargo until March, 1932, on wheat, butter, and butter suds and feed grains, including corn, oats, barley, their manufactures and bran screening.

U.S. Bank Failures Bring Travelers Into Difficulties

(Copyright, 1931, by The Chicago Daily News Foreign Service.)

VIENNA, Austria, Jan. 5.—Americans traveling in Europe, accustomed to financing themselves with cheques, are experiencing embarrassing moments these days because European bankers are alarmed by accounts of extensive bank failures in the United States headlined in local newspapers.

Bankers have confidence in old customers, whose cheques have been accepted for years, but they now hesitate to cash a cheque for fear the bank on which it is drawn might be among those listed as closed.

Cheques drawn on the Bank of United States have been returned to Vienna banks stamped, "bank closed." Vienna bankers wonder if they can expect to receive payment eventually, and they are sending returned cheques through other American banks in hopes of collection.

Silver Drops To 29⅞ Cents At New York

NEW YORK, Jan. 5 (AP).—Bar silver in New York dropped to a new historical low today at 29 7-8 cents an ounce.

The price represented a drop of one cent below Saturday's quotation and a decline of 7-8 of a cent from the previous low of 30 3-4 cents established December 30 last.

A drop also was recorded in the London market.

(Copyright, 1931, by The Bell Syndicate, Inc.)

SEEKS MARKETS COMMISSION IN WESTERN CANADA

Saskatchewan Premier Has Plan to Send Mission to Orient

WILL PRESENT SCHEME AT WINNIPEG MEETING

REGINA, Jan. 5 (CP).—Appointment of a commission representative of the four Western provinces to visit the Orient with a view to assisting in securing markets for Western products will be taken up by Premier J. T. M. Anderson with Premiers Brownlee and Bracken at Winnipeg on Tuesday.

"If the other provinces are not prepared to join with Saskatchewan then we have under consideration taking action on our own initiative," declared Premier Anderson, Monday.

Premier Anderson will join Rt. Hon. R. B. Bennett en route to Winnipeg, Monday evening.

PART FOR MARKETS

We have in this province a very considerable fund handed over to us when the affairs of the Federal Wheat Board were wound up," declared the Premier. "These funds have been used for research work in agriculture. We feel that a portion of the income of this fund might well be used in securing better markets. Our greatest problem today is not how to grow more wheat but rather how and where to sell more," Dr. Anderson declared.

While in conference with the Federal Premier and Western Premiers the Saskatchewan Premier will take up the question of securing the school lands trust fund which amounts to approximately $18,000,000 and is held by the Federal Government. According to the natural resources agreement the province can take this money out in cash or in securities.

SEEKS SCHOOL LANDS FUND

It is the intention of Dr. Anderson to urge that either the money or securities be turned over to the Provincial Government immediately. If the funds are to be invested in securities then these must be provincial securities, according to the Premier's contention.

The Premier will also seek free air service from the Federal Government for forest protection during the year 1931.

The transfer of all natural resources records will further be discussed between the Premier and Rt. Hon. R. B. Bennett. Among other important matters to come before the conference will be the wheat situation and relief possibilities.

MONTREAL PRODUCE

MONTREAL, Jan. 5 (CP).—Eggs lower; cheese higher, and butter unchanged.

Cheese—Finest Westerns 13 1-4.

Butter—No. 1 Quebec, 31 1-2.

Eggs—Storage extras 35-37; storage firsts 31-33; storage seconds 27-29; fresh specials 48-50; fresh extras 45-47; fresh firsts 40-42.

Manitoba Output Of Iron Products Now $24,000,000

THE output of iron products in Manitoba increased $5,248,000 last year and now stands at approximately $24,000,000 annually. The output of agricultural implements in Greater Winnipeg's three plants has grown from $377,000 to $1,187,000 in five years.

2 DEATHS

STAPLEDON—At the family residence, 310 Vancouver Street, Margaret Ellen Stapledon. She leaves to mourn her loss her husband, Mr. S. J. Stapledon, and one brother, Mr. Peter Merriman. The funeral will take place from Hayward's Undertaking Parlors Thursday afternoon, at 2:30 o'clock.

O'CONNOR—Passed away at St. Joseph's Hospital on January 3, 1931, Mrs. Christina O'Connor, native of Nova Scotia. She is survived by a daughter, Miss K. M. O'Connor. The funeral will take place from Hayward's B.C. Funeral Chapel on Wednesday morning, at 8:45, proceeding to St. Andrew's Cathedral, where mass will be celebrated at 9 o'clock. Interment will be made in Ross Bay Cemetery. (No flowers, by request.)

CUNNINGHAM—... passed away at St. Joseph's Hospital, January 4, Seymour de Trafford Cunningham, of "Rossall," 3060 Harriet Road, Saanich. He is survived by his widow and three sons, Cyril in Houston, Texas; James in San Francisco and Gerald in Victoria; also one sister residing in London, England. The funeral will take place from Hayward's B.C. Funeral Chapel on Wednesday morning, at 11 o'clock. Rev. S. Ryall will officiate. Interment will be made in Royal Oak Burial Park.

GARRATT—In his fifty-second year, Bryan Corbett Garratt died at the family residence, 309 Burnside Road. He leaves to mourn his loss his wife, one daughter, Margaret, and a sister-in-law, Mrs. O. W. Woollett, all of Victoria, and a mother, brother and sister in England. Funeral services will be held on Tuesday, January 6, at 2 p.m., from St. Mark's Church, the Rev. O. L. Jull officiating. Interment will take place in Royal Oak Burial Park. The remains are resting at the Sands Funeral Parlors.

HURST—There passed away at the residence of his father-in-law, Mr. A. M. Bannerman, of 1823 Chambers Street, Robert James Hurst, aged forty-five years, born in Toronto and residing in Victoria for the past thirty years. He leaves to mourn his loss one son, James Bannerman Hurst, in Victoria; also his father and three sisters in Toronto. The funeral will take place from Hayward's B.C. Funeral Chapel on Wednesday next, at 3 o'clock, proceeding to St. Barnabas' Church, where service will be held at 2:15. Interment will be made in Ross Bay Cemetery.

LEACROFT—In this city, on January 1, Rev. F. R. B. Leacroft, retired clergymen, resident of this city for the past two years. Mr. Leacroft was born in Birmingham, England, and was a well-known barrister of that place for many years before entering upon the work of the church, and is mourned by one son in Providence, R.I., U.S.A. He was rector of charges in Taber, Bassano and Calgary, Alberta, where Mrs. Leacroft predeceased him in 1913. The remains are resting at McCall Bros.' Funeral Home and will be removed to Christ Church Cathedral this morning, where services will be held at 2 o'clock in the afternoon. Interment will be made in St. John's Churchyard, Cobble Hill.

"Advertising is to business as steam is to machinery"
MAIL AND NEWSPAPER ADVERTISING IS BUSINESS INSURANCE
You insure your life, your house, your building—why not your business? Whether yours be a small retail store (in the country or the city) or a factory, we can submit you a form of advertising that will insure your business. We also do all types of mimeographing and multigraphing for stores, commercial houses, churches, schools, clubs and societies, such as: letters, notices of meetings, programmes, copies of financial statements, etc.
NEWTON ADVERTISING AGENCY

Wife—No, John, you haven't deceived me—but goodness knows you tried hard enough.

CANADA MADE FINE PROGRESS IN PAST YEAR

Growth in National Wealth Recorded in Spite of Setbacks

SOME STRIKING NEW PROJECTS STARTED

TORONTO, Jan. 5 (CP).—Canada made substantial progress in national wealth, despite some recessions and setbacks, in the year 1930. The advances far outnumbered the reverses and some striking new developments were inaugurated, the annual review of finance and commerce of The Mail and Empire reveals.

Canada has secured virtually complete control of the world's nickel markets, now supplying 90 per cent of the requirements. Canadian asbestos still supplies the bulk of the world's demand, and this country might be considered the industrial pioneer with the metal cobalt.

THIRD IN GOLD

Increased production, chiefly in Ontario, has placed Canada third among gold-producing countries of the world. The Dominion occupies third place in the production of silver, fourth in the production of lead and copper and is an important factor in the world's zinc supply.

The agricultural frontiers rolled northward, the development of special types of quick-ripening grain enabling the avoidance of frost, as exemplified by Reward wheat, which ripens in 100 days as compared with 114 required by Marquis.

LEADS IN NEWSPRINT

Canada still retains the position of being the world's greatest exporter of newsprint, 84 per cent of Canadian paper production being that commodity, for which the greatest market is the United States.

Hydro-electric projects under development from coast to coast, some of them in the initial stages, amount to a greater figure than at any previous period in the history of the Dominion, and when such plants have reached their ultimate designed capacity a further 2,000,000 horsepower will be added to the Dominion's total.

OIL OUTPUT GROWS

Petroleum is the basis of a growing industry. The value of the products of Canadian oil refineries rose by nearly 20 per cent during the last year, while the output from Canadian wells increased by almost 80 per cent.

The last three years in the Canadian coal industry have shown a larger output than any other similar period. Two of the three years established new high records. Last year showed a slight decline but the output even then was 12 per cent above the five-year average.

OFFICE BUILDING FOR TUNNEL WORK WILL BE ERECTED

VANCOUVER, Jan. 5.—Work on the Canadian Pacific Railway tunnel, which will connect the Burrard Inlet and False Creek yards of the railroad, was started today, according to announcement by the Northern Construction Company, general contractors for the job.

Initial operations will consist of setting out lines and erection of an office at the job. This is being built under the west end of Georgia Street viaduct and will be the base of operations. No statement is forthcoming regarding the actual date when excavation will commence.

TRANSFER OF WORKERS TO NEW FIELDS IS BIG PROBLEM IN BRITAIN

OTTAWA, Jan. 5 (CP).—Transfer to new fields of employment of workers who are suffering from reduced markets was described as the chief problem facing Britain today by Sir William Clark, British High Commissioner, during an address before a service club here.

Sir William told of conditions in the cotton, iron and steel, shipbuilding and coal industries. Men formerly employed in these industries must be absorbed in other kinds of work. How the process of transition is to be speeded up and the transfer of labor to other employment expedited, Sir William said, is the outstanding problem of the day, and it would be idle to pretend that a solution of it has yet been found.

HAS NO SYMPATHY FOR HOLDUP MEN

VANCOUVER, Jan. 5 (CP).—"I have no sympathy for you fellows who go around the city using guns to hold up people," declared Magistrate H. C. Shaw in police court today, when passing penitentiary terms and lash penalties on convicted hold-up men. "This thing must stop," the magistrate added.

Walter Stellick, convicted of a hold-up which yielded him seven dollars on Christmas Eve, was sentenced to three years in penitentiary and ten lashes.

Gust Carson, who attempted a store hold-up, received two years and ten lashes.

Jack Arnold, for an attempted hold-up of a taxi driver, received two years in the penitentiary.

LUMBER OUTPUT AT CHEMAINUS IS REMARKABLE

Total Would Make Thirty-Yard Roadway Completely Around World

FOREIGN SHIPS TAKE 522 CARGOES IN YEAR

CHEMAINUS, Jan. 5.—The third "Annual" of the Victoria Lumber & Manufacturing Co. is a most entertaining paper this year. From many interesting anecdotes and articles, the following may be of particular interest:

The present Chemainus mill can turn out as much lumber in two eight-hour shifts as the old mill of about 1880 could produce in a year, working eleven-and-a-half-hour shifts.

During the year ending November 30, 522 clearances have been granted to vessels of all classes engaged in foreign trade, the cargo exported therein totaling slightly over $2,000,000 in value. In addition to the above, 532 coastwise vessels, not including small craft, such as fishing boats, have entered and cleared in the same period.

The amount of lumber cut in 1930 by the Chemainus mill would require 4,800 box cars to hold it, and if these cars were made up into one train it would reach from Duncan to Victoria, while sixty locomotives of the heaviest type, interspersed throughout, would be required to move it.

The total production of lumber since the present mill started cutting in 1925, would build a roadway four inches thick, thirty yards wide, and long enough to completely encircle the earth at the Equator.

Final Rounds of Badminton Games At Duncan Played

DUNCAN, Jan. 5.—The final rounds of the badminton handicap tournament, the preliminary rounds of which were disposed of a week before, were played off on the courts of the Duncan Badminton Club on Saturday. The results of Saturday's games are given below:

A. Flett and Miss Kier, minus 8, defeated Appleby and Miss Blyth, minus 1, 13-10, 13-15, 17-16.

Purvey and Mrs. Long, scratch, defeated Ancell and Miss Buckmaster, plus 4, 7-15, 15-9, 18-15.

Thorpe and Miss Burkholder, plus 5, defeated Flett and Miss Tisdall, minus 2, 14-15, 15-6, 15-4.

Thorpe and Miss Burkholder defeated Wilson and Mrs. Thorpe, plus 2, 15-6, 15-3.

Flett and Miss Kier defeated Purvey and Mrs. Long, 11-15, 15-7, 15-1.

Final round—Flett and Miss Kier defeated Thorpe and Miss Burkholder, 15-6, 8-15, 15-9.

Tribute Is Paid To R. W. Robinson At Colwood Party

COLWOOD, Jan. 5.—Colwood Hall has seldom held a jollier crowd than when, on Saturday evening, the local basketball teams and their friends gathered to do honor to R. W. Robinson. The evening had begun with a surprise party at Manor Farm, Mr. Robinson's home, but the number of those attending was so great that adjournment was made to the hall. Games and dancing filled the evening with gaiety. Mrs. E. Shields, at the piano, supplied the music, and Mesdames W. M. Brown, E. Peatt, Alan Godfrey and Robinson arranged the supper.

Mr. Robinson expressed hearty thanks for what he considered the honor done himself and his wife in a gathering that was the greatest surprise of his life. He hoped that it would soon be possible to resume basketball practice and games in the hall. At present it is being redecorated in an admirable manner by J. J. Martin with paint generously supplied by Herbert Pendray. Toward midnight the whole party joined hands and sang "Auld Lang Syne," the boys then breaking out with "For He's a Jolly Good Fellow," and finishing with three cheers and a tiger.

AGRICULTURAL DEPT. MARKET NEWS LETTER

The agricultural products market news letter issued by the Provincial Department of Agriculture, under date of January 2, says that the following dispatch was received from Calgary:

"Economic relations as between the different jobbing house managements and their salesmen have undergone considerable changes for the new year and it is the only item of interest on the fruit row. Various methods are being employed by the different houses to get the best results from their salesmen at the lowest possible cost. Without doubt the smallest stocks inventories were those of yesterday. The local market was practically bare of tomatoes and head lettuce. Two cars of each are expected tomorrow. Calgary and district enjoyed most beautiful springlike weather for the new year holiday."

Kamloops—At the end of the year the Douglas Lake Cattle Company shipped ten carloads of steer beef to Vancouver, this completing their shipments for the year. Practically all of the available market cattle have now been disposed of from Nicola and Okanagan points. Prices from country points have ranged from 5c to 6c for steers and 4 1-2c for cows. Some stocker and feeder cattle are available at Ashcroft from one or two of the larger ranchers there. These cattle are well bred but would require a little conditioning for the market. A very limited amount of Winter finishing is being done by ranchers in the Southern Interior. Approximately 300 head are being grain-fed for the Spring market. Some six to eight carloads of two-year-old beef-type heifers for breeding purposes only were brought into the Southern Interior from Alberta this year under the Dominion Government free freight policy.

ELECTED IN FORT WILLIAM

FORT WILLIAM, Jan. 5.—Fort William today elected Alderman E. G. Murphy mayor for 1931 over Mayor N. B. Darrell by a majority of 77 votes. Not until the last poll, which netted Murphy 225 to his opponents' 22 votes, was counted, was the result decided.

ANDERSON AND VANGLER WILL CLASH AGAIN

Welterweight Matmen to Headline Saturday's Card at Tillicum Gym

BOUT WILL BE FOR TWO HOURS' DURATION

Desmond Anderson, Seattle, and Sammy Vangler, Portland, peers in the wrestling game in Coast cities, will make their fourth appearance before local fans, Saturday, when they climb over the ropes at the Tillicum Gymnasium in a two-hour-limit match. No rounds will be counted, but a rest of five minutes will be taken between falls.

In the three previous matches Anderson won the first. The second was a draw, and Vangler won the third.

This bout will see the boys not grappling for the honor of victory, but for the major share of the purse. The match is so arranged that the winner will get 60 per cent and the loser 40 per cent.

The remainder of the card has yet to be arranged.

JOE TURNESA WINS MIAMI OPEN GOLF

Elmsford Pro Leads Field Home by One Stroke—Farrell in Tie for Second Place

MIAMI, Fla., Jan. 5.—Joe Turnesa, Elmsford, N.Y., won the eighth annual Miami open golf tournament here yesterday with a 146-74-74—294, barely outstretching a trio of professionals hot on his heels and one stroke behind with 295's. They were Eddie Williams, Cleveland, Ohio; Johnny Farrell, Mamaroneck, N.Y., and Henri Ciuci, Stratford, Conn.

Williams' score was 144-75-75; Farrell's, 147-73-73; Ciuci's 147-75-73.

Starting the final thirty-six holes one stroke behind Williams, Turnesa played a deliberate, steady game.

After sixty-three holes, Turnesa was tied with Williams and Farrell for the leadership with 258, and Ciuci was just a stroke back. Jock Hutchison, Chicago, also had a chance with a 261.

Two threesomes ahead of Williams and Farrell, Turnesa brought his 73-73-74-74—294 to the clubhouse just as the sun set. Williams, Farrell and Ciuci, playing together in the final threesome, were overtaken by darkness on the seventeenth green. The moon came up and it was virtually impossible to see the eighteenth hole flag in the dusk.

PLAY IN DARKNESS

The word came back that Turnesa had gone in with a 294. Farrell needed a par four to tie for the championship, and Williams and Ciuci needed birdies. It was so dark they had to put a white handkerchief on the cup to guide the putting eye. Farrell misjudged the distances, over-running the cup on his putt, and took a 5. Ciuci and Williams took dazzling par fours, but the title was already in Turnesa's bag.

Wear to Resign As Chairman of Davis Cup Body

NEW YORK, Jan. 5 (AP).—The New York Times says: Joseph W. Wear, of Philadelphia, will resign as chairman of the Davis Cup Committee of the United States Lawn Tennis Association because of pressure of business.

Wear announced his intention of quitting the Davis Cup post in a telephone conversation with the newspaper from his home in Philadelphia.

The Davis Cup chairman has not presented his resignation to the U.S.L.T.A., the newspaper says, but has announced his intention to do so.

He will also suggest Fitz Eugene Dixon as his successor. Dixon was nonplaying captain of the 1930 Davis Cup team and is a member of the Davis Cup Committee.

Norman Smith Will Try For Speed Record

SYDNEY, N.S.W., Jan. 5 (AP).—Norman "Wizard" Smith hopes to hit a 300-mile clip on the beach of North Auckland in March when attempting a world's auto racing record, here.

Smith's racer is nearing completion. It has a twelve-cylinder, 1,700 horsepower engine of the Napier Schneider cup type lent by the British Government under a pledge of secrecy. Smith is as famous in Australia as Wing Commander Charles Kingsford-Smith is famous as an airman, but there is no relationship between them.

NEWMAN AND DAVIS START CUE MATCH

Winner Will Meet Walter Lindrum in Final of International Tournament

LONDON, Jan. 5 (CP).—Tom Newman and Joe Davis, billiard professionals, today commenced a fortnight's play to decide which of the two shall meet Walter Lindrum, the Australian wizard of the cue, in the final of the international tournament.

Starting with free leads of 7,000 points, Newman closed with 9,393 points today, and Davis with 8,110 in play.

Lindrum, Newman, Davis and McConachy, of Australia, entered the international series months ago and played six matches. McConachy lost all six and dropped out. Lindrum started each match from scratch; the others from the 7,000-mark, and the three leaders finished close together.

Duncan Grass Hockey Squads Chalk Up Wins

DUNCAN, Jan. 5.—Saturday, the final day of the Up-Island hockey tournament, played on the sports ground of Queen Margaret's School, produced some excellent sport. Four matches were played against teams from the University of British Columbia, and in each of these the locals were successful.

In the afternoon, Queen Margaret's School met and defeated the girls' team from the university by a 2-0 score, following which a mixed match was played between the School and Varsity, resulting in a 4-2 win for Queen Margaret's.

ENGLAND GAINS DRAW WITH S.A. IN SECOND TEST

Crippled Touring Cricket Squad Pulls Match Out of Fire

HAMMOND MAKES SPLENDID STAND

CAPETOWN, South Africa, Jan. 5 (CP).—On a crumbling wicket, the crippled English team managed to last long enough to draw the second cricket test match with South Africa today. The South Africans won the first test match which was played at Johannesburg. Three more are to be staged. Scores in the match ending today were: South Africa, 513 for eight wickets, declared; England, first innings, 350; second innings, 252.

England faced the chance of a single innings defeat this morning, but Hammond, first in partnership with Wyatt, then with Leyland and last with Hendren, put up such a sturdy stand that England in their second innings successfully passed the South Africa first innings score and held on till all danger of defeat was passed. Hammond scored an invaluable 65.

Play took place today in very hot weather and before only the small crowd of 3,000.

Two Deadlocked In Monthly Meet At Oak Bay Club

Finishing one down to Old Man Par, H. G. Garrett and Jack Matson divided first-place honors in the fourth monthly competition at the Victoria Golf Club on Sunday. Garrett had a handicap of eleven, while Matson's was six strokes less. Harold Haynes and Alex Watson were tied for second place, being two down at the end of the eighteen-hole jaunt.

Complete scores follow:

	Net	H'cap	Result
H. G. Garrett	11	1	down
J. R. Matson	3	1	down
Harold Haynes	7	2	down
Alex. Watson	5	2	down

Stan Haynes	9	8	down

ECONOMIC ENTENTE IN EMPIRE STRESSED BY AUSTRALIAN MINISTER

Continued from Page 1

to other units within the British Empire.

"There are many commodities which we buy in Australia, which we are now buying from foreign countries, which might be diverged to Canada. And we are definitely decided that we will swing this trade to you. In your turn, you may buy many commodities from us which you are now buying from foreign countries."

Mr. Moloney voiced an earnest appeal for Canadian business men to visit Australia.

EXTENDS WELCOME

In welcoming, on behalf of the Provincial Government, Australia's minister and his party to British Columbia, Hon. J. W. Jones, Minister of Finance, indicated something of the tremendous possibilities of trade development across the Pacific. Particularly did he stress the opportunities that existed for interchange of trade between Canada and Australia.

He reviewed the start of commercial relations between the two Dominions, recalling how in the early sixties British Columbia exported her first offshore cargo of lumber to her sister state in the South Pacific. In those days, he said, the total value of lumber exports from the twelve operating sawmills was $130,000. There were now 450 mills, with an annual output of $85,000,000.

He recalled the gloomy predictions of those who, half a century ago, could see no commercial possibilities for this province, and contrasted their restricted views with the fact that the four major natural industries of the province produced goods to the value of $226,000,000 last year. Included in the production figures of mining were $11,000,000 paid out in dividends.

There was still another industry—a growing one—that was not included in the total that he gave. It was the tourist trade, which last year approximated $80,000,000 in new wealth to the province.

"It is a source of gratification to us to learn that there is a fair prospect that the treaty entered into between Australia and Canada in 1925, may be possibly widened in its scope. This is, indeed, a consummation devoutly to be wished. British Columbia and Australia have benefited to a considerable degree from the preferences existing under the previous treaty, and we will each benefit to a larger extent in direct proportion to the widening of the preferences granted to the Commonwealth and Dominion. This, I think you will agree, is only fit and proper, because there never were two countries which are complementary to each other in trading as are Canada and Australia," continued Mr. Jones.

INDIVIDUAL NEEDS

"We produce many things in Canada which Australia does not produce but which she consumes in substantial quantities, notably canned salmon, of which Australia imported in the last year for which figures are available, something like $3,500,000 worth. Canada supplied slightly over half of this, but would very gladly welcome an opportunity of supplying Australia's total requirements, as she is quite capable of doing.

"Figures also indicate that Australia is also a substantial importer of onions, a very large proportion of the imports coming from Japan. Perhaps, then, I may be voicing a harmonious note in expressing the hope that onions are not overlooked in the negotiations recently concluded.

"Then, in the case of probably our greatest natural asset, timber, Australia imports her total requirements of softwoods, running into several million pounds sterling in value annually. Relatively a small proportion of this comes from Canada, and it is also our hope that some arrangement can be worked out whereby we may secure a more favorable trading basis in Australia for our softwoods.

PREFERENCE VALUED

"Analagous to timber are pulp and paper," continued the Minister of Finance. "We have enjoyed and benefited greatly by the preference of three pounds sterling per ton extended to our newsprint in 1925. We hope that this will be continued and even extended to include certain other of our paper products as well as our pulp, which latter commodity, we notice by Australian statistics, is purchased almost entirely in the Baltic countries. We have unlimited resources of raw materials in our standing timber in British Columbia and can give positive assurance to our friends in Australia that, should we be favored with the preference suggested, there is no question whatever about our ability to supply same in any quantity and in any variety.

"We are also hopeful that something may be worked out to permit of a limited exchange of some of our fresh fruits. British Columbia produces annually some four million bushels of apples and obviously has, and always will have, a considerable surplus for export. Unfortunately, since 1922, we have not been able to ship any apples to Australia, and we would greatly appreciate the working out of any arrangement which, without interfering with the arrangements of Australian producers, would allow us to ship some apples into Australia during certain seasons of the year.

TWO-WAY TRADE

"Conversely, Australia produces many things which Canada does not produce, and it is desirable from every point of view that, wherever possible, these requirements should be purchased from Australia or other inter-Empire sources. For instance, take the case of dried fruits. We believe that Australia's experience, in the short time that reciprocal relations have been established, has not been dissimilar to our experience with newsprint in that a special market has been found in Canada for her currants and raisins. There is every desire on the part of consumers to purchase Australian dried fruits, as it has been recognized that these are not only equal to but, in fact, the superior of those previously supplied to the Canadian market from foreign sources.

"Again, in certain lines of canned fruits, Canada cannot supply her own requirements completely, and it is, therefore, likewise natural, not only from sentimental reasons but from the hard-headed business point of view, that the excellent canned fruits obtained in Australia should be given access to the Canadian market on favorable terms," Mr. Jones said.

"The list could be extended almost indefinitely, because Australia is a largely subtropical country and capable of supplying us with hardwoods, rice, sugar, citrus fruits and many like products, which we not only do not now produce, but probably never will produce in this country."

Burgess Bedtime Stories

Jerry Muskrat Is Disturbed

—By THORNTON W. BURGESS—

Suspicions must be always rife
With those who daily fight for life.
—Old Mother Nature.

All the smaller people of the Green Forest and the Green Meadows, and some of the larger ones for that matter, fight for life every day. I do not mean by this that they fight with teeth and claws every day. Goodness, no! I mean that in order to live they have to be everlastingly on the watch for enemies, that they have to be constantly hunting for food, and that they never can afford to be forgetful, careless or too confident. Otherwise they are not likely to live long. Is it any wonder that they are naturally suspicious?

Jerry and Mrs. Muskrat had had a very pleasant and comfortable Summer. They had been busy, very busy. You see, they had reared no fewer that three large families of children since last Spring. Most of these children, excepting the last ones, had gone out by way of the Laughing Brook and the Big River to make their own way in the Great World. The youngest children were still living around in the Smiling Pool or along the Laughing Brook. Two or three of them might spend the Winter with their parents in the big comfortable house Jerry and Mrs Jerry had built in the Smiling Pool. Now that the children no longer needed care, Jerry and Mrs. Jerry were preparing for Winter, but at the same time getting a well-earned rest.

"Do You Mean Farmer Brown's Boy?" Asked Mrs. Jerry

"My dear," said Jerry one day as he and Mrs. Jerry were looking over the roof of their house to see if it needed strengthening, "have you noticed that lately one of those two-legged creatures has been around here quite often?"

"Do you mean Farmer Brown's boy?" asked Mrs. Jerry.

Jerry shook his head. "No," said he. "I don't care how often Farmer Brown's boy comes around. This is a stranger, and I don't like it. No, sir, I don't like it. No, sir, I don't like it."

"Now you speak of the matter, I have noticed this stranger," replied Mrs. Jerry, "but I haven't paid much attention to him. What harm can he do?"

"That is what I want to know," replied Jerry. "Perhaps he doesn't mean any harm at all. However, I have noticed that he never visits the Smiling Pool or the Laughing Brook when Farmer Brown's boy is about, and I don't like the looks of that."

"Are you afraid of him?" asked Mrs. Jerry with a sly look, for she likes to tease Jerry.

"No, I'm not afraid of him! Certainly not!" retorted Jerry. "I mean I am not afraid of him for myself. I'm thinking of the children. They have a lot to learn yet, and they have had no experience with these two-legged creatures as you and I have. I wish this one would stay away from here. I believe I see him now down the Laughing Brook."

Mrs. Jerry looked in that direction and sure enough there was a boy, the stranger she had seen before. He appeared to be very busy searching for something along the bank of the Laughing Brook. He examined every log that lay partly in the water and every low place along the bank. Jerry Muskrat grew more disturbed as he watched.

"He hasn't a terrible gun," said Mrs. Jerry.

"If he had you and I wouldn't be sitting here," replied Jerry dryly.

"Well, as long as he doesn't bring a gun, I don't see why we should worry," declared Mrs. Jerry.

"What about traps?" asked Jerry.

"Traps!" exclaimed Mrs. Jerry in a startled tone. "Traps! What under the sun put traps into your head?"

"As long as they are in my head and not along the Laughing Brook or around the Smiling Pool it is all right," grinned Jerry. Then his face grew sober again. "Perhaps there is nothing to worry about, but just the same I wish that fellow would stay away from here," he added.

The next story: "Jerry Gives a Warning."

TWO CAPTURED SINGLEHANDED BY CONSTABLE

Continued from Page 1

Constable Belcher said:

"As the car started up I stepped into the middle of the road and called to the driver to stop. The car swerved past me to the right, but I could not get the number. I fired my revolver into the air and the car did not stop, so I fired two shots at it. The car then turned south on Government Street.

"A few seconds later a taxi came by. I hopped aboard and told him to follow the other car. We chased it along Government to Humboldt, then up to Burdett, along Quadra Street to Fort, east to Cook Street, then to Mears Street, along Mears Street to Vancouver Street, through a gas station to Fort Street, round the same block again to Quadra Street and then back to Fort Street, along to Cook Street and back of Mears Street to the gas station at the corner of Fort and Vancouver Streets. The car went into the gas station and stopped.

TELLS OF ARREST

"I jumped out of the car and saw McKinnon standing facing me with a shotgun in his hand. I said, 'Come on now, I've got you covered,' and he replied, 'Don't come another step closer.' I stepped back and said, 'Are you going to come quietly?' He said, 'Who is it?' and I replied, 'The police.' Then he laid the gun aside and I arrested him. I found Woods lying on the front seat of the car, a coupe," he concluded.

Constable Belcher further related how, during the chase, he fired shots at the fleeing car, and that at the time of the arrest his revolver was empty. The gun taken from McKinnon had one discharged cartridge, the constable stated.

SECOND WITNESS

The second witness for the prosecution was Joyce Allen, manageress at the Station Hotel. She told the court how two men, whom she thought were the accused, came to her door about 4 o'clock. They were intoxicated, she said.

"The dark man was argumentative, and I told him to get out before I put him out. I think it was the one called McKinnon. He said he did not have to go and then someone handed me an empty beer bottle. He kicked back at me on the stairway and I hit him on the head with the bottle. The fair man, who I think is Woods, came back and apologized, and after shaking hands on it left," witness said.

In continuing, witness stated that about ten minutes later she heard what she thought to be a car backfiring and then three detonations. She heard glass falling, but did not know until later that it was the glass in the hotel window. She was not in the room at the time, but the window broken was in the room where she had previously been talking to the two accused.

Asked by McKinnon how long she had been manageress of the place, witness replied for more than a year.

"Was I anything but a perfect gentleman that night?" asked accused Woods.

"No, you were a perfect gentleman," replied witness.

CORROBORATES EVIDENCE

In corroborating the evidence of Constable Belcher, Ralph Landsell, taxi driver, said that the car in which the two men were riding had been traveling at a speed from forty to fifty miles at times.

"When they were arrested the men were under the influence of liquor. They said they thought they were being chased by racketeers," he said.

Constable F. Woodburn told of searching Woods and finding eight shotgun shells on him. Chief John Fry testified regarding the damage done by the shot into the hotel. The window was broken and plaster taken off the ceiling, and it was apparent the shot was fired from the street, he said.

McKINNON TESTIFIES

Testifying on his own behalf, McKinnon said he had been out with Woods and two other men during the evening and on the way home called at the Station Hotel to "get a drink." He thought "another party" was managing the place, he said.

"The lady became hostile when we did not pay for the drink and she hit me on the head with a bottle," he continued. "We went down to the car and while Woods was looking for the keys I took the shotgun, which had fallen to the floor of the car and was putting in up behind the seat when it discharged."

"Almost at the same instant," he added, "two shots struck the car and we thought someone was shooting at us, so we drove away hurriedly. When we got onto Government Street we thought it was all right, but later a car chased us and two more shots were fired at us. When we finally had to stop we did not know who it was that was after us."

WOODS TAKES STAND

Woods followed McKinnon on the stand and testified on his own behalf. He told of leaving home at 11 o'clock with a shotgun, to go hunting at Langford Lake. He called on McKinnon at a downtown hotel, he said, and the pair decided to get a drink before leaving for Langford Lake. McKinnon stated that he knew a rooming-house where they could get a drink and charge it up, witness stated. They went to the Station Hotel and McKinnon went upstairs, coming down later and saying that everything was all right. Woods, at this point, said they had been drinking earlier in the day.

"We went upstairs and had the drinks, and when she asked for money, McKinnon said we didn't have any," said witness. He told of an argument following and of Joyce Allen hitting McKinnon with a beer bottle.

"I was intoxicated," continued witness, "and got into the car. After starting the car I gave it a heavy jerk when I was putting it in gear and that was responsible for the shotgun discharging," he continued.

After hearing the evidence Magistrate George Jay, with no comment, said he would give a decision in the case tomorrow.

C. L. Harrison, city prosecutor, conducted the prosecution. The accused were not represented by counsel.

SLIGHT QUAKE IN SOUTH

SAN FRANCISCO, Jan. 5 (AP).—A slight earthquake was felt here and at peninsula points at 1.43 a.m. today. No damage was reported.

ELEVEN KILLED IN ALPINE AVALANCHE

GRENOBLE, France, Jan. 5 (AP).—An Alpine avalanche near here took a toll of eleven French lives over the week-end.

Six Frenchmen died as they were engulfed by an avalanche in an Alps pass at the Franco-Italian frontier not far from Briancon, when a snowslide estimated at from 25 to 30 feet high crashed down upon them.

Near Moutiers, four young skiers from Paris, attempting to climb to Croix Des Freetes Pass, 8,800 feet high, are believed to have been overwhelmed by an avalanche. Nothing has been heard from them, although they should have been back long ago.

Two Paris students, Robert Jones and Robert Midy were skiing at a height of 8,000 feet, near Abciers, when they were caught in an avalanche. Jones managed to extricate himself, but his friend was buried under many feet of snow.

Canadian Welter Champion Defeats Gillespie Easily

TORONTO, Jan. 5 (CP).—Conditioning himself for defence of his Canadian welterweight title, Jackie Phillips, Toronto, easily outpointed Jack Gillespie, Detroit, in an eight-round bout which topped the Queensbury Athletic Club's card here tonight.

Gillespie was outclassed by the Canadian champion, who punched the Detroiter almost at will. Phillips scored a knockdown for no count in the last round, but was unable to solve Gillespie's awkward style to land the finishing blow.

Legation Is Stoned

VIENNA, Jan. 5 (AP).—Crowds of Jugoslav exiles and sympathizers stoned the legation of their country tonight in a demonstration on the eve of the second anniversary of the Jugoslav dictatorship of King Alexander.

Police dispersed the manifestants and arrested six after numerous windows were smashed.

THE DOT CARTOONIST, BY GEORGE BELL

"How'd you get mixed up with the earth, Ossie?" "I was sitting on top of the truck and someone pushed the lever and down I went. It was the slickest thing I ever . . ." (Kindly draw straight lines between the numbers.)

WHY IS IT CALLED "SING SING?"

Sing Sing, most notorious of all prisons, like many other reformatories throughout America and Europe, owes its name, though by a peculiar modification, to the town in which it is situated.

The original name of this town was Ossining, which is of Indian derivation. The first white settlers appropriated it, but soon corrupted it into Sing Sing, which became the official name of the town. And when the now famous (?) jail was erected it was christened Sing Sing.

Curiously enough, Sing Sing prison soon became too well known the world over, and the town's inhabitants did not relish the odious association. So, some years ago, the powers that be changed the name back to the Indian Ossining, by which it is known today. But Sing Sing has stuck.

The small, nervous husband was having an unpleasant interview with the large, muscular cook whom he was reprimanding on account of her numerous breakages.

"Look 'ere," said she, "you can't frighten me—I'm a 'dreadnought' that's what I am!"

"Well," replied the other, looking at the heap of broken china, "I would rather say—er—that you are a destroyer!"

LABOR MUST BE SHOWN HOW TO ASSUME LOAD

Mayor Anscomb Speaks Plainly at Luncheon Meeting

MRS. NORTH ENCOURAGES CO-OPERATIVE ACTION

"Labor must assume more and more responsibility for itself," said Mayor Anscomb, in the course of a short address yesterday, when he and his fellow members of the City Council, together with the members of the school board and police commission, where guests at the luncheon of the Gyro Club.

"It is unreasonable to suppose," continued His Worship, "that labor can always come to capital during periods of industrial depression, sit on the latter's doorstep, and ask for relief. If the working man refuses to make provision for the future of his own free will, it must become the duty of the Federal Government to compel him to do so by some form of legislation as the Workmen's Compensation Act.

"In saying this I would like to append a rider that I class myself as laborer, and that I feel the sentiments which I have expressed apply to myself no less than to any other working man," added Mayor Anscomb.

ECONOMIC CONDITION

While the present economic condition was undoubtedly grave, continued the speaker, there was nothing to be gained by despondency. The same situation had existed in 1912, 1913, 1914 and 1921, and would wear itself out most quickly if every effort was brought to bear to meet it courageously.

His Worship expressed his thanks for the excellent public service rendered by the Gyro Club, making especial mention of the club's activities in the direction of the Children's Aid under the leadership of Harold Butress, and of the voting by the club of $100 to the fund for providing clothing for the children of the unemployed.

MRS NORTH SPEAKS

Mrs. J. North, newly-elected police commissioner, spoke a few words of thanks to her hosts. She expressed her appreciation of the work don by service clubs, but added that, if these were organizations which were joined for purely selfish reasons, it would be better if they did not exist.

It was such a gathering as this she said, which realized that the only way to successful service was to work religiously for the common end.

Magistrate George Jay, chairman of the City School Board, expressed the thanks of the trustees to members of the club. The work of the board, he said, was no sinecure. It had always been a matter of pride among the school boards throughout the province that trustees received no remuneration, and, whenever the matter had been put to the vote the advisability of pecuniary emolument had been overruled.

EFFICIENT TEACHERS

Victoria, continued Mr. Jay, was exceedingly fortunate in having a highly efficient staff of school teachers. The board was responsible for about 250 employees, of whom 205 were teachers.

Bert Sibbald undertook the office of sergeant-at-arms at yesterday's meeting and preferred various humorous charges against the guests. Mrs. North was warned to "temper the cold North wind lest she ruin the climate of Victoria."

World Famous Stories

ON GETTING HUSBANDS

By OLIVER GOLDSMITH

(Oliver Goldsmith, 1728-1774, was a well-known English writer of the 18th Century. The present selection is from "The Citizen of the World," a collection of letters supposed to be written by a Chinese visiting London.)

As the instruction of the fair sex in England is entirely committed to the care of foreigners; as their language masters, music masters, hair frizzers, etc., are all from abroad, I had some intentions of opening a female academy myself—to instruct the ladies in all the conjugal mysteries. Wives should be taught the art of managing husbands, and maids the skill of properly choosing them. I would teach a wife how far she might venture to be sick, without giving disgust. Maids should learn the art of nicely distinguishing every competitor—they should be able to know the difference between a pendant and a scholar, a citizen and a prig, a squire and his horse, a beau and his monkey. But chiefly, they should be taught the art of managing their smiles, from the contemptuous simper to the long laborious laugh.

But I have abandoned the idea, for what would signify teaching ladies the manner of governing or getting husbands, when marriage is at present so much out of fashion that a lady is very well off who can get any husband at all? Celibacy now prevails in every rank of life. The streets are crowded with old bachelors, and the houses with ladies who have refused good offers, and are never likely to receive any for the future.

The only advice, therefore, I could give the fair sex, as things stand at present, is to get husbands as fast as they can. There is certainly nothing in the whole creation, not even Babylon in ruins, more truly deplorable than a lady in the virgin bloom of sixty-three, or a battered unmarried beau, who squibs about from place to place, showing his wig and his ears. The one appears to my imagination in the form of a double nightcap; the other in the shape of a box of pills.

I would once more, therefore, advise the ladies to get husbands. I would advise them not to discard an old lover without very sufficient reasons, nor treat the new with ill nature, till they know him false. Let not prudes allege the falseness of the sex, coquettes the pleasures of long courtships, or parents the necessary preliminaries of penny for penny. But let me tell, as a case in point, an Indian tale:

In a winding of the river Amidar, just before it falls into the Caspian Sea, there lies an island, unfrequented by the inhabitants of the continent. In this seclusion, blessed with all that wild, uncultivated nature could bestow, lived a princess and her two daughters. She had been wrecked upon the coast, while her children as yet were infants, who, as a consequence, though grown up, were entirely unacquainted with man.

Yet, inexperienced as these young ladies were in the opposite sex, both early discovered symptoms, the one of prudery, the other of being a coquette. The eldest was ever learning maxims of wisdom and discretion from her mother, while the younger employed her hours in gazing at her own face in a neighboring fountain.

Their unusual amusement in this solitude was fishing. Their mother had taught them all the secrets of the art; she showed them which were the most likely places to throw out the line, what baits were most proper for the various seasons, and the best manner to draw up the finny prey, when they had hooked it.

In this manner they spent their time, easy and innocent, till, one day, the princess, being indisposed, desired them to go and catch her a sturgeon or a shark for supper, which she fancied might sit easy on her stomach. The daughters obeyed and clapping on a goldfish, the usual bait on those occasions, went and sat upon one of the rocks, letting the gilded hook glide down with the stream.

On the opposite shore, farther down, at the mouth of the river, lived a diver for pearls, a youth who, by long habit in his trade, was almost grown amphibious. He could remain whole hours at the bottom of the water, without ever fetching breath. He happened to be at that very instant diving, when the ladies were fishing with the gilded hook.

Seeing the bait, which to him had the appearance of real gold, he was resolved to seize the prize. But both his hands being already filled with pearl oysters, he found himself obliged to snap at it with his mouth. The consequence is easily imagined: the hook, before unperceived, was instantly fastened in his jaw, nor could he, with all his efforts or his floundering, get free.

"Sister," cried the youngest princess, "I have certainly caught a monstrous fish. I never knew anything to struggle so at the end of my line before."

They both fished up the diver on shore, but nothing could equal their surprise on seeing him.

"Bless my eyes!" cried the prude, "what have we hear? This is a very odd fish, to be sure. I never saw anything in my life look so queer—what eyes, what terrible claws, what a monstrous snout! I have read of this monster before. It certainly must be the one that eats women—let us throw it back again into the sea."

The coquette ventured to contradict her companion.

"Upon my word, sister," she said, "I see nothing so very terrible in the animal. I think it may serve well enough for a change. Always sharks and sturgeons and lobsters and crawfish make me quite sick. I fancy a slice of this, nicely grilladed and dressed up with shrimp sauce, would be very pretty eating. I fancy mother would like a bit with pickles above all things in the world. If it should not sit easy on her stomach, it will be time enough to discontinue it, when found disagreeable, you know."

"Horrid!" cried the prude, "I tell you it eats women—I have read of it in twenty places. It is described as being the most pernicious animal that ever infested the ocean. It is certain death if taken internally."

So they threw him back, or rather let dive dive back. Just then the mother came down and learning of what they had done she said:

"Alas, my children, what have you lost? The fish you caught was a manfish—one of the most tame domestic animals in the world. We could have let him run and play about the garden, and he would have been twenty times more entertaining than our squirrel or monkey."

"If that is so," said the coquette, "I'll fish for him again. I bet I catch him whenever I please."

Accordingly, they threw their line once more, but with all their gilding and paddling, and efforts, they could never after catch the diver. In this state of solitude and disappointment they continued for many years, still fishing, but without success. At last some fairy changed the prude into a shrimp and the coquette into an oyster.
